Revenue Collector Ed. Ballew accompanied by Sheriff Robby of Cheyenne county, Wyoming came in on the train from the west Tuesday. They were on the trail of a couple of men who murdered a man up in that country and robbed him of some four or five thousand dollars. The two men passed through here on Thursday after doing some horse trading with some of our local traders. After leaving this city they stopped over night at the farm of James Bogenreif. They gave out the information that they were on their way to Beloit where they intended to stop several days and visit with friends and were going from there to Oklahoma. They are also suspected of being moonshiners and it is supposed that they had in their wagon a couple of stills and about ten barrels of whiskey. Two officers were sent on the train and Ballou and Robb stopped here and hired a team and were driven to Burr Oak where they took the train for Beloit and if the murderers have not gone in some different direction they are probably by this time in the hands of the officers.

Thin, Pale Children

One satisfaction in giving Scott's Emulsion to children is they never object to it. The fact is, they soon become fond of it. Another satisfaction is because it will make them plump, and give them growth and prosperity. It should be given to all children who are too thin, or too pale. It does not make them over-fat, but plump.

It strengthens the digestive organs and the nerves, and furnishes material for rich blood.

We have a book telling you more on the subject. Sent free for the asking.

A question might be asked this week as to how, under the primary to be held on next Friday, is Red Cloud township going to get a chance to have a say in the selection of a school board at the convention which meets on Monday, March 22? They cannot be allowed to vote at the primary as they do not live in the city. It might be a good idea for the city central committee to meet in the Argus office again and give the voters of the township their rights in this matter by calling a separate convention for nomination of a school board.
