**Severe Attack of Dyspepsia Cured by Hood's Sarsaparilla - A Skin Disease From Childhood.**

"Since we came to North Dakota we have never had occasion to call a physician. We take Hood's Sarsaparilla for all our ailments. About three years ago my husband had the misfortune to strain his stomach by heavy lifting. This brought on dyspepsia and he suffered very much, especially at night, and he could not sleep. He decided to take Hood's Sarsaparilla and after using two bottles he was completely cured. He was also gratified to find that Hood's Sarsaparilla relieved him of a roughness of the skin with which he had been troubled from childhood." Mrs. JOHN ABRAHAM, Pembina, N. D.

### MAILING A LETTER.

Just think what Uncle Sam will do for two cents! He will take a letter safely across this continent, over mountains and rivers, through valleys and gorges, and deliver it to the door with dispatch and safety. And all this is done for two cents. Client may consult lawyer, minister console parishioner, teacher advise scholar, doctor instruct patient, while the width of a continent is between them. With the quickness of thought, and absolute secrecy, each missive is conveyed.

Hundreds of letters containing advice for patients living in all parts of the United States are going out every day from the offices of Dr. Hartman. Perhaps it is a mother in California, or a wife in Florida, or a sister in Maine, who wishes to consult him as to some detail of their treatment. Uncle Sam delivers the letter for two cents, and again the answer, for the insignificant sum of two cents. This free correspondence is carried on by Dr. Hartman by the aid of a corps of doctors, clerks and stenographers. Every letter strictly confidential and dictated especially for each patient. All women suffering from any form of female disease should consult the doctor at once. Mrs. A. J. Hull, Leona, Kan., writes: "My trouble was female complaint, and I thank you a thousand times for curing me." Per-na cured this woman, and will cure the thousands of others who are suffering like her. Send for Dr. Hartman's free book, written expressly for women only. Address The Pe-na Drug Manufacturing Co., Columbus, Ohio.

### Too Much Knife!

The use of the surgeon's knife is becoming so general, resulting fatally in such a large number of cases, as to occasion general alarm.

Mr. William Walpole, of Walshtown, South Dakota, writes: "About three years ago, there came under my left eye a little blotch about the size of a small pea. It grew rapidly, and shooting pains ran in every direction. I became alarmed and consulted a good doctor, who pronounced it cancer, and said that it must be cut out. This I would not consent to, having little faith in the indiscriminate use of the knife. Reading of the many cures made by S. S. S., I determined to give that medicine a trial, and after I had taken it a few days, the cancer became irritated and began to discharge. This after while ceased, leaving a small scar, which finally dropped off, and only a healthy little scar remained to mark the place where the destroyer had held full sway.

### County Nominating Convention.

The time has not been set as yet for the republican county convention for the placing in nomination of county officers, but it will probably be held about the middle or last part of September. It is to be hoped that the committeemen from each precinct will take interest enough to hand in announcement of caucus or primary so that our readers will have a chance to know when the meetings are to be held. The time for holding the caucus in the first and second wards to select delegates for last Saturday's convention were not printed in this paper for the simple reason that they were not handed in and therefore we had no authority to print them. There were numerous persons who knew nothing of the meetings until after they were over. The committeemen who allow petty dislikes to keep him from having the notice planted in this paper should resign. He will find that there are lots of men to take his place.

It is always gratifying to receive testimonials for Chamberlain's Colic, Cholera and Diarrhoea Remedy, and when the endorsement is from a physician it is especially so. "There is no more satisfactory or effective remedy than Chamberlain's Colic, Cholera and Diarrhoea Remedy," writes Dr. R. E. Robey, physician and pharmacist, of Olney, Mo.; and as he has used the Remedy in his own family and sold it in his drug store for six years, he should certainly know. For sale by H. E.
