A collision, the result of fast and reckless driving, occurred on the corner of Webster street and Fourth avenue last Sunday evening between a team belonging to Art Davis of Inavale and some one driving a single horse at a rate that would do credit to a hurricane, but who hadn't time after running into Mr. Davis' team to stop and see the amount of damage he had done. Aside from a bad cut on one of the horse's necks where one of the buggy shafts struck no damage was done.

A very pleasant wedding ceremony was performed by Rev. The sad intelligence of the drowning of James Murphy an old pioneer of this county came as a shock to his old friends when it was reported on the streets last Saturday evening. For some time past he has been suffering with a cancer on his cheek and as his case was pronounced hopeless it is supposed that he ended his misery by taking his own life. The deed was committed under a bridge of the B. & M. southeast of the city. The funeral services were conducted by Father McKenna on Monday morning and his remains were laid to rest in the Catholic cemetery.

The readers of this paper no doubt remember of reading several times in past five or six months short articles clipped from other state papers in regard to traveling grocery sharks, but nevertheless last Monday these same grocery men delivered a car load of goods to people of this vicinity. In conversation with the portly manager of the outfit he acknowledged in the presence of witnesses that he had made over \$6000 out of the people of this vicinity in the past month and even went so far as to say that the worse he "skinned" them the better they liked it. Perhaps those who patronized this outfit thought they were getting something cheap and the chances are they got some that was cheap as was acknowledged by the fact that the outfit made \$6000 on a single carload. The quicker the people of this county learn to let these smooth talkers alone the better they will be off. Another statement made was that this was the first place that they had struck for a long time that the newspapers had not "roasted" them and said he was sorry for it, as it advertised him and a few minutes personal conversation or rather "smooth talk" would fix the newspaper story and he could always sell more goods. This is surely not a very good outfit to tie to or buy goods of if they can't wait till they get out of town to tell how much they skinned the county out of.

### MORE OR LESS PERSONAL.

Don't use bill heads or statements in which you have to write your own name. Get them printed in an up-to-date style. There is nothing which will make your customers think you are of the disposition to be penurious so much as this. If you are stingy in one way what reason is there to believe that you won't be in other ways. Get your printing done right at the CHIEF office.

On last Wednesday night occurred the twentieth anniversary of the marriage of Mr. and Mrs. Isaac Ludlow and in honor of the event the neighbors and friends of the couple were invited in to celebrate the occasion and they did it in splendid shape. A splendid supper was served and the CHIEF was not forgotten and wish to thank the hostess for a generous supply of cake. Between forty and fifty guests were present and left numerous souvenirs of their esteem in the way of useful presents.

Mr. Judson Bailey was a pleasant(?) caller at these headquarters on last Saturday evening and gave us to understand in a very gentlemanly(?) manner that we were mistaken in informing the public that he was pleased that the nomination for clerk on the populist ticket fell to the lot of Jimmie Hale and that he was not an aspirant for the emolument of a deputyship under that gentleman in case he was favored in election to the office. Of course we do not wish to thrust honors upon the gentleman if he is unwilling to accept them and we are always willing to correct mistakes when we make them. We received our information from the utterances made by good populist brethren who are in touch with the inside workings of the party. They may have been mistaken. In political times "we are from Missouri" and will have to wait until after election and be shown. In any event we are sorry of Mr. Bailey's decision for if Jimmie "puts the mustard" we would like to see one competent(?) man in the office.

## Your Cough,

like a dog's bark, is a sign that there is something foreign around which shouldn't be there. You can quiet the noise, but the danger may be there just the same. SCOTT'S EMULSION of Cod-liver Oil is not a cough specific; it does not merely allay the symptoms but it does give such strength to the body that it is able to throw off the disease.

You know the old proverb of "the ounce of prevention?" Don't neglect your cough. A book which will tell you more on the subject sent free on request.

Your druggist keeps Scott's Emulsion of Cod-liver Oil. Put up in 50 cts. and \$1.00 sizes.

FIRST BALLOT.

Hunter	63
Case	31
Tulleys	1

On motion H. E. Grice was nominated for coroner by acclamation. On motion W. E. Thorne was nominated for surveyor by acclamation.

On account of vacancy Elmer McCoy was appointed committeeman from Harmony and J. A. Hayes from Guide Rock.

No other business coming before the convention they adjourned after being in afternoon session just two hours.

Ed. Sherer as a surprise party cleaned the platter clean.

Grice for coroner and Thorne for surveyor are like the rest of the ticket, good selections.

There is some difference in making the nominations in two hours and in wrangling for eight.

Hunter showed by the vote he received that the people had not forgotten the good record he has made.

The election of C. S. Bennett to the judgeship of Webster county would not detract anything from the capable supervisors of the present incumbent.

A gasp by those who figured that they might grasp the nomination of treasurer from Charley Robinson and it was all over. He received the nomination by acclamation.

The selection of John Cray from Guide Rock for the nomination for county clerk could not have been better. He is competent and a gentleman, two very good qualifications.

Mrs. Case will be elected in good shape and when the Guide Rock Signal made the remark last week that "either Mrs. Case or Hunter could check Wilson's baggage to the uttermost part of Salt river," it was correct.

The "swill barrel and slush bucket" organ of the populists tries to slur I. B. Hampton. A trip to the home of that gentleman will show that he is a prosperous farmer and that he has become so through good management. The "swill barrel, etc" hates prosperity.

A brother of Rev. Darby accompanied by his family are here from Mobile, Alabama.

There will a rally at the Haskins school house in district 30, Sunday, September 19th, at 3 p. m.
