### The Pops Hold Forth at Inavale.

The people of this city were much pleased to hear that there was going to be populist teachings at the school house last Saturday evening, and quite a number of women and children turned out to hear them, also a few men, (sixteen voters by actual count, including the speaker, eleven pops and five republicans) but they were largely in the minority. As it was given out that Prof. Wilson would speak, THE CHIEF correspondent went early and secured a reserved seat. After waiting quite an unreasonable length of time the professor came, accompanied by his staff, viz. the ladies' Bryan quartet and Boss Walsh, who seems to be more of a favorite among the ladies than his partner, Richmond. James Populist Hale took the chair and called on the quartet to sing, which they did very creditably to themselves, after which a large, bold-faced man was introduced to the audience as Professor Wilson.

The professor commenced his harangue by announcing that he was a republican, an Abraham Lincoln republican, and saying further that the aforementioned Abraham Lincoln was at that moment looking down in deep sympathy with the free silver cause. From this he ran off into horse thieves and tarried on that subject for some time.

After looking at notes (you extracts from Bryan's speeches he again entered the silver question as a struggle along for a time until he was completely lost, which he began asking an irrelevant question, "What is the value of silver?" and then he asked the audience called him down and he had to resort to Bryan's speeches.

After he had hammered away for about an hour Boss Walsh gave him a swift look and he subsided, but not until he had given the audience to understand that he was a great scholar and had given them some points on some eight or ten different branches of study, including philosophy.

Boss Walsh sat near with ready hands to start the cheering at the right moment, but somehow the people failed to respond. More especially was this noticed when the Prof. was telling them about the crime of '73. Some of the poor ignorant people up here whom this great man would teach wonder why such a scholar as he is should stick to the republican party and know nothing of the crime of '73 until 23 years afterward, and then have to be told by Billy Bryan.

The Prof. is no doubt a smart man, probably a good teacher in public schools, certainly a gentleman, but as a public speaker he is the most hideous failure that it has ever been the lot of the Inavale people to hear, and the republicans are only hoping that he will be kept at it until he turns every pop vote to the republican side. Surprise is everywhere manifested, however, that a principal of schools, a man supposed to be strictly non-partisan in his teachings, should be going out into the field and laboring for free silver and repudiation. It will be well for the people of Red Cloud who do not want their children's minds polluted to look well after this man. Geo. McCrary had better look out too, or he will not receive the nomination for county superintendent again with this man in the field of politics.

As soon as the Prof. sat down Mr. Windy Jennings Vance immediately rose and turned himself loose on the political question without even as much as saying, by your leave. He made one or two rank statements that were immediately contradicted by old republicans, but after recovering from them he soared still higher and wider waving his arms around remarked, "In 1892 the republicans put a plank in their platform in favor of sympathy for home rule in Ireland that pleased me, later the democrats introduced a similar plank that pleased me, but now (here he grew very tragic) am in favor of home rule in this country." At this point he gasped for breath, and Lou Olmstead who was sitting quite near remarked quite audibly, "You forget you are married Jim." This was too much for James. He got so red that even his hair and whiskers turned red and he quietly sat down amid the applause that followed.

After the Bryan quartet had sang another sweet ditty they proceeded to organize a Bryan club by electing Chas. Townsend, J. P. Hale and J. W. Vance chairman; A. B. Ward, secretary, and H. H. Holdredge, treasurer. Wm. Irons got disgusted and left before the meeting was out, leaving only ten to join the Bryan club, five besides the officers. They agreed to meet every Tuesday evening, Boss Walsh agreeing to send a speaker, but they were careful not to invite Prof. Wilson again.

As they closed Henry B. Simons proposed three cheers for Bryan but he could not say farther, for up here they don't know whether they are for Sallow or Watson. The cheers were faintly given but were completely drowned out by cheers for McKinley and the other crowd.

STATE CREEK.  
Good health in our parts at present. Our creek was well presented at Lebanon on last Thursday at the anniversary.

## His Lip Gone.

M. M. Nicholson, who lives at the corner of Curran and Anderson Sts., Atlanta, Ga., had a cancer for years. It first appeared on his lip and resembled a fever blister, but spread rapidly and soon began to destroy the flesh. His father and uncle had died from Cancer, and he sought the best medical aid in different cities, but it seemed impossible to check the disease. Several operations were performed but the cancer always returned. This continued for years until the partition in his nose and his entire upper lip were eaten away. All treatment having proved futile, he looked upon death as the only relief.

"Some one recommended S.S.S.," he says, "and a few bottles afforded some relief, thus encouraged I continued it, and it was not long before the progress of the disease seemed checked. I persevered in its use, and remarkable as it may seem, I am completely cured, and feel like I have new life. S.S.S. is the most remarkable remedy in the world, and everyone will agree that the cure was a wonderful one."

## A Real Blood Remedy.

Cancer is in the blood and it is folly to expect an operation to cure it. S.S.S. (Sanguinaria Purpurea) is a real remedy for every disease of the blood. It is sold by all druggists.

The Shakers never have indigestion. This is partly owing to their simple mode of life, partly to the wonderful properties of Shaker Digestive Cordial. Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Fads in Medicine.

There are fads in medicine as in everything else and a "new thing" frequently sells for a short time simply because it is new. But in medicine, as in nothing else, the people demand and will be satisfied only with positive, absolute merit. The fact that Hood's Sarsaparilla has stood its ground against all competition, and its sales have never wavered but have remained steadily at the top, demonstrates, beyond any doubt, the intrinsic virtues of this medicine. The new things have come and gone but Hood's Sarsaparilla rests upon the solid foundation of absolute merit and its power to cure, and its sales continue to be the largest in the world.

A GOOD PRACTICE.  
If You Want a Good Appetite and Perfect Digestion.

After each meal dissolve one or two of Stuart's Dyspepsia Tablets in the mouth and, mingling with the food, they constitute a perfect digestive, absolutely safe for the most sensitive stomach.

They digest the food before it has time to ferment, thus preventing the formation of gas and keeping the blood pure and free from the poisonous products of fermented, half-digested food.

Stuart's Dyspepsia Tablets make the complexion clear by keeping the blood pure.

They increase flesh by digesting flesh-forming foods.

Stuart's Dyspepsia Tablets is the only remedy designed especially for the cure of stomach troubles and nothing else.

One disease, one remedy, the successful physician of to-day is the specialist, the successful medicine is medicine prepared especially for one disease.

A whole package taken at one time would not hurt you, but would simply be a waste of good material.

Over six thousand men and women in the state of Michigan alone have been cured of indigestion and dyspepsia by the use of Stuart's Dyspepsia Tablets.

Sold by all druggists at 50 cents per package.

Send for free book on stomach diseases to Stuart Co., Marshall, Mich.

General Kelloy who traveled from California during the commonwealth army or Coxy craze spoke at the court house here Thursday night. During this craze the populists thought that this was just the stuff but as Mr. Kelloy does not believe in their now craze—silver—they can't see any good in him. Those who were present say that he is a man of intelligence and a good speaker.
