CITY NEWS.

Mrs. Hobart of Riverton was here Tuesday. A. J. Hayes of Guide Rock was up Monday night. We want to do your job printing and will do it right. Andrew Berg of Hastings was here this week greeting old friends. D. J. Myers expects to start Saturday morning on a trip to Cincinnati, Ohio. That little saying about the pebble might apply in the case of Prof. Wilson. Here's to your good health! Use 'Economy Boneset Cordial.' C. L. Cotting. John Wilhelmsen, wife and children are in the city visiting relatives and friends. The election is over and now is the time to advertise and the CHIEF is the paper to do it in. FOR SALE—A good Knabe piano. A good instrument for sale cheap. Enquire at this office. Ed. McCrillis gave us cash this week to send the paper to Frank McCrillis South Wayne, Wisconsin. James Peterson has received a large consignment of buggies. There are some good bargains among them. For a good shave, hair cut or other tonorial work call on O. M. Crabb, successor to Geo. Fentress, south of the Calmes bakery. From the numerous wagons which are seen on our streets loaded with lumber it is in evidence that considerable building is being done. Levi De Hart and family have recently returned from Illinois where they have been making their home for several years past and will again reside in this county. Keep it in the house, whenever you get "blue" or feel "shaky" or indisposed, one small dose of "Economy Boneset Cordial" sets you right. For sale by C. L. Cotting. M. S. Marsh and wife who have been visiting friends here left Tuesday morning for their home in Iowa. Mr. Marsh will most likely return to this city in a month or so and reside here in the future. The genealogy of the Burgess' family did not count for much when it came to getting votes. People do not have to go back three hundred years to make themselves honest. It is what we do that gives us an honest name, not what our ancestors have done. The late election has demonstrated the fact that the democrat and free silver republican fusionists were soundly spanked in this county by the populists. They elected the populist officers but they didn't do a thing to democrat Burgess and free silver republican Wilson. But then it served them right. An entrance was made to the drug store of H. E. Grice sometime last Sunday morning by unknown cracksmen and a good job of safe blowing was done. The door of the safe was badly demolished and the contents some \$52 were taken. The tools with which they did the job were stolen from a local blacksmith shop. Nothing else of value was taken and the job was so executed that the glass prescription case which stood a few feet away was not injured in the least.

AROUND TOWN.

See Peterson before you buy a wagon. Randolph McNitt was in Hastings this week. THE CHIEF is prepared to do your job printing. Mrs. C. D. Robinson has been quite sick this week. Miss, Blanche Sherer is home after a visit with her sister in Hebron. We are indebted to the Argus this week for the use of their election table. R. P. Hutchison has resigned as nightwatchman, and J. G. Sapp is filling that position. A fine republican baby boy arrived at the home of Irving Cummings on Thursday morning. A team belonging to L. Haskins ran away from in front of the Nebraska Mercantile on Monday. Compare wagons that I sold last fall to others and judge for yourself where to buy.—JAS. PETERSON. Mrs. George Matkins returned Monday night from Beatrice where she has been for some time past. A. J. Spry and his sister Mrs. Nora Young left this Friday morning on a visit with relatives at Richland, Center, Wisconsin. The Union Fire Insurance Company is the best mutual. Combine risks; in installments 3 per cent.—J. H. SMITH, Special Agent. When life is short why make any experiments. Buy a Newton wagon at Peterson's and your wife will smile on you when you come home. We think that within a short time our prophecy in regard to Wilson will be fulfilled and we can state that he has departed for pastures new. "Hannah the buggy is busted." Well what of it. Bring out the Newton wagon. It always did look better than the old buggy. For sale by Peterson.

It must make those persons, who voted and worked for Wilson, feel nice to know that the wandering school teacher is already packing up preparatory to leaving town. The Sons of Veterans band serenaded the successful candidates on the republican ticket on Wednesday night and they were also favored by songs by the McKinley quartet. If the CHIEF is net up to its usual standard this week our readers will please lay it to the general lack of news during election week. We hope our correspondents will all wake up next week and send us in the news. Geo. Hutchison has sold his interest in the barber shop of Hutchison & Hiatt to Anthony Green. George has also purchased an interest in Jos. Fogel's harness shop where he can now be found pulling the waxed ends and chewing harness wax. Don't use bill heads or statements in which you have to write your own name. Get them printed in an up-to-date style. There is nothing which will make your customers think you are of the disposition to be penurious so much as this. If you are stingy in one way what reason is there to believe that you won't be in other ways. Get your printing done right at the CHIEF office.

There is more progress in the world than we realize, until we sit down and think the matter over. A grocer who was going out of business a while ago worked off on us about twenty boxes of old fashioned matches for a nickel. They were the matches with white tips which were the standard only a few years ago, and it seems like going back to the middle ages to use them. About half of them are no good to begin with; and when you find one that will burn, it takes so long to reach a steady flame that your reason totters on its throne; and the smell that the match creates reminds you of the Orthodox idea of the place where wicked people go when they die. To the smoker who lights his pipe ten thousand times a day, such matches are a punishment, and he thanks his stars and other planets that civilization is moving on.—Beatrice Express.

