Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

In Memorium.

Silent and slow was the tread of the grim reaper death, as he entered the home of our Brother and Sister Sheldon, a few days ago and plucked their fairest flower, their little daughter Sattie. In the early dawn of the Sabbath morning her spirit soared to the heights beyond.

"There is no flock however watched and tended,
But one dead lamb is there;
There is no freestone however defended,
But has one vacant chair."

A fine and loving child has been called from our midst; a bright little pupil has been taken from the Sunday school to her home over there.

A chair is vacant at the fireside which will never be filled, and never again will her voice ring out in merry song or sweet laughter; but she shall walk forever on those streets of gold and sing the songs of Zion about the throne of God.

It will be long before the heartache and bitterness will pass away, but God's comfort will abide with the stricken ones, and overshadow them, and the promises of a grand reunion will cheer the heart-broken family while the remembrance of smiles and loving deeds which she strewed along the way during her eight short years will be a beam of light to their mourning hearts.

Rev. Blackwell spoke words of consolation to the sorrowing ones and the body was laid to rest in the Red Cloud cemetery.

Little hearts forget not stainless,
Little hands as pure as tiny,
Little feet by angels guided,
Never a forbidden way?
They are going, ever going,
Leaving many a lonely spot,
But 'tis Jesus who has called her,
Suffer and forbid him not.

Heart Disease Kills

Suddenly, but never without warning symptoms such as the sick, weak or thumping heart, irregular or hurried action, faintness, dizziness or palpitation of the heart, or giddiness, or shortness of breath, swelling of feet and ankles, etc.

**Dr. Miles' Heart Cure,
Cures Heart Disease.**

Mr. Geo. L. Smith, of the Geo. L. Smith Mantel Co., Louisville, Ky., writes Feb. 25, 1894: "For about a year I was a terrible sufferer from heart trouble, which got so bad I was obliged to sit up in bed to get my breath. I had to abandon business and could hardly crawl around. My friend, Mr. Julius C. Voght, one of our leading pharmacists, asked me to try Dr. Miles' Heart Cure. I had used little more than a bottle when the pain ceased and palpitations entirely disappeared. I have not had the slightest trouble since, and today I am attending to business as regularly as ever."

STUNNER.

My little boy, when two years of age, was taken very ill with bloody flux. I was advised to use Chamberlain's Colic, Cholera and Diarrhoea Remedy and luckily procured part of a bottle. I carefully read the directions and gave it accordingly. He was very low, but slowly and surely he began to improve, gradually recovered, and is now as stout and strong as ever. I feel sure it saved his life. I never can praise the remedy half its worth. I am sorry every one in the world does not know how good it is, as I do.—Mrs. Lina S. Hinton, Grahamsville, Marion Co., Florida. For sale by Deyo & Grice.
