Solo—Miss Hattie Becker.

Male Quartet—"Annie Laurie"
Messrs. Albright, Cotting, Fulton, Albright.

Solo—Miss Hattie Becker.

SCHOOL NOTES.

Room 7 has No. 10 this week. The kindergarten has the banner. Maud Chase has started to school in the 8th grade. The General History class took examination Monday. The seniors have nearly all chosen the subject for their orations. Mr. Welden called in Mrs. Case's room a few minutes Friday afternoon. Several of the pupils observed St. Patrick's Day by wearing green ribbons. Paul Dickson took charge of the Cicero class Thursday in the absence of professor. Rhea Smith has been visiting this week in the 4th room with her aunt Lottie Roas. Jessie Ducker taught the 2nd room in the south ward Monday morning until recess. Examinations take place next week concluding the winter term after which will be one week vacation. Last Friday afternoon the 6th and 7th rooms had a spelling match. Cora Kinsell one of the sophomores stood longest. The Physics class had a number of very interesting experiments in electricity Monday. The Vass machine was brought in and some ether burned by the electricity. Robert Mitchell met with quite an accident Friday. While in the chemistry room the alcohol lamp exploded and his hair caught fire. The fire was soon put out and no particular harm was done. The visitors Friday were Leonard Smith and Miss Emeline Warren; On Wednesday Rev. Davis, the Baptist Evangelist and Miss Helva Carpenter; On Thursday Joe Dilley and Miss Mamie Weideman. And now professor steps lightly around the proud dignity of papahood resting upon his shoulders. He is going to advertise for a vocal instructor and especially one who can teach him the lullaby. He says Helen has already read several orations of Cicero, solved the Problem of Life, and acquired various other accomplishments.

WILLOW CREEK.

Most farmers have begun spring work. Every foot of farm land will be tilled the coming year.

Miss Adda Adamson finished a successful term of six months school in district 83, February 12th.

Several of the Willow Creekers attended the opera at Red Cloud last week and they all pronounce it just splendid.

Mr. Martin Sanderson of Pawnee county, this state, stopped over Sunday with A. C. Bon. He was on his way to Norton county, Kansas.

A few evenings back two boys were walking along the highway and they heard music in the air and being a little superstitious thought it the song of an angel so they hid in the fence corner under a spreading oak tree to watch for the supposed cherub, but lo! when it drew near their hiding place it was an earthly mortal singing one of Tennyson's or some lady's sweet old hymn beginning with, "There is a place most dear to me where my affections dwell," and so forth.

The death of Mr. Wm. Wolfe gave quite a shock to this neighborhood, yet he has been sick all winter with rheumatism and everybody supposed he was getting better till the 10th, when he took worse when the disease shifted to his heart and lungs which caused partial paralysis and he suffered untold agonies till death came to his relief at 8 o'clock Friday the 12th of March, 1897. He was 67 years of age and highly esteemed by all who knew him. He was a splendid carpenter and during the erection of the Webster county jail he was the superintendent. He was a member of Friends Church. On Sunday the funeral services were conducted from the residence of Mr. Jake Lacy by Mr. Perry Norris and the remains were then followed to their last resting place in the Cowles cemetery by a large concourse of sorrowing friends and neighbors. Mr. Wolfe leaves one daughter, Mrs. Jake Lacy and one son, Mr. Roy Wolf to mourn their loss.

Mr. Fred Bon sold a hog last week. T. T. Lacy went to Red Cloud this week.

Mr. Godwin is erecting a large hog house.

Mr. Lacy and Mr. Wilder expect to move soon.

A few in this vicinity have commenced farming.

Mr. R. Post went to Red Cloud this week on business.

Mr. Myrt Adamson is now training a fine driving horse.

Miss Addie Edison is expected home in the near future.

No Gates, it was not Mrs. Bon who wrote those items last week.

Miss Adda Adamson has returned from her school and will remain at home for a few days.

One of the Cowles young men is smashing hearts on Willow creek. Be careful you don't get "worked."

Mr. Vance and family have moved from Iowa to their place here. For the present they will live in R. Thompson's house.

Mr. Fred Bon has rented his father's large farm, also Mr. Conyn's farm. He will farm on a very large scale and tend 279 head of hogs.

Mr. George Hoyt and Miss Bessie Godwin have gone to Hastings this week on business. Mr. Soderlin is shucking his corn and feeding his herd of fine hogs.

A shape in the moonlight, a bulk in the dark is seen rushing up Willow creek every other night at 7 o'clock sharp.

CYCLONE & BLIZZARD.

March, April, May.

Almost every one has come to believe that March, April and May is a season that brings derangements of the body dependent on blood impurities. This belief is an old one, is nearly universal, and has arisen, not as the result of the teachings of the medical fraternity, but has been learned in the bitter school of experience. Depression of the nervous system at the approach of spring is a fertile source of blood impurities—general lassitude, dull, heavy sensations, continual tired feelings, with irregular appetite, and sometimes loss of sleep.

