

MART THORN'S STORY.

THE MURDER CHARGED TO MRS. NACK.

Swears That She Shot Guldensuppe and Then Cut Up the Body and That She Only Helped Dispose of the Remains—Gives the Details.

New York, Nov. 30.—Only three women were in the court at Long Island City to-day when the trial of Martin Thorn for the murder of William Guldensuppe was resumed.

At the conclusion of Howe's address he asked that before the case was closed the jurymen should be permitted to view the premises at Woodside.

The defense called several witnesses to testify to the prisoner's good character, and after a short recess Thorn was put upon the stand to testify in his own behalf.

Beginning with the statement that he came to America seventeen years ago, and that his real name was Torceswicky, the prisoner briefly related the facts of his life up to the time he met Mrs. Nack, eighteen months ago.

Mrs. Nack met him at the door and told him she had shot Guldensuppe dead. He helped to undress the body and carry it to the bath tub, and after he had brought plaster of paris she began cutting up the body.

Thorn told of his meetings with the woman after this and how Mrs. Nack had made preparations to go to Europe. Mrs. Nack met him on Tuesday night, June 30, and the following day he learned from the papers that she had been arrested.

During the direct testimony Thorn looked directly at the jury. He spoke clearly and distinctly, although at times his voice dropped to a rather low tone.

BADENI RESIGNS.

Austrian Cabinet Tenders Its Resignation—Parliament Adjourned by Emperor.

VIENNA, Nov. 30.—The Austrian ministry yesterday tendered their resignations to Emperor Francis Joseph, who accepted them and entrusted Baron Gautschi, who holds the portfolio of public instruction of the retiring ministry, with the task of forming a new cabinet.

It is asserted that the emperor at first declined to accept the resignation of the cabinet, but Count Badeni replied:

"Your majesty, I cannot accept the responsibility. Bloodshed will ensue if I remain in office."

Thereupon the emperor reluctantly accepted the resignation.

Yesterday morning Emperor Francis Joseph addressed an autograph letter to Count Badeni, desiring the adjournment of the reichsrath until further orders.

CARR ATTEMPTS SUICIDE

Swallows Powdered Glass and Makes a Desperate Attempt to Kill a Deputy.

LIBERTY, Mo., Nov. 30.—About 4:30 o'clock yesterday afternoon, William Carr, murderer of his 3-year-old daughter, Belle, attempted to commit suicide by swallowing powdered glass.

He fought desperately against remedial measures and had to be choked into submission. Dr. Sevier, who is attending him, does not say whether or not Carr will recover, but it is probable that he will.

Carr's wife called to see him yesterday afternoon, and Deputy Sheriff Ed Cave took Carr up to the sheriff's office that he might talk to her. Carr left the two there with Night Watchman Will Wymore and went down to the jail to see if Carr had made any new plans.

The prisoners told Carr that Carr had taken a bottle of medicine belonging to one of the prisoners Saturday night and, after pouring the medicine on the floor, had pounded the bottle until the glass was reduced almost to powder.

Carr soon returned with Officers Thompson and Wymore. Carr lifted the chair to brain Carr, but Carr was too quick for him. He leaped and caught Carr by the throat, and the two other officers rushed in to assist. Carr, however, fought desperately, and kept the three men off several minutes.

URGES EVICTION STRONG.

Indian Agent Wisdom Reports—The Intruders Must Go.

WASHINGTON, Nov. 30.—In his report to the interior department, D. M. Wisdom, agent of the Union Indian agency, in the Indian territory says: "The intruders must go. The intruders have made the Indians doubt the good faith of the government and made it more difficult to treat on the more important issues of allotment and the breaking up of tribal autonomy in the nation to which the individual Indian belongs."

The report deals with a number of important Indian developments. It says the clamor for a change in tribal autonomy has produced Indian unrest and disquietude, resulting in a determined purpose on the part of many of the fullbloods, who will act in their individual capacity, to emigrate to either Mexico or South America and there purchase new homes for themselves and families.

Discussing the judicial complications in the territory, the report stamps the change made in putting deputy United States marshals back on a fee basis as a great mistake. It takes a roseate view of the possibilities of success of the Dawes commission negotiations.

EXPECT REVOLUTION.

THE OUTLOOK FOR AUSTRIA VERY DARK.

The Emperor and the People Alike Expect an Outbreak—Germans of the Kingdom Fighting for Existence—Disorder and Riot Expected.

VIENNA, Dec. 1.—That the re-assembling of the Reichsrath will be marked by a repetition of the recent disorders despite the retirement of Premier Badeni is certain. The Rightists have formed a union to oppose the new government and will especially object to any proposal for the repeal of the language ordinance.

That Austria is trembling on the brink of revolution is acknowledged by nearly everyone, but people outside the empire do not understand the gravity of the situation. The Germans in the empire propose to fight against the domination of the Poles and Czechs who, they know, hate them with undying bitterness.