Don't bolt your food, it irritates your stomach. Choose digestible food and chew it. Indigestion is a dangerous sickness. Proper care prevents it. Shaker Digestive Cordial cures it. That is the long and short of indigestion. Now, the question is: Have you got indigestion? MORE OR LESS PERSONAL.

WANTED.—A good fresh cow.—Geo. I. KELLEY. Editor Warren of the Argus was in Lincoln this week. Med Lavallee of Riverton was here Sunday and Monday. The best buggies for the money ever brought to town at Peterson's. L. H. Rust and wife are visiting in Beaver City having gone to that place overland. Morris Stern will leave next Sunday for a visit in Philadelphia, Pennsylvania. A man who buys a Newton wagon spends his money well. See them at Peterson's. Now that you are looking after wagons see the Newton and other makes at Peterson's. A. H. Alexander of Humansville, Missouri, is here and will again make this county his home. J. Fred Peterson and wife left Wednesday on a visit to their daughter at Missoula, Montana. Ernest Welsch has again got a force of carpenters engaged in the erection of a new restaurant building. The parties who are selling groceries to the farmers in the county made another car load delivery at the depot this week. "Economy Boneset Cordial" made by the famous old Harmony society, greatest of all appetizers. For sale by C. L. Cotting.

WANTED.—A good girl at Bon Ton Bakery for kitchen work. No washing or ironing. \$3.00 per week to the right girl.—W. S. BASS, Prop. Prof. Wilson was a participant in two runaways on Tuesday morning. Although he was thrown from the buggy he fortunately came out without being much hurt. J. H. Smith writes combined insurance for a term of five years at 3 per cent. On schools houses, churches and farm property on the installment plan. Drop him a card at Red Cloud, Neb. Quite a large number of school children gave Mrs. Case a serenade on Wednesday night. While they were hilarious to an extra degree they voiced the sentiment of pleasure of the school scholars of the city on Mrs. Case's selection.

Dr. F. E. McKeely was a principal actor in a runaway on Wednesday morning. While driving his team down a hill near R. L. Alyea's the neck yoke broke and the team managed to turn the buggy over throwing the doctor out, but he received no serious injury. The buggy was slightly damaged but the horses were not hurt. List of letters remaining uncalled for at the postoffice at Red Cloud, Nebraska, for the week ending Oct. 29th, 1897. Earl Simpson, Han Street. Geo. Schnack, Atty. These letters will be sent to the dead letter office Nov. 12th, if not called for before. When calling for above please say advertised.—F. W. COWDEN, P. M. It is so dry in central Illinois that the editor of the Hillsboro News claims to have to prime his mouth every time he wants to spit, and the editor of the Waverly Journal says he jerked a pump handle all day long and all he brought up was a steady stream of fine dust. These editors are catching on to some of the old stories told about Kansas, and we shall look for them to tell about the farmers throwing pebbles on the barn to make the horses think it is raining, and soaking the hogs before they will hold still.—Beatrice Democrat.

A gross irregularity and breach of law has come to light in regard to the handling of the ballots after the late election. The ballots of Glenwood precinct were given into the hands of an irresponsible person who was neither clerk nor judge and who had not been sworn in as an officer of the election board. The ballots were brought to this city and were left in the Nation office over night and not delivered to the clerk until late Wednesday morning. The gentleman who brought the ballots down was a member of the last legislature and most likely had a hand in the framing of the ballot law. The Nation, as the organ of the populists, has always made a great howl when anything occurred in which republicans were concerned and when they ever got a chance to make a "short hitch" on the republican party or the editors of republican papers they did so. This way of setting the law at naught should be looked after and if it is wrong a lesson should be taught this time or hereafter we may expect that all kinds of irregularities will be perpetrated. The Nation and his bosom friend, McNeny, have not spared the republicans and the republican press and we don't see why they should be spared when the law has been tampered with.

Persistent Coughs. A cough which seems to hang on in spite of all the remedies which you have applied certainly needs energetic and sensible treatment. For twenty-five years that standard preparation of cod-liver oil, SCOTT'S EMULSION has proved its effectiveness in curing the trying affections of the throat and lungs, and this is the reason why: the cod-liver oil, partially digested, strengthens and vitalizes the whole system; the hypophosphites act as a tonic to the mind and nerves, and the glycerine soothes and heals the irritation. Can you think of any combination so effective as this? Be sure you get SCOTT'S Emulsion. See that the man and fish are on the wrapper. 50c. and \$1.00. all druggists. SCOTT & BOWNE, Chemists, New York.

We have a fine stock of NEW lamps. Our prices are very low. We invite your inspection. C. L. Cotting. The Druggist.

The Election. The election is over and as a result the republicans elected C. D. Robinson for treasurer, Mrs. O. C. Case for superintendent and H. E. Grice for coroner. The populists elected J. P. Hale for county clerk, James Duffy for county judge, L. D. Wells for sheriff and Frank Kuehn for surveyor.

The election in this city passed off quietly and there was very little work done on either side. Republicans are feeling well pleased over the result as far as it went for our side.