Pe-ru-na meets every indication and proves itself to be perfectly adapted to all their varied peculiarities. Pe-ru-na invigorates the system, rejuvenates the feelings, restores the normal appetite and procures regular sleep. That tired feeling which is the natural result of the depressing effect of warm weather immediately after the invigorating cold of winter, quickly disappears when Pe-ru-na is taken. Thousands are daily testifying to its priceless benefit.

All who desire Dr. Hartman's latest book on this interesting subject can obtain one for a short time free by addressing The Pe-ru-na Drug Manufacturing Company, Columbus, O.

INAVALS.

H. G. Sawyer went to Kansas City this week.

L. C. Olmstead and family were visiting in Franklin.

Miss Ruth Peck of Red Cloud is working for Mr. Simons.

Miss Emma Hale has returned home from a visit at Blue Hill.

The Inavale school had their pictures taken one day last week.

There were eight cars of stock shipped from here last Tuesday.

Othel Garner and wife were visiting relatives in this city Sunday.

Mr. Sawyer and Art Davis have got a new machine to build fence with.

There was a blind man gave a musical entertainment at the school house last Monday night.

Mrs. Mary Latta is visiting her sister Mrs. Sadie Holdredge. She is living at Silver Grove, Kansas.

Mrs. Elmer Simons who has been seriously ill, is slowly recovering under the care of Dr. G. E. McKeedy.

Mrs. Dr. Wilkins expects to start for her home in Iowa next Monday. Her daughter Mrs. Walters expects to go with her.

A READER.

Teacher's and School Officers Meeting.

Teachers meetings will be held at Red Cloud and Blue Hill, Saturday, April 3, 1897, commencing at 2:30 a. m. A school officers meeting will be held at Red Cloud the same day, commencing at 2:30 o'clock p. m. School officers of districts No. 2, 3, 6, 8, 9, 11, 14, 15, 18, 20, 27, 30, 33, 34, 36, 39, 41, 47, 49, 51, 53, 56, 62, 65, 66, 69, 70, 75 and 85, are especially requested to be present.

PROGRAM.

- Opening exercises.
 - American History—1865-1891.
 - Settlement of War Question—Jno. M. Earner, Norton Watson.
 - The Indian Question—Mrs. Lora E. McBride, Jeanette Palmer.

Wheat	10 00
Oats and corn	5 00
Household and office furniture	\$5 to \$50 00
Real estate per acre	2 00

DeWitt's Colic & Cholera Cure. Quickly cures Dysentery and Diarrhoea.

Commissioners Proceedings.

Friday morning, March 12, 1897.

Board met pursuant to adjournment Chas. Wisner Chairman and Wm. R. Ryker and John McCallum present.

The committee, Chas. Wisner, Wm. R. Ryker and Jno. McCallum made the report of the appraisal of school land in ne 1/4 section 36-2-9 and certify that after having carefully examined the above described land and the following to be its just and full value: ne 1/4 ne 1/4 section 36, town 2, range 9, value per acre \$6.50; nw 1/4 ne 1/4 section 36, town 2, range 9, value per acre \$7.50; sw 1/4 ne 1/4 section 36, town 2, range 9, value per acre \$7.50; se 1/4 ne 1/4 section 36, town 2, range 9, value per acre \$7.00.

A. H. Spracher represented to the board that he had been erroneously assessed for improvements on school land in Elm Creek precinct and asked the board to adjust the same.

It was moved and carried that the county treasurer be authorized and instructed to receive the principal less the interest on assessment of A. H. Spracher assessment on school land in Elm Creek precinct the same being an erroneous assessment.

The board then took up and allowed claims after which they adjourned to meet Tuesday, March 20th, at which time they will settle with the township officers.

March April May

Are the months in which we give especial attention to the condition of your physical health. If you pass safely through these months and find yourself strong and vigorous, on the arrival of warmer weather, you may reasonably expect that you will be well in summer. Now is the time to take Hood's Sarsaparilla, because now is the time when the blood must be purified, enriched and vitallized, and because Hood's Sarsaparilla is the only true blood purifier prominently in the public eye today. Hood's Sarsaparilla has power to make you healthy and guard your system against disease.

A Card.

EDITOR CHIEF.—As Rev. King Soleriverin seemed to take some exceptions to my statement in the State Creek items two weeks ago, when I did not mean the item as a slur or insinuation when I stated that the Free Methodist meeting at Pleasant Dale school house was not a success and that some were opposed to the protraction of it on account of the contagious disease diphtheria, which was then raging. I did state and yet mean what I stated, that he should let other denominations alone and fight his own row and convince all that he is right if he can by fair means and preach from the Bible. I for one would say amen to it. I wish the Lebanon minister and his main leaders would say what they have to say about me when I am present, so that I may take my own part and not take advantage of me while absent. I can state that there were others who heard him who say that there was nothing wrong in the items only that I did not score him deeper. I favor a good meeting at the proper time, though there is a time for any and all things and the gentleman well knows that the people in general both in Nebraska and Kansas were opposed to him holding that meeting and some of them were looking up the health commissioner in Red Cloud to have him close the meeting for the present. OCCASIONAL.

