### A WHOLE MAN.

A whole man is another name for a healthy man. One of the prime essentials of health is cleanliness. The first step in this direction is a clean skin. This is a well known fact. Not only should the outside of the body be perfectly clean, but the interior of the body as well. Clean teeth, clean mouth, clean throat, clean nasal passages, are all requisite of perfect health. The whole body, as well as every organ in the body, is lined with mucous membrane, which is even more liable than the skin to become dirty. The most frequent causes of unclean mucous membrane is catarrh. Catarrh creates unnatural secretions, even though the catarrh be very slight. In this condition good health is impossible.  
Dr. Hartman has made a specialty of treating chronic catarrh for nearly 40 years. His great remedy (Pe-ru-na) has become known throughout the United States and Canada. It is certainly the best, and probably the only effective internal remedy for chronic catarrh. Its cures are permanent. The doctor is also the author of many books on chronic catarrh. His latest book on the subject will be sent free for a short time by the Pe-ru-na Drug Mfg Co., Columbus, Ohio.

# Look out For Cancer!

Few people are born entirely free from blood taint. This is often very slight or remote, and sometimes may not develop at all in one generation, but breaks out in a serious disease later.  
Cancer, the most dreadful of all diseases, is often the result of some blood taint inherited from generations back. It often appears as a mere mole or insignificant pimple, which later develops into an alarming condition. No one knows but that he may be subject to an inherited impurity in the blood, nor can he tell whether or not this may some day crop out in the form of destructive cancer. It is, therefore, important that any little sore or scratch, which does not readily heal, be given prompt attention, or a serious condition may result.  
Mr. Robert Smedley, of Ocala, Fla., was the victim of a malignant cancer, which first appeared in the manner above described. He writes:  
"At first I paid no attention to the little blotches on my face, thinking they would soon pass away. Before long, however, they became sore, and soon began to enlarge. I applied ordinary local remedies, but they had no effect, and I then consulted a physician. When

he told me I had cancer, I became alarmed and hastened to obtain treatment for I knew how dangerous cancer was.  
"I received the best medical attention, but the cancer continued to grow worse until the physicians finally said that I would have to have an operation performed, as that was the only hope for me. This I refused to submit to, as I knew cancer was a blood disease, and my common sense told me that it was folly to expect an operation to cure a blood disease."  
"Knowing S. S. S. to be a good blood remedy I decided to try it, and the first bottle produced an improvement. I continued the medicine, and in four months the last scab dropped off. Ten years have elapsed, and not a sign of the disease has returned."

The alarming increase in the number of deaths which occur as the result of a surgical operation is attracting general attention, and a strong sentiment against such methods of treatment is fast developing among the most intelligent classes. It seems that in almost every case where the doctors' treatment is unsuccessful, the learned physicians decide at once that an operation must be performed, and the keen blade of the surgeon is recklessly resorted to.  
The many caustic plasters which are applied to remove cancers are more painful than death, and the danger of a surgical operation is as great as the disease itself. No plaster or surgical operation can cure cancer, because it is a blood disease; the destructive cancer cells are in the blood, and cannot be cut out, or removed by local treatment. As the disease must be forced from the blood, it is only reasonable to rely upon a real blood remedy for a cure, one which goes direct to the cause of the trouble and removes it.  
S. S. S. (Swift's Specific) is the only known cure for cancer and other obdurate and deep-seated blood diseases such as Scrofula, Eczema, Catarrh, Rheumatism and Contagious Blood Poison. It is **Purely Vegetable,** and is the only blood remedy guaranteed to contain not a particle of mercury, arsenic or other mineral, which means so much to all who know the disastrous effects of these drugs.  
Books on Cancer and Blood Diseases will be mailed free to all who address Swift Specific Company, Atlanta, Ga.
