ROYAL BAKING POWDER
Absolutely Pure

ROYAL BAKING POWDER CO., NEW YORK.

CITY NEWS.

F. P. Hadley carriage painter. Hear the Imperials on the 21st. Dr. Damerell of Hastings was in the city today. Go to Butler for the best in saddlery and harness. Wm. McClelland of Bloomington was here Thursday. See those fine surreys at Peterson's and note the low prices. Peter Moran of Lincoln has taken a position as waiter for Wm. Bense. Active work on the new addition to Miner Bros. store room will soon be commenced. On another page of this paper will be found a book offer which every subscriber should read.

The warm weather of the past week has had a good effect on the muddy roads throughout the county.

I can give you better buggies for the money than anyone else. I get them in carload lots.—JAMES PETERSON.

J. L. Miner, accompanied by his daughters Mary and Margaret, returned from Chicago the last of the week.

Chas. E. Hogate and Miss Ida S. Boom, of Bladen, were granted a marriage license by Judge Duffy on Monday.

"Economy Bonaset Cordial" made by the famous old Harmony society, greatest of all appetizers. For sale by C. L. Cotting.

A new subscriber, or an old subscriber, who pays a year in advance of February 14th, 1898, will receive two good books. Read advertisement on another page.

The dance at the Odd Fellows building last Tuesday evening was not as well attended as usual owing to numerous counter attractions, however all report a pleasant time.

Frank Sherwood was down town today for the first time since he had his tussle with cholera morbus. He says he drove thirty miles after he was taken and never came so near dying in his life. After this when he goes out in the country he will take a bottle of Chamberlain's Colic, Cholera and Diarrhoea remedy with him.—Missouri Valley (Iowa) Times. For sale by H. E. Grice.

List of letters remaining uncalled for at the postoffice at Red Cloud, Nebraska, for the week ending Feb. 24th, 1898.

Clarence Camp, C. E. Capist, Mrs. Max Granger. These letters will be sent to the dead letter office. Mar. 11th, if not called for before. When calling for above please say advertised.—F. W. COWDEN, P. M.

"Do you know of an empty house anywhere in town?" is a question that can now be heard several times a day and the same answer always comes back, "No." While it is quite true that there are a number of empty "shacks," or houses which the owners have let go to rack and ruin rather than pay a few dollars for repairs at the proper time because renters could not be found to occupy them, at present we do not know of a house in the city fit to live in which is empty. This should be a lesson to property owners who let their property go to rack. Fix up your property and you will soon find a suitable renter at a fair rental.

Awarded Highest Honors—World's Fair, Gold Medal, Midwinter Fair.

The revival meetings which are being held at the Christian church are receiving quite a liberal attendance and considerable interest is being manifested. As yet the accessions have not been numerous but the increasing interest promises to bring about a number of new additions to the church.

The present year promises to see more new improvements in the city of Red Cloud than has been made in several years past. With the increasing prosperous condition of the country generally, this city is not to be left in the rear. From present indications this year will see new brick buildings and several new residences erected within the city, besides other improvements by way of additions and repairing old residences that have been let go almost to ruin because tenants could not be found.

Miner Bros. this week received their new spring stock of goods, and a glance at the inside of the store will convince one in a few seconds that the stock is by no means an ordinary spring stock of goods composed of a couple of boxes of dry goods. From the appearance of the store the new stock must be one of the most complete ever brought to this city. New goods could be seen piled as high as possible all over the store, up stairs and down. We do not wonder that the firm is in a hurry to get the addition to their already large store building erected. Every conceivable thing in spring and summer goods can be found in this new stock and it will pay you to read their advertisement next week if in need of anything.

Washington's birthday was observed with exercises appropriate for the occasion by our public schools last Tuesday. Very interesting programs were rendered in the several rooms.

The Wilcox Herald says: "Look out for the clothing sharks who are willing to sell you a suit of clothes and take your note in payment for same." Quite right. Traveling fakirs of any kind are good things to keep away from. Patronize your home merchant and if the goods you get are not as represented you generally get satisfaction.

