FOR EVERY BICYCLIST.

Champion Michael Advises Use of Paine's Celery Compound.

James Michael is the champion long distance bicyclist of the world. He recommends all wheelmen to take Paine's celery compound.

His experience is that of thousands of others. With the opening of the bicycle season many a young person and hundreds of older persons who have determined to take up bicycling as a health-giving exercise find themselves really lacking the proper "snap" or stamina to begin on. Their bodily condition prevents so spirited exercise. They would like to ride, but they are out of sorts, run down by a winter of work or indoor life. Many who are really sick, who have suffered from debility or wasting diseases for a long time until they had begun to think their troubles had become chronic, as nothing gave them relief, would turn to bicycling for relief. But this splendid exercise, like any other, requires strength to undertake. The blood is out of order, the nerves are deranged and nature's food for both is needed.

All such persons will find to their immense joy that Paine's celery compound, taken now, will make them well.

Paine's celery compound works wonders in the spring. If you have labored under the load of repeated headaches, neuralgic pains and days of nervous debility, now is your best time to get well.

Michael is today the most phenomenal rider in professional ranks. As far back as 1884 he was undisputed champion of Great Britain, and in the following year he went to France and scored 25 straight wins against the picked riders of Europe. He has defeated such famous men as Jacquelin, Gougoltz, Huret, Riviere, Bonhours, and Barden of England, and Leyten,

the Belgian champion. He has just returned from Europe and is now ready to join the racing men on the Pacific coast, despite the large amount of work he has gone through during the past months.

Michael has made cycle racing a careful study and is in a position to give excellent advice not only to racing men but to wheelmen and athletes in general. In reference to his own methods the following letter will interest everybody:

Boston, Mass., Feb. 21, 1897.

After the exertion of my record rides while with the Morgan & Wright team in the south last winter, during which I had lost somewhat in weight, on account of the unaccustomed climate, I was advised to use Paine's celery compound. I am pleased to say that it gave such satisfaction that I was impelled to use it again to brace up from the effects of the two unusually rough ocean trips that I have taken during the past month. I believe that wheelmen who have to undergo the hardships of "circuit chalking" will find Paine's celery compound of assistance in keeping up their physical tone.

Jimmy Michael.

Every one needs to take a spring remedy to purify their blood, arouse the circulation and counteract the debilitating effect of months of confining work, worry and excitement.

The more intelligent portion of every community are the ones who best recommend Paine's celery compound. The have looked into this great remedy, followed its remarkable achievements in the case of friends, neighbors and relatives, and know just what to expect from its use as a nerve and brain strengthener and restorer and an ideal invigorator for a run-down system.

The Rev. W. H. Weaver, pastor of the U. B. Church, Hillsburg, Pa., recognizes the value of Chamberlain's Cough Remedy, and does not hesitate to tell others about it. "I have used Chamberlain's Cough Remedy," he says, "and find it an excellent medicine for colds, coughs and hoarseness. So does everyone who gives it a trial. Sold by H. E. Grice, Druggist."

A Crook Captured.

Three young men who were acting suspiciously were noticed by Roy Hutchinson the night watch last night and he decided to keep his eye on them but before he could catch up with them they got out of sight. Some time later he was standing in the shadow of the postoffice stairway when one of them came through the alley from the south and the officer nabbed him. He feigned drunkenness and by the time he reached the jail he had become so helpless that he had to be held up while being searched. While Officer Hutchinson was taking his prisoner past the court house grove corner he heard something strike the sidewalk as if the fellow had thrown it away and again while waiting for Sheriff Runchey to come out something else was thrown away by the prisoner. The first article thrown away was found to be a large key with a strange crook on the end and in the other end a short piece of wax candle was found. When searched a small file and a knife were found in his pocket and on a later and more thorough search a key was found stuck down in his shoe. The officers locked their prisoner up and came back down town to look for the others. They went around and tried all the doors and threw the light of their dark lantern into the stores but found all the doors secure and nothing suspicious. This morning it was found that the door at Kaley's shoe store was unlocked and left ajar. The officers are sure the door was locked when they tried it and this gives rise to the suspicion that the other two were either hiding behind a screen in the store at the time the officers tried the door and found it locked or else were in the store after the night watch went off duty in the morning. The prisoner was brought before Judge Porter Friday afternoon and stated that his name was Harry Moran and that together with the other parties had come in from the west Thursday about noon. When asked if he pass keys while working in the Antlers hotel at Colorado Springs, Colorado. The judge fined him and he was again placed in jail. It was found that the keys would unlock almost any store door in town. Sheriff Runchey has sent a picture of the man to the authorities of Atchison, Kansas, where a reward has been offered for the apprehension of a party who answers this man's description.
