We notice by the RED CLOUD CHIEF that Chas. Wiener intends leaving that city and locating in New York. His removal is a great loss to the city up the road. For years he has been a leader in all enterprises for the good of the town and has conducted a business establishment that should be, and we believe has been, a source of pride to his fellow citizens, for it certainly always has been far in advance of the demands of his territory. The best wishes of his friends in this city will go with Mr. Wiener wherever he goes.—Superior Journal.

Your Vitality?

The essence of life is force. Every breath you breathe, every heart beat, every motion of your hand, takes force. The measure of force we call vitality. If this is lacking, there is loss of flesh, lack of resistive power, a tendency to catch disease easily, especially a tendency to Consumption. For low vitality nothing is better than Scott's Emulsion. It supplies force by furnishing the nourishing, strengthening elements of food in an easily digested form; enriches the blood, and builds up the system. When ordinary food is of no avail, Scott's Emulsion will supply the body with all the vital elements of life.

Two sizes, 50 cts. and \$1.00. All druggists. If you will ask for it we will send you a book telling you all about Scott's Emulsion. Free. SCOTT & BOWNE, New York.

Every newspaper treasures up in its memory the names of its friends and, likewise, its enemies. It seldom, if ever, overlooks an opportunity to assist the former, but never goes out of its way to boost the latter. Human nature is pretty much the same everywhere. People who show the newspaper men kindness never made a better investment or one that more surely pays them a hundred fold sooner or later. As has been truly said, there comes a time in the life of every man when a word said by a newspaper either makes or unmake the individual mentioned.—Sterling Bulletin.