The struggle in the Reichsrath only reflects the conflict all over the country and every one from the emperor down, expects an outbreak, which may surpass the revolution of 1848, for there are too many conflicting divisions in the empire to be reconciled for any length of time.

The capital and all the German provinces received the news of the fall of the Badeni cabinet with great rejoicings, evidenced by illuminations and torchlight processions in many cities. At monster meetings, Socialists received rousing ovations.

Baron Gautschi, who has been entrusted with the formation of a new cabinet, is a comparatively young man. He was born in 1851 and was minister of instruction in the Badeni cabinet and in the preceding Taaffe and coalition cabinets. He is a Conservative, with leanings toward the Clerical party, but ready for a concession to progress.

SPAIN'S AUTONOMY PLAN.

Minister DeLome Says It Provides Large Liberty for the Cubans.

WASHINGTON, Dec. 1.—Senator Dupuy de Lome, the Spanish minister has received long dispatches from Madrid showing in detail the plan of autonomy which Spain is about to apply to Cuba. Speaking of the new laws, the minister said to-day:

"If the new home rule law is compared with the systems prevailing in the several states of the United States it will be found that Cuba is to have a far greater measure of control of her own affairs than do the several states in this country. For instance, she is given control of her postal affairs, control of her banking and currency, control of her customs."

"There is another feature which should be noted. For the first time the government has said officially that Spain will assume a part of the debt of Cuba. The payment of this debt is to be arranged by the cortes, but it is to be on a basis satisfactory to both parties."

MORE GERMAN WAR SHIPS

The Kaiser Makes a Personal Appearance—Speech to Parliament.

BERLIN, Dec. 1.—Emperor William opened the session of the reichstag to-day for the first time since 1894 and read the speech from the throne.

The navy occupied the principal place in the speech. The passage on this subject was as follows: "The development of the German navy does not correspond with Germany's mission at sea, and in the event of war-like complications it would not suffice to assure the security of the home ports and coasts against a blockade of more extensive operations upon the part of the enemy."

Referring to the naval demonstration in Kiao-Chou bay, China, the emperor said: "The murder of the missionaries in China and the attacks upon mission stations which have been placed under my imperial protection, and their welfare, which I have at heart, have compelled me to cause my squadron in Eastern Asia to proceed to Kiao-Chou bay, the point nearest the scene of the outrage, and land troops in order to obtain full reparation and security against a recurrence of similar lamentable events."

Touching the general political situation His Majesty said: "Our political relations with foreign states are in every way gratifying and valuable guarantees of the maintenance of these relations have again been afforded me by meetings with the allied and friendly monarchs, as well as by the brilliant and cordial receptions accorded me in my visits to Peterhof and Buda Pesth."

GOVERNMENT RECEIPTS.

Another Large Deficit in Government Revenues for November.

WASHINGTON, Dec. 1.—The forthcoming November statement of the government revenues and expenses will show receipts during November of about \$25,000,000. This is a trifling improvement over October, when the receipts were \$24,391,415. The deficit thus far during November stands at \$8,572,109, which is larger than was expected.

The deficit for the fiscal year stands at \$46,581,129, the receipts having been \$127,701,160, and the expenditures \$174,282,289.

The receipts from customs so far this fiscal year undoubtedly will fall considerably short of the estimates made by the managers of the new tariff bill during its pendency in Congress. At that time it was estimated that customs would yield about \$180,000,000 during the first year. The indications now are said to be that the receipts from this source will not aggregate more than \$65,000,000.

A WIRE MONOPOLY NEXT.

J. P. Morgan & Co. Secure Control of All of the Factories of the Country.

NEW YORK, Dec. 1.—Efforts were begun six months ago to consolidate under one ownership and management the wire rod, wire nail and other wire interests of the United States. At a meeting just held in this city every wire manufacturer in the country was present and a basis acceptable to all was arranged. J. P. Morgan & Co. are financial backers of the enterprise, which involves \$60,000,000. There is every reason to believe that by February 1 every wire mill in the country will be owned by the Morgan company, with John W. Cates of Chicago as president of the company.

BISMARCK, N. D., Dec. 1.—A report has reached here from the Standing Rock reservation that the mother of Philip Ireland, one of the young Indians recently lynched at Williamsport, has committed suicide because of the disgraceful death of her son. There is a belief among the Indians that any person who may be hanged will never reach the happy hunting grounds, the heaven of the Indians. This is the reason that the Indians at Standing Rock wanted the Indians shot and not hanged.

Although the motion has been made by State's Attorney Armstrong, of Emmons county, for their dismissal, Frank Blackhawk and George Defender are still in the county jail here and will not be released until tomorrow morning, when General Crisnic, of the Standing Rock reservation will be here to take the men back to the reservation.
