like to hear from this part of the country I will write you a few lines.

It is dry here yet and has been hot for nearly a week getting as high as 97 all the delicate for about an hour then dropping to 80 then ranging from 60 to 78. All these hot weather storms have been in sight over the mountains to the east where of nights plenty of lightning may be seen and sometimes the distant rumble of thunder may be heard.

It would be too great a task to imagine the different kinds of crops so I will only give an outline. Crops of all Cook should roast all the time. kinds have been good except prunes, apples and peanuts. This is not considered an apple country and peanuts ceiving some instructions in photoghave been hurt by the red spider. Ordinary school teachers get \$75 per month. Good board in private families may be had at \$2.50 per week. To those who love to fish or hunt I would say there is plenty of fish and small game and the climate is such that you need not fear a storm at this time of the year. One is not obliged to have a lantern as almost any night a lighted lamp or candle my be carried in the open air. Campers are not obliged to have tents but often lie down just like cattle, except a blanket, as the nights are cool. The raising of sugar beets is quite an industry here and some tested as high as 24 per cent sweet. We have nine months of public school each year. The raising of eelery is getting to be one of our profite.

The board entered into a contract with E. W. Copelan, for the rent of the poor house and farm for the year terminating March 1, 1809, which was signed and ordered filed in the clerk's office.

Communication from county clerk of Nuckolls county asking the board with a blood disease is the fact that innocent posterity must suffer. The man or woman with the slightest tain in the blood forces the undesirable legacy of impurity upon their children whose veins flow with the impure inheritance which handicaps them in the race of life.

Several new oil wells range 9, in Webster county, Nebraska, deal of sickness, because their constituasking the county to either build said tions are weak and cannot withstand the bridge or order them to build said bridge and each county to pay its half of said bridge. W. R. Ryker was au-thorized and empowered to confer with the commissioners of Nuckolls county and proceed to have said bridge built.

Palmer & Brown appeared and represented to the board that they had completed the contract for the building of the poor house on the poor farm and asked the board to accept said building. After the viewing and inspection of the building by the board it is the opinion of the board that said parties have complied with the contract and agreement entered into be-tween said Brown & Palmer and the county, and it is hereby ordered by the board that the building be accepted by the county. Claim of Palmer & Brown for balance due on contract of \$950 was allowed and clerk ordered

Said Dickson agrees to accept as damages for said road the sum of \$50. After due consideration it was ordered by the board that the county pay to the said Louis Brownell the sum of \$50 for said right of way and the clerk was ordered to draw warrant on road

fund in payment of said damages.

J. H. Kellogg appeared and represented to the board that he was as sessed for the year 1887 in Red Cloud city on a stock of drugs that he did not own at the time said assessment was made. That said goods were assessed at \$1,000, the same being an erroneous assessment and asked the board to strike said taxes off the tax list as an erroneous assessment. Mr. W. A. Clayton, of Addie, N. C., believes S.S.S. is the only blood remedy which can have any effect whatever upon obstinate cases. He says: "My three-year-old boy had the worst

case of Scrofula I ever heard of. He

was given many blood remedies without relief, and treated by the best doctors. He seemed to get worse all the while, however, and the disease finally resulted in curvature of the spine, making him

"The bad sores on his neck increased in size, and were a source of constant pain. He was in this pitiful condition for two years, when some one recommended S.S.S., stating that it had cured some of the worst cases of blood diseases. As soon as his system was under the effect of the medicine, the sores began to get better, and in eight days were completely healed. Before long he could walk on crutches, and was improving every day. In three months he threw aside his crutches, for he had no further use for them; the dreadful disease had been eliminated entirely from his system, and he was restored to perfect health. The cure was a permanent one, for ten years."

S.S.S. is a real blood remedy, and promptly reaches all deep-scated and obstinate blood diseases, it matters not what other treatment has failed. It is the only remedy which acts on the correct principle of foreing the disease from the system and getting rid of it perma-
