Easter this year comes late in the season, April 18th. Some say a late Easter makes a late spring, but be that as it may, we have had enough winter weather to make up for a small amount of cold in the spring.

The road overseer of Red Cloud township should see to it that the approaches to the river bridge are fixed as soon as the weather will permit, as they are in a very poor condition and need filling and leveling badly.

If I had countless wads of wealth, I would not make a vain display; I would not ride on snowy steeds, or in a gold emblazoned "shay" I would not shine with precious stones, nor yachting go upon the sea; a little \$7 boat is plenty good enough for me. No idle pleasures would be mine; no rainbows would I try to catch; I'd merely seek Nevada's strand, to see the coming slugging match.—Beatrice Express.

As usual Omaha wants to hog everything in sight and on its board of lady managers of the bureau of education of the Trans-Mississippi Exposition it gives itself eleven members, Council Bluffs two, South Omaha two, and the rest of the great state of Nebraska twelve, or two for each congressional district.

If the reform and economy howlers in the Nebraska legislature had begun their good work by slicing off a part of their own salaries instead of raising the appropriation for expenses of that body the people might think they were sincere in their wish for economy. But when they reduce some other persons salary and do not lessen their own it looks fishy.

The revival meetings which have been in progress for the past six weeks at the First M. E. Church, this city, closed last Monday evening with a very enthusiastic jubilee meeting. This closed one of the most successful series of protracted meetings in the history of Red Cloud for several years past and the good work done by the pastor, Rev. James M. Darby, is manifested throughout all sections of the city. Since the commencement of the meetings the church has been taxed to its utmost capacity nightly to accommodate the large congregations which have been in attendance, and not from the opening until the closing evening did the interest wane, but on the contrary kept steadily increasing and was at its height on the final evening. About 44 new names were added to the church rolls, and had the meetings continued a week or ten days more no doubt the converts would have been double that number. As an evangelist, Mr. Darby has had few equals in this city, and should he in the future undertake another series of meetings, he will no doubt find that the good work done at the recent one will be the source of many new converts to the cause of Christianity.

One Minute Cough Cure, cures. That is what it was made for.

Are you losing that snap, energy and vigor that make "clear-headedness?" Do one thing: build up your whole system with SCOTT'S EMULSION of Cod-liver Oil. It is the essence of nourishment.
