It is said that Candidate Beyon never fails to eatch a train. If that is true Mr. Bryan is much better at eatching trains than at catching votes -Kansas City Journal.

a curious light has been thrown on the profile of street singers in Paris by a wild lark in which some amateur vocalists in iniged lately. Disguised in dilapidated clothes, one pesing as an Arab, they made the tour of the Grand boulevards, singing before the cafes, and in one day cleared 191 france (\$24). to which they added another 62 franca (12) the same night, by taking in the Latin quarter. Their stock in trade was a Gascon song, which the public took for a native Arab mir, and a sentimental French ballad.

-Toronto was the name of an Indian willage when Gov. Sincoe made it the capital of Upper Canada in 1794, and named it York. There the seat of the provincial government remained until 1841, when Upper and Lower Canada (now Ontario and Quebee) formed a legislative union. When the confederation was formed in 1867, Toronto. the name by which York had been known since 1834, became the permanent seat of government for Ontario.

-The best American rallways are run more efficiently than any others on earth. It has even been proved that an American road, thoroughly equipped, will carry a greater weight with the same power than an English owned and managed road. In this case the advantage lay in the American method of arranging the load and of applying the power.

Many are the uses to which the cactus is put, but one of the queerest is that which prevails in Cape Town, South Africa, where cactus leaves are cards. The leaves of the special kind of cactus used for this purpose are not 11:00-Praise service. very prickly, however, and furthermore, these unique cards are not carried about, but are left growing on the plant which stands at the foot of the front steps. When a lady calls she has only to take out her hatpin and scratch her name on the glossy surface of one of the leaves, while a gentieman accomplishes the same end with his knife. The lines thus scratched turn silver white and remain clear and distinct on the leaf for years. New Year's day these cactus cards are particularly convenient, and popular hostesses often appropriate a large branch of their cactus plant to the registry of visits received that day. -St. Louis Globe-Dem

Mr. Bryan said at Milwaukee, with his inevitable "My Friends," "The question before the country now appeals to the old soldier as much as it did in 1861." It is a very badly constructed sentence for a Boy Orator, Journal, The question now before the country didn't appeal to the old soldier in 1861; it wasn't the same question at all; and the soldier wasn't old then. But Mr. Bryan is right when he assumes that the veteran will take an interest in the question now before the country; and Mr. Bryan may be sure that the veterans will also take an interest in his congressional record, with reference to pensions; Bryan proved himself a very lukewarm friend to the old soldier, and a luxewarm friend is an enemy in disguise. Don't worry about the old soldiers overlooking the issues of the campaign, Mr. Bryan; in the winter of his life he will not forsake the only party that ever showed appreciation of or gratitude for his heroism in the black days of the war.