Dangers of the Grip.

The greatest danger from La Grippe is of its resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for la grippe, we have not learned of a single case having resulted in pneumonia, which shows conclusively that this remedy is a certain preventive of that dread disease. It will effect a permanent cure in less time than any other treatment. The 25 and 50 cent sizes for sale by H. E. Grice, Druggist.

Marriage Bells.

Married at the home of the bride's parents on Tuesday last, Mr. J. N. Rickards of Beatrice and Miss Kate Reigle of this city. The groom is a prominent lawyer located in Beatrice but was formerly a resident of this place. The bride is too well known and too highly respected to need comment. She was one of the best known favorites in the town. The wedding occurred at 8:30 and the happy couple left for their future home on the morning train. Rev. O. E. Ticknor, pastor of the Congregational Church performed the ceremony.

Bilious Colic.

Persons who are subject to attacks of bilious colic will be pleased to know that prompt relief may be had by taking Chamberlain's Colic, Cholera and Diarrhoea Remedy and if taken as soon as the first indication of the disease appears, it will prevent the attack. For sale by H. E. Grice, Druggist.

Rheumatism Quickly Cured.

After having been confined to the house for eleven days and paying out \$25 in doctor bills without benefit, Mr. Frank Dolsen of Sault Ste. Marie, Mich., was cured by one bottle of Chamberlain's Pain Balm costing 25 cents and has not since been troubled with that complaint. For sale by H. E. Grice, Druggist.

Notice to Teachers.

Notice is hereby given that I will examine all persons who may desire to offer themselves as candidates for teachers of the public schools of this county, at Red Cloud on the third Saturday of each month.

Special examinations will be held on the Friday preceding the 3d Saturday of each month.

The standing desired for 2d and 3d grade certificate is the same—no grade below 70 per cent., average 80 per cent.; for first grade certificate—no grade below 80 per cent., average 90 per cent in all branches required by law.

D. M. HUNTER, County Supt.

Cancer Can be Cured.

It is very often that the most insignificant symptoms are forerunners of the most violent disease. There is not a more destructive disease than Cancer, and in a majority of cases it is first indicated by a very small pimple or sore to which no attention is attracted, until it before long develops into the most alarming conditions.

Here is another case where the first symptoms of a most violent Cancer were too small to receive much notice until the disease had fully developed. Mrs. Laura E. Mims has resided at Smithville, Georgia, for years, and is well known throughout the adjoining country. In a recent letter she tells of a wonderful case.

She says: "A small pimple of a strawberry color appeared on my cheek; it soon changed to purple, and began to grow rapidly, notwithstanding all efforts to check it, until it was the size of a partridge egg. My eyes became terribly inflamed, and I was so swollen, that for quite a while I could not see. The doctors said I had Can-

MRS. LAURA E. MIMS.

cer of the most malignant type, and after exhausting their efforts without doing me any good, they gave up the case as hopeless. When informed that my father had died from the same disease, they said I must die, as hereditary Cancer was incurable. I was terribly reduced in health, and felt as if my life was wasting away.

"At this crisis, I was advised by a friend to try S. S. S., and in a short while the Cancer seemed more inflamed than before. I was informed that this was favorable, however, as the medicine acts by forcing out the poison through the pores of the skin.

"Before long the Cancer began to discharge and continued to do so for three months; then it began to heal. I continued the medicine a while longer, until the Cancer disappeared entirely, and I enjoyed better health than ever before. This has been several years ago and there has not been a sign of a return of the disease."

Cancer is becoming alarmingly prevalent, and manifests itself in such a variety of forms, that any sore or scab, it matters not how small, which does not readily heal up and disappear may well be regarded with suspicion.

The fact that S. S. S. (guaranteed purely vegetable) cures hereditary Cancer, which is considered incurable, places me without an equal as a sure cure for all manner of real blood diseases, such as Scrofula, Eczema, Contagious Blood Poison, or any other form of bad blood. Our treatise on Cancer and Blood Diseases will be mailed free to any address by Swift Sanifac Company, Atlanta, Georgia.

Fits Cured

Dr. W. S. Foster, who makes a specialty of Epilepsy, has without cured more cases than any living Physician; his success is astonishing. We have heard of cures of 20 years' standing cured by him. He publishes a valuable work on this disease, which he sends with a large bottle of his absolute cure, free to any sufferer who may send their P. O. and Express address. We have any one wishing a cure to address Dr. W. S. Foster, P. O. Box 2, New York.

DeWitt's Little Early Risers, The famous little pills.
