The Sunday school picnic held at W. A. Maynard's grove, four miles southwest of this city last Sunday was a very pleasant and enjoyable affair, and was largely attended by Sunday school workers from the schools of this city and other country schools. The day was all that could be asked for for a first class time, and with plenty to eat everybody enjoyed themselves hugely.

The past week has been the first real growing week of the season, and all classes of vegetation have taken advantage of it, and especially the weeds, which in many places have practically overgrown the sidewalks. This is one thing that a property owner should not allow. A few minutes work with a scythe, or if you can't get a scythe get a hoe, will cut down all the weeds on the property and to the gutter along the street, and no doubt the city will do the same as in the past, mow the sides of streets. If you haven't got time to do it yourself there are plenty of boys in the city who would be glad to do it for you for a small sum.

Depression of Spirits

so common in summer-time, accompanied by loss of energy, lack of thought-power, means a deficient supply of nourishment. The vital force is lost. It isn't a question of muscle and sinew, but of resistance and endurance. At any age, but especially in youth, it involves the risk of lung disease. Loss of flesh and a cough are threatening signs.

Scott's Emulsion

of Cod-liver Oil, with the hypophosphites, meets these cases perfectly. It tones up, fattens and strengthens.

In Scott's Emulsion the taste of the oil is fully disguised, making it almost as palatable as milk.
