So feel positive and I of its power that I consider it my duty to send two bottles free to those of your readers who have Consumption, Throat, Bronchial or Lung Trouble, if they will write me their names and postoffice address. Sincerely,

The Mount Lebanon Shakers have recently perfected an ingenious cure for dyspepsia. Their Digestive Cordial consists of a food already digested and a digester of foods happily digested.

The importance of this invention will be appreciated when we realize what a proportion of the community are victims of some form of stomach troubles. Thousands of pale, thin people have little inclination to eat, and what they do eat causes them pain and distress.

This Digestive Cordial of the Shakers corrects any stomach derangement at once. It makes thin people plump. Every one will be greatly interested to read the little book which has been placed in the hands of druggists for free distribution.

What is LAXOL? Nothing but Castor Oil made as palatable as honey. Children like it.

After the big fire in Cripple Creek, I took a very severe cold and tried many remedies without help, the cold only becoming more settled. Dear Sir:—I had been suffering from Abcesses on my Lungs and Liver Disease for about three months. Coughed a great deal, had become nervous and restless and my flesh had wasted away. At this time I was induced to try your Blood and Liver Remedy and Nerve Tonic. Once fairly under its influence I gained flesh at the rate of a pound a day.
