BISMARCK ORGAN RETURNS TO THE ATTACK.

Intimated that the fate which overtook Count von Arnim might await those who disclose state secrets—Statement Has Done No Good.

BERLIN, Nov. 2.—Prince Bismarck appears to be not alarmed by the threat to prosecute him, for his organ, the Hamburger Nachrichten, to-day replied to the broadside of the official Reich's Anzeiger of Tuesday, which intimated that the fate which overtook Count von Arnim might await those who disclosed secrets of state. The Nachrichten says: "The negotiations of those days (of Bismarck's tenure of office) were restricted state secrets, but belonged to history. There is no necessity for secrecy so far as Germany and the dreihund is concerned, as the treaty was made solely in compliance with Russia's wish and Germany had nothing to be ashamed of. On the contrary, all peace-loving Germans have just satisfaction. It is totally untrue that the treaty implied disloyalty to the dreihund. The latter even allowed Austria to be neutral in the event of a French attack upon Germany or an unprovoked German attack on Russia. The whole dreihund could incorporate in it if Russia was willing and conclude the same argument without abandoning its main purpose. This would tranquillize all the friends of peace, and if there is any inclination on the part of Russia it would be expedient to renew the Russo-German treaty."
