Don't forget choir practice Saturday evening at C. H. Frisbie's.

DEBILITY
To those who suffer pain the joy of relief is indescribable. Debility or nervous prostration causes all the inconveniences of pain, though not its sharpness. It is a later stage of disease. Pains and debility are symptoms of a deranged condition of the kidneys. Both will disappear when the kidneys are made to act right, not before. Deceased or inactive kidneys can be **CURED**
Some time ago I received a pamphlet advertising your Sparagus Kidney Pills. As I have been suffering for several years with pains in my back and nervous debility, I decided to try the pills and I must say they do their work in great shape, as this is the first time in years that I have been out of pain.
Yours truly,
H. H. VAN GERDEN,
Veterinary Surgeon,
711 Hastings street, Hastings, Neb.
HOBBS
