Congressional. For Congress Fifth District, W. E. ANDREWS.

County.

For Representative 44th district, IRVING W. CRARY. For Representative 46th district, SCOTT PHILEO. For County Attorney, RANDOLPH McNITT.

McNitt knows what the Leader means by "a hat-full of nails." No, Joe, you will have to get the nails from A. D. Rannay or his backers this time.

It is now about time for the county to have a county attorney. From the news we receive from all parts of the county it is evident that the majority of voters are of our opinion and will vote for Randolph McNitt.

We understand that the populist scheme to have a speech in every school house in the county before election has been abandoned. Chairman Jack didn't know how many school houses republican legislation had put into the county.

Who would you rather have to try your accounts, a gentleman who never did more than to observe a mortgage, or a gentleman who never lost a case at the last term of court and was engaged on one side of all but two? If the latter, vote for McNitt.

Populists say that protection has fostered trusts among rich monopolies, yet they want a far greater protection offered to the silver millionaires, who won't form trusts. When was a rich silver man made different from a rich gold man? The end is the same.

The real fact about protection is that when the tariff limit has been reached and protection continues to increase that the price of goods is inflated and the people are made to pay for the goods at a price that is not warranted by the cost of production.

J. A. Phipps will give the names of all the votes in Harlan county.

regardless of politics. Mr. Piper is entitled to great credit for his administration of the office of secretary of state and the voters of Nebraska appreciate efficient public service. Vote for Piper and secure an intelligent and faithful public officer.

Populists complain of being abused and called anarchists by republicans. That is a very strange thing taken in connection with the fact that the present populist candidate for county attorney applied the same epithet to those of his political brethren who could not pay the insurance notes he held against them on account of crop failures.

The last session of the legislature, being republican, was in favor of the investment of the permanent school fund in state warrants. They were prevented from enacting that it should be done by the opinion of the attorney general that such a law would be unconstitutional. They then proposed to submit an amendment to the constitution, which has been done, and the amendment is pending at the present election. If you want the permanent school fund invested in state warrants so that the thing can be done properly.

The "Rube from Red Cloud" (quoting from the Rannay organ of Blue Hill) is certain that he will be a gentleman towards his opponent and a credit to the campaign. Randolph McNitt has no epithet to hurl at A. D. Rannay, and being called a "Rube" will not damage him half so much as it will injure its sponsor, Mr. A. D. Rannay. By the way, did you ever reflect, Joe, that the proper spelling of the word you intended is "Reuben" and that Reubens was a very successful painter? If you meant to indicate success by the epithets, we extend thanks for Mr. McNitt.

Comfort to California.

It is carpeted, upholstered in rattan, has spring seats and backs and is provided with curtains, bedding, towels, soap, etc. An experienced excursion conductor and uniformed Pull man porter accompany it through to the pacific coast. While neither as expensively finished nor as fine to look at as a palace sleeper, it is just as good to ride in. Beware Of Mercury!

Mr. Henry Roth, of 1848 South 9th Street, St. Louis, was given the usual mercurial treatment for contagious blood poison. He was twice pronounced cured, but the disease returned each time, he was seized with rheumatic pains, and red lumps and sores covered his body. "I was in a horrible fix" he says, "and the more treatment I received, the worse I seemed to get. A New York specialist said he could cure me, but his treatment did me no good whatever. I was stiff and full of pain, my left arm was useless so that I was unable to do even the lightest work. This was my condition when I began to take S. S. S., and a few bottles convinced me that I was being benefited. I continued the medicine, and one dozen bottles cured me sound and well. My system was under the effects of mercury, and I would soon have been a complete wreck but for S. S. S."

S. S. S., (guaranteed purely vegetable) is the only cure for real blood diseases. The medicinal treatment of the disease is complete. It is a perfect cure. It is a perfect cure. It is a perfect cure.

Gathering corn is the order of the day and many fields are not making more than thirty bushels per acre on account of the hot winds on Monday and Tuesday in Aug. At the populist meeting at Pleasant Dale last week some of the county candidates did real well but the man that got up and said he had voted the republican ticket forty years and that now he was a pop said more than we believe.

Clark Stevens has proved to be the great hog doctor of this country. His medicine cures every time if they are not too far gone to eat it. He has cured hogs for Mr. Derge of Lebanon and several other herds up near Inavale and Bladen and here near home. He doctors very reasonable and warrants a cure.

OCCASIONAL.

Deafness Cannot be Cured. By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but inflamed condition of the mucous surfaces.

We will give One Hundred Dollars

for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O.

A gentleman who had an impediment in his speech was dining in a restaurant, and was being served—a great favor—by the proprietor of the establishment. This man was a bustling nervous person, with an exaggerated opinion of the value of his time.

Soup was served. The guest waited a moment, and at the first opportunity began to say to the restaurant keeper: "I c-c-can't e-e-e-eat—" "Well, what is it, sir?" asked the restaurant keeper, impatiently. "I c-c-can't eat my soup—"

"The man snatched up the plate of soup and was off after another, which in due time he brought; but again the guest began to murmur: "I c-c-can't eat my soup—"

"Well, pray," asked the restaurant keeper, "what may be the matter with this soup, that you are unable to eat it?" "I c-c-can't eat my soup, I t-t-tell you," answered the guest, "w-w-without-out a s-p-p-p-poon to eat it with!"

Then the restaurant keeper comprehended that he would have saved time and temper if he had waited for his stammering guest to finish his sentence.