The Royal Highlanders, a beneficiary secret society, was organized in this city last Friday evening by G. T. Widaman, of Aurora, Nebraska, with a good working membership, and with bright prospects for a large increase in membership in the near future. The order, while having the same object as other beneficiary societies, is somewhat different, as it has a fixed rate of premium graded according to age and a reserve fund. It provides benefits for death, disability, old age, and for its members in sickness and distress. The order is spoken of by some of the prominent lodge men of the country as being the coming beneficiary order of America.

An exchange gives the following list of eight classes of people who do a town no good: "First, those who go out of town to do their trading. Second, those who oppose improvements. Third, those who prefer a quiet town to one of push and business. Fourth, those who think business can be done slyly and without advertising. Fifth, those who deride public spirited men. Sixth, those who oppose every movement that does not originate with themselves. Seventh, those who oppose every movement that does not appear to benefit them. Eighth, those who seek to injure the credit of an individual."

General Debility and Loss of Flesh

Scott's Emulsion has been the standard remedy for nearly a quarter of a century. Physicians readily admit that they obtain results from it that they cannot get from any other flesh-forming food. There are many other preparations on the market that pretend to do what

SCOTT'S EMULSION

does, but they fail to perform it. The pure Norwegian Cod-liver Oil made into a delightful cream, skillfully blended with the Hypophosphites of Lime and Soda, which are such valuable tonics, makes this preparation an ideal one and checks the wasting tendency, and the patient almost immediately commences to put on flesh and gain a strength which surprises them.

Be sure you get SCOTT'S Emulsion. See that the man and fish are on the wrapper. 50c. and \$1.00, all druggists. SCOTT & BOWNE, Chemists, New York.

Fred Howard of Council Bluffs, Ia., a former Red Cloud citizen, sends us a dollar on subscription.

Miner Bros. will receive bids to dig the cellar for the addition to their store building up to March 28th.

Albert Ferguson and Miss Lizzie Doyle both of Guide Rock, were married last week by Judge Duffy.

Rev. Geo. B. Spangler of Illinois will preach morning and evening at the Congregational church next Sabbath.

Wm. E. Jackson, one of Red Cloud's oldest citizens, is quite seriously ill at his residence in the south part of the city.

C. C. Blue of Lowell, this state, was here this week on his way to the Mandelbaum and Gress hog sale at Superior.

Frank Dagggett, who is now located at Phillipsburg, Kansas, in the marble and granite business, was here the last of the week.

A very pleasant surprise party was sprung on John Runchey and his estimable wife by the Ladies Aid Society of the Methodist church on last Tuesday evening, the surprise having been planned on account of the family's leaving for their new home near Inavale. Tables were spread with refreshments, and a general good time was had.

Don't use bill heads or statements in which you have to write your own name. Get them printed in an up-to-date style. There is nothing which will make your customers think you are of the disposition to be generous so much as this. If you are stingy in one way what reason is there to believe that you won't be in other ways. Get your printing done right at the CHIEF office.

In a recent letter from Washington, D. C., to an old friend, Major J. A. Studer, for twenty years United States consul at Singapore, says: "While at Des Moines I became acquainted with a liniment known as Chamberlain's Pain Balm, which I found excellent against rheumatism as well as against soreness of the throat and chest (giving me much easier breathing). I had a touch of pneumonia early in this week, and two applications freely applied to the throat and chest relieved me of it at once. I would not be without it for anything." For sale by H. E. Grice.

In our estimation the greatest woman who ever lived was Colonel Lydia E. Pinkham. Other female colonels have been handier with their tongues, but Lydia was more successful in society, and a better friend to commerce than any of them. She began the manufacture of her \$3 shoes in a small way many years ago. Before long her advertisements began to attract attention. The familiar catch line, "See that hump" was observed in all the newspapers and in every street car in the world, and the announcement that she paid the freight also attracted notice. She advertised regularly and persistently, and there was not a town in the civilized world where the people didn't know that "A Scrap of Paper Saved Her Life." For years printers have blessed her name, and worshipped her kindly face, and to this day every child is familiar with her watchword: "You press the button and we do the rest." For these and numerous other reasons, we regard Lydia as the greatest girl prodigy of her time.—Beatrice Express.
