DeWitt's Little Early Risers, The famous little pills.

died last Tuesday. She has been an invalid for several years past. Interment took place at the Scott cemetery northwest of this city.

Yesterday one of the participants in the potato throwing match between Turnire Bros. grocery store and the post office was unfortunate enough to throw a potato through one of the large front windows in the store. The chances are this will break up the game, as it is getting too expensive.

Uncle Hugh Miner was quite seriously injured this week while assisting to fix a pump at the residence of Hugh Miner Jr. The pump had been raised partly from the well and slipped back striking him on the top of the head, cutting quite a severe gash. Dr. Beck was called to repair the injury, but Uncle Hugh will be compelled to remain indoors for a week or two.

At the regular meeting of the school board last Monday evening the following teachers were selected for the next year in rooms in their respective order: Prof. Kelley of Ord, this state, superintendent. Second Ward, Miss Tilla McClelland, principal, Mrs. J. A. Baum, Mrs. Case, Miss Lindley, Miss Rensberg. First Ward, Geo. Overing, principal, Miss Wiedeman and Miss Marker. Kindergarten, Miss Grace Garber. Prof. Kelley is one of the most able instructors in the state, and comes well recommended, and no doubt next year will see a marked advance in the Red Cloud schools.

The McKeighan memorial committee consisting of Judge Thompson of Grand Island, Judge Garrett of Holdrege, and John Winners of Red Cloud, met at Hastings last Monday and decided to hold memorial services in honor of the late William A. McKeighan in that city on Tuesday, the 29th of the present month. The memorial exercises will be held at two p. m., and Hon. W. J. Bryan, Governor Holcomb and other prominent men are expected to be present. The monument committee will hold a meeting in the forenoon of the same day, when arrangements will be perfected for collecting a fund for the erection of a monument to mark the resting place of the former congressman.

Deputy Sheriff Reigle this morning received a telegram from Guide Rock stating that some time Thursday night thieves had entered the stable of J. H. Crary living north of Guide Rock, and stolen a team, buggy and harness. It is supposedly the same parties who entered the residence of G. R. Chaney on Wednesday night, and stopped all day Thursday at the school house near the Boyle place between here and Guide Rock until about six o'clock in the evening. The team taken are both chestnut sorrels, weight about 1100 pounds each. Deputies Reigle and Foe immediately started in pursuit on receipt of the news, but up to the time of going to press nothing has been heard from them.

Not the least enjoyable part of the graduating exercises was the Alumni banquet and the entertainment given to the graduates by the now senior class. Friday evening after graduation the graduates, teachers and alumni to the number of thirty-five gathered at the Masonic Hall where a sumptuous feast was spread. There was music and laughter, and then the feast, after which a number of toasts were given in the Alumni's own way. Everybody present voted it the best of the Alumni banquets. Not to be outdone the juniors, seniors now, on Saturday evening entertained the graduates after an original fashion of their own at the same place. The hall was tastefully decorated for the occasion and for the moment the grave and reverend graduates doffed their grave ways to revel in the beauties and the happy entertainment of their juniors. Speaking of social arrangements we wish to remark that the banquet spread for the Alumni by Crans & Calmes was perfect and a masterpiece. Everything was in perfect taste and the service was excellent.

Arrangements have been made to give a public exhibition of the fire department at work on a fire, and some time in the afternoon an empty building will be set fire and an alarm turned in. The time of this event will be secret even to members of the fire department.

To the largest delegation from any civic society will be presented an elegant fifteen foot United States flag.

Three hundred and seventy-five dollars worth of fire works which have been purchased will be displayed at 8 o'clock p. m., from a stand near the fireman's hall. This is the greatest display of fire works ever given in this country. We desire to impress upon your minds the fact that this will be the greatest Fourth of July celebration in the republican valley this year and you cannot afford to miss it. The oration will be the best ever delivered in the valley on an occasion of this kind. All sports will be of first class character. The exhibition pieces in display of fire works will surpass anything ever used in this valley. We want you all to come and have the best time you ever had anywhere.

The following from the Dixon, (Ill.) Star, will doubtless apply equally as well to Red Cloud girls: "The girls of the Dixon girl are small, tapering and beautifully shaped; their hair is as brilliant as***and they are without a hair in this or any other part; their forms are like ft, and their figures excite that of pleasure and a longing for them. Read this carefully and do not let its reliability.

Niagara Falls.

With its beauty and grandeur reveals to the tourist each year some new harmony. There is no place in America where the summer tourist could spend his time more profitably than at this world famed cataract. The Nickel Plate road with its solid trains, thro' sleeping car service, and unexcelled dining car service between Chicago New York and Boston is the recognized highway to this resort. With the new train service which becomes effective Sunday, May 30th, a stopover of ten days will be given on both first and second class tickets to patrons who desire to visit the falls. Trains leave Chicago daily at 10:30 a. m., 3:05 p. m. and 10:15 p. m.

Mr. J. Y. Callahan, General Agent, 111 Adams St., Chicago, Ill., will be pleased to furnish all information in regard to stopover, etc.

An exchange remarks: "When you notice a man digging in the garden very slowly, stopping often to rest, it is safe to say he is making flower beds for his wife, but if he is working like a Turk and scarcely slacks up to catch his breath you can bet your boots he is digging worms for bait."
