

Dizzy and Faint

Troubled With Kidney Difficulty and No Appetite - Improved in Every Way Since Taking Hood's.

"I was taken suddenly with dizziness and faintness at the stomach and also with kidney troubles. My whole body seemed to be out of order. I sent at once for a physician and followed his directions with but little change. He said I had a complication of diseases and my case was hard to manage. I would get better for a day or two and then would be worse again. My appetite also failed and I had a severe headache. After the doctor said he could do nothing more for me I determined to give Hood's Sarsaparilla a trial. In a short time after I began taking it I could do a fair day's work. It is now three years since I was cured by Hood's Sarsaparilla and I am still in good health. I have a good appetite and am full of life." Mrs. Eva Beach, Box 461, Lincoln, Kansas.

PIONEER.

It is always gratifying to receive testimonials for Chamberlain's Colic, Cholera and Diarrhoea Remedy, and when the endorsement is from a physician it is especially so. "There is no more satisfactory or effective remedy than Chamberlain's Colic, Cholera and Diarrhoea Remedy," writes Dr. R. K. Robey, physician and pharmacist, of Olney, Mo., and as he has used the Remedy in his own family and sold it in his drug store for six years, he should certainly know. For sale by H. E. Grice, Druggist.

DeWitt's Colic & Cholera Cure. Quickly cures Dysentery and Diarrhoea.

STATE CREEK.

Growing crops of every description look very promising on our creek and in our vicinity.

Tel Stone and Chas. Arbuckle will each build a good barn soon. One will be 24x40 and the other 30x40.

Zeph Rosencrans has over one hundred acres of small grain. Rye, oats, and spring and winter wheat.

Ben Williams sold his cattle to the Judy boys of Burr Oak. They will feed several head again this winter. The corn crop looks very promising in that part.

Preaching last Sunday at 11 a.m., at Mt. Hope by Rev. Haven of Highland, and we are very creditably informed that from now on he will be on hand every two weeks.

Rev. Robert Goldsworth preaches every two weeks in the evening at Mt. Hope. He is a very able speaker for a young preacher and does extra well. He is a United Brethren.

Rev. Campbell living near Highland, preached a very able sermon at Pleasant Dale last Sunday. He will preach there regular every two weeks if it is the desire of the settlers of that part.

The horse race at Red Cloud last week created considerable excitement in our part, and while some of our boys bet all of their money and others their watches and now cannot tell what time to start to the race, the friends of the Fair horse have the time in each pocket and watches for sale or trade. Never mind, boys, those time pieces are only borrowed until the next race.

The two hundred head of diseased cattle in the Carpenter pasture has created a great deal of excitement on the creek. It is said they were shipped from Arkansas to Kansas City from which place they were shipped here and that they are covered with the Texas ticks which will blow and scatter. Other cattle will take the disease by traveling over the road. Some of the neighbors that have several head of their own are highly interested in the removal of them and don't think Allen should have taken them to pasture.

OCCASIONAL.

John Griffin, of Zanesville, O., says: "I never lived a day for thirty years without suffering agony, until a box of De Witt's Witch Hazel Salve cured my piles." For piles and rectal troubles cuts, bruises, sprains, eczema and all skin troubles De Witt's Witch Hazel Salve is unequalled. C. L. Cotting.

There is a Class of People Who are injured by the use of coffee. Recently there has been placed in all the grocery stores a new preparation called GRAIN O, made of pure grains that takes the place of coffee. The most delicate stomach receives it without distress, and but few can tell it from coffee. It does not cost over one-fourth as much. Children may drink it with great benefit. 15c and 25c per package. Try it. Ask for GRAIN O.

Burning, itching skin disease instantly relieved by DeWitt's Witch Hazel Salve, unequalled for cuts, bruises, burns. It heals without leaving a scar. C. L. Cotting.

Blood Poison.

Contagious Blood Poison has been appropriately called the curse of mankind. It is the one disease that physicians cannot cure; they merely palliate and potash remedies only bottle up the poison in the system, to surely break forth in a more virulent form, resulting in a total wreck of the system.

Mr. Frank B. Martin, a prominent jeweler at 926 Pennsylvania Ave., Washington, D. C., says: "I was for a long time under treatment of two of the best physicians of this city, for a severe case of blood poison, but my condition grew worse all the while, notwithstanding the fact that they charged me three hundred dollars. My mouth was filled with eating sores; my tongue was almost eaten away, so that for three months I was unable to taste any solid food. My hair was coming out rapidly, and I was in a horrible fix. I had tried various treatments, and was nearly discouraged, when a friend recommended S.S.S. After I had taken four bottles, I began to get better, and when I had finished eighteen bottles, I was cured sound and well, my skin was without a blemish, and I have had no return of the disease. S.S.S. saved me from a life of misery." S.S.S. (guaranteed purely vegetable) will cure any case of blood poison. Books on the disease and its treatment, mailed free by Swift Specific Co., Atlanta, Ga.

Fits Cured

From the Journal of Medicine Prof. W. H. Peck, who makes a specialty of Epilepsy, has without doubt treated and cured more cases than any living Physician. His success is astonishing. We have heard of cases of 20 years' standing cured by him. He publishes valuable work on this disease, which he sends with a large bottle of his absolute cure, free to any sufferer who may send their P. O. and Express address. We advise any one wishing a cure to address Prof. W. H. PECK, P. O. 4 Cedar St., New York.

The Congregational church is being improved by the addition of screens to door and windows.

Some of our farmers are already sowing their winter wheat, the ground being in a splendid shape for that purpose.

The union Christian Endeavor will give a song service in the Congregational church on Sunday evening at 8 o'clock.

James Deakin arrived here from Beaumont, Texas, last Friday for a week's visit. He reports things booming just now in the south.

If eastern farmers could only see the quantity of corn and wheat being hauled daily to this great shipping point and the grand promises our beautiful corn fields hold out for the future, they would want to change their location as soon as possible.

The large party that started from this place last Thursday week for Crystal Lake met with so many crystal drops on the way that they decided after all blue was the best color, and so terminated their pilgrimage at Blue Hill returning next day much refreshed.

G. W. Francis returned last week from his extended eastern visit. He saw nothing while away that would tempt him to leave this "garden spot." He thinks we have a far better show here in this county for good crops than most other places between here and the Atlantic.

"Let me give you a pointer," said M. E. Gregg, a popular conductor on the Missouri Pacific railroad. "Do you know that Chamberlain's Colic, Cholera and Diarrhoea Remedy cures you when you have the stomach ache? Well, it does." And after giving this friendly bit of advice, the jolly conductor passed on down the aisle. It is a fact that thousands of railroad and traveling men never take a trip without a bottle of this remedy, which is the best cure for bowel disorders in the world. 25 and 50 cent bottles for sale by H. E. Grice, Druggist.
