Some realized the danger and carefully guarded against it, while others do not hesitate to set fire to a pile of rubbish and go down town and let it burn, or else leave three or four small boys to watch it. This practice should be stopped before it results in the loss of part of our city by fire.

Throat Coughs

Is there a tickling in the throat? Do you cough a great deal, especially when lying down? Are you hoarse at times? Does nearly every cold you take settle in your throat? These "throat coughs" are very deceptive. Don't neglect them. Troches, or cough syrups won't touch the spot. You must take remedies that will enrich the blood, tone up the nerves; and heal the inflamed membranes.

SCOTT'S EMULSION of Cod-liver Oil with Hypophosphites contains such remedies. It has wonderful nourishing and healing power. The cause of the cough is removed; the whole system is given new life and vigor; and the danger from threatening lung trouble is swept away.

Book about it free. For sale by all druggists at 50c. and \$1.00.

SPIZ SHOES. MAKE YOUR FEEL GLAD.

The item in the week's Nation in regard to the buying of corn by W. T. Auld with the imputation that the gentleman who did the weighing (Mr. James Peterson) made a steal in the weight, was the roughest kind of slur, but those who are acquainted with Jack Walsh clearly know he is guilty of doing most anything for effect. The business men of the city will rise some day in their wrath and kick this Jacobin off the face of the earth ride him, on a rail or give him a pair of moss agates as eye adornments.
