Growing Children

One-third of all the children die before they are five years old. Most of them die of some wasting disease. They grow very slowly; keep thin in flesh; are fretful; food does not do them much good. You can't say they have any disease, yet they never prosper. A slight cold, or some stomach and bowel trouble takes them away easily.

SCOTT'S EMULSION of Cod-liver Oil with Hypophosphites is just the remedy for growing children. It makes hard flesh; sound flesh; not soft, flabby fat. It makes strong bones, healthy nerves. It changes poor children to children rich in prosperity.
Beware about it free for the asking. No substitute for Scott's Emulsion will do for the children what we know Scott's Emulsion will do. Get the genuine.
For sale by all druggists at 50c. and \$1.00.

For a long time past we have heard many kicks registered in regard to the poor service that is given in regard to the lighting up of the platform at the B. & M. depot here. A headlight is furnished by the company and is duly lighted each night by the employes here, so that there is no complaint to find against them, but the headlight is in such poor shape that it gives little more light than a lantern. It does seem that the company would look after the interests of its patrons here enough to supply a good reflector of some kind and place it in such a position that it will light the space at least around the passenger cars so that people may recognize friends getting off incoming trains. It will cost no more to keep a good light than it now does to maintain what they have.

When your stomach begins to trouble you, it needs help. The help it needs, is to digest your food, and, until it gets it, you won't have any peace. Stomach trouble is very distressing, very obstinate, very dangerous. Many of the most dangerous diseases begin with simple indigestion. The reason is that indigestion (not-digestion, not-nourishment) weakens the system and allows disease germs to attack it. The antidote is Shaker Digestive Cordial, strengthening, nourishing, curative. It cures indigestion and renews strength and health. It does this by strengthening the stomach, by helping it to digest your food. It nourishes you. Shaker Digestive Cordial is made of pure herbs, plants and wine. It is perfectly harmless and will certainly cure all genuine stomach trouble. Sold by druggists, price 10 cents to \$1.00 per bottle.
