**Severe Attack of Dyspepsia Cured by Hood's Sarsaparilla—A Skin Disease From Childhood.**

"Since we came to North Dakota we have never had occasion to call a physician. We take Hood's Sarsaparilla for all our ailments. About three years ago my husband had the misfortune to strain his stomach by heavy lifting. This brought on dyspepsia and he suffered very much, especially at night, and he could not sleep. He decided to take Hood's Sarsaparilla and after using two bottles he was completely cured. He was also gratified to find that Hood's Sarsaparilla relieved him of a roughness of the skin with which he had been troubled from childhood." MRS. JOHN ABRAMS, Pembina, N.D.

N. B. If you decide to take Hood's Sarsaparilla do not be induced to buy a substitute. Insist upon

## WASHINGTON NOTES.

A stranger at the capitol would know without being told that the tariff debate is drawing to a close in the senate. The senators show it by their general good nature. Of course, there are senators to whom the bill, which will be passed this week, is anything but pleasing, but it is doubtful whether there is a single senator who does not rejoice to know that the end is near at hand. Unless there shall be much greater delay than is expected in reaching an agreement as to the senate amendment in conference, the tariff bill will be a law before July 15th, and congress can adjourn by that date, as it is generally understood that no other legislation is to be attempted at this session.

Senator Harris' resolution, declaring that the government should at once redeem the the Union Pacific railroad from prior liens and then take steps to foreclose its mortgage, with an amendment offered by Senator Morgan, requesting the president "to suspend proceedings to carry into effect the agreement alleged to have been made to sell the interests of the U. S. in the U. P. R. R. and in the sinking fund, until further action of congress is had in reference thereto," has been favorably reported to the senate. Senator Harris, of Kan., wrote the report on the resolution, and he presented figures to show that if the proposed reorganization is allowed to go through, the government will lose near $25,000,000 and other creditors will lose quite heavily. The report makes what is very near a direct charge against the last administration of trying to aid the reorganization scheme, and of withholding information on the subject from congress.

Senator Hoar's report in favor of seating ex-Senator-Corbett on the certificate of the governor of Oregon has been ordered printed by the committee on privileges and elections, but the committee has not voted either for or against the report and is not likely to do so at the present session of congress

Senator Butler is much pleased that his resolution as to the feasibility of applying the principle of the initiative and referendum to federal legislation is to be investigated by a sub-committee.

A proposition is being talked of among some senators to present Vice-President Hobart with a good natured petition asking him to speak louder. Mr. Hobart makes a fairly good presiding officer, except that his voice can scarcely be heard even by the occupants of the seats nearest to him when he states his decisions on points of order or says anything relating to the business of the senate.

During the last two weeks eight patent attorneys have been disbarred from practice before the U. S. patent office. Two were from New York, two from Ohio, and one from Michigan, Pennsylvania, Maine and Tennessee, respectively; and Commissioner Butterworth has ordered John Wedderburn & Co. to show cause why they should not be disbarred, charging them among other disreputable practices with making "fraudulent, deceptive, improper and incomplete searches, with intent to defraud and the result of defrauding clients, to their injury; and wrong doing, to the scandal and reproach of the patent office and contrary to equity and good morals."

The opponents of the treaty for the annexation of Hawaii are playing it smart by trying to keep as quiet as they can, lest the programme of allowing the treaty to go over to the next session should be abandoned, and the treaty ratified before the present session adjourns. According to some hints dropped by opponents of the treaty, they hope to accomplish the rejection of the treaty by a lavish expenditure of money to throw public opinion in the U. S. against it. It is said that the money is to come from European governments who wish the treaty to fail, but do not wish to appear to be opposing it, and from the sugar trust, which has opposed it from the first. The friends of the treaty say they have no fears. They believe that the senate will ratify the treaty, but if it fails, the Morgan bill, already introduced, will bring annexation at once, and there is not a bit of doubt about their ability to pass that.

Fewer ex-senators have been on the floor of the senate since Senator Hale offered his resolution, to amend the rules to exclude from the priveleges of the floor ex-senators engaged in lobbying, than for a long time. Some of the ex-senators are hopping mad, but the activity of ex-senators as lobbyists was fast becoming scandalous and Mr. Hale's act is generally considered wise.

## SELF-PROTECTION.

A sudden shower is only one of the many vicissitudes to which a woman is exposed. Many women are careless; but sometimes it is impossible for even the most wise to foresee very common dangers. The day is fair, the air balmy, not a cloud in the sky, and without any protection against rain, the woman ventures away from home. The gathering storm gives no warning of its approach. Almost instantly she finds herself drenched. Thousands of times this oft-repeated occurrence is the beginning of the end. A cold is caught which settles in some organ; it soon becomes catarrh; then becomes chronic. The catarrh gradually eats its way through to some vital organ.

A few doses of Pe-ru-na at the beginning of this very common history would change the course of events entirely. It operates directly on the mucous membranes of the whole body. It absolutely prevents catarrh from fastening itself upon any part of the organism. Women have found it to be the surest and most effective remedy in the ills peculiar to their sex. So-called female diseases are almost invariably pelvic catarrh. Local treatment is worthless—a waste of valuable time. Pe-ru-na is an internal remedy that cures catarrh wherever located. Some prefer to correspond with Dr. Hartman while they are taking his remedy, Pe-ru-na, and thus thousands of women are constantly writing him. Each letter receives prompt answer without charge.

The Pe-ru-na Drug Manufacturing Company, of Columbus, Ohio, are sending free to any address a book written expressly for women by Dr. Hartman.

# Beware Of the Knife.

Mr. Lincoln Nelson, of Marshfield, Mo., writes: "For six years I have been a sufferer from a scrofulous affection of the glands of my neck, and all efforts of physicians in Washington, D. C., Springfield, Ill., and St. Louis failed to reduce the enlargement. After six months' constant treatment here, my physician urged me to submit to a removal of the gland. At this critical moment a friend recommended S.S.S., and laying aside a deep-rooted prejudice against all patent medicines, I began its use. Before I had used one bottle the enlargement began to disappear, and now it is entirely gone, though I am not through with my second bottle yet. Had I only used your S.S.S. long ago, I would have escaped years of misery and saved over $150."

This experience is like that of all who suffer with deep-seated blood troubles. The doctors can do no good, and even their resorts to the knife prove either fruitless or fatal. S.S.S. is the only real blood remedy; it gets at the root of the disease and forces it out permanently.

S.S.S. (*guaranteed purely vegetable*)

**A Real Blood Remedy.**

is a blood remedy for real blood troubles; it cures the most obstinate cases of Scrofula, Eczema, Cancer, Rheumatism, etc., which other so-called blood remedies fail to touch. S.S.S. gets at the root of the disease and forces it out permanently. Valuable books will be sent free to any address by the Swift Specific Co., Atlanta, Ga.

# To Benefit Others.

The Editor of The Bloomfield Iowa Farmer Writes of the Good Done by DR. MILES' NEW HEART CURE.

THERE ARE a great many unselfish men and women who wish others to know what has restored them to health and happiness. Mr. C. F. Davis, publisher of one of the best newspapers in Iowa, writes from Bloomfield Ia., Aug 18 1896. "My desire to benefit others prompts me to write this. We have used Dr. Miles' Remedies in my family for nearly two years with most gratifying results. We would not now do without them. My wife had been weakly and down nearly every summer for the past fifteen years. Dr. Miles' Heart Cure is exactly what its name implies; a sure cure for a weak, fluttering, palpitating heart, and Dr. Miles' Nerve and Liver Pills are most excellent."
