Indigestive poisons are the bane of the dyspeptic's life. When sick, see if your sickness is caused by indigestive poisons. If so, take Shaker Digestive Cordial. This is the only certain way of being permanently cured, because it is the only way that gets rid of the poisons. You know that fermented food is poisonous. You know that poison is unhealthy. Shaker Digestive Cordial clears the stomach of fermenting food, and purifies the blood and system of indigestive poisons. It cures indigestion and the diseases that come of it. Headache, dizziness, nausea, stomach ache, weakness, flatulence, constipation, loss of appetite, irritability, etc. These are a few of the symptoms, caused by indigestive poisons, cured by Shaker Digestive Cordial. At druggists, price 10 cents to \$1.00 per bottle.

Henry Holzman and a lot of the boys around town had considerable fun at the expense of Jake Nustein several days ago. It appears that Henry had lost a box of cigars on an election bet and had gone over to Jake's to purchase them having in his possession a ten and a one dollar bill. Henry bought the cigars, produced the ten dollar bill and asked Jake if he could change it, and while he was counting out the change Henry substituted the one for the ten and Jake handed over the change and slipped the one dollar bill in his pocket. The boys didn't give up the joke for several days and when they did Jake had to set-up several times.
