FROM FOOT TO KNEE

Ohio Woman Suffered Great Agony From a Terrible Sore-Her Story of the Case, and Her Cure.

"For many years I was afflicted with a milk leg, and a few years ago it broke out in a sore and spread from my foot to my knee. I suffered great agony. It would burn and itch all the time and discharge a great deal. My health was good with the exception of this sore. I tried a great many kinds of salve, but some would irritate the sore so that I could bardly stand the pain. I could not go near the fire without suffering intensely. Some one sent me papers containing testimonials of cures by Hood's Sarsaparilla, and I told my husband I would like to try this medicine. He got me a botile and I found it helped me. I kept on taking it until my limb was completely heated. I cannot praise Hood's Sarsavar dia enough for the great benefit it has been to me. it cleanses the blood of all legistrilles and leaves it rich and pure." Thus Anna E. EAREN, Whitelessy, Oh ...

The gossips of this neighborhood were highly wrought up over separ ation of Mr. and Mrs. Sam Giger a week ago last Sunday, which was caused by a neighbor and a mule, and from the conflicting stories we lived in faily dread of hearing of a murder or suicide or any other old thing. The impurities that have been accumulating for a year must be gotten rid of and the system renovated and prepared for the siege of summer. Unless Nature is assisted in this task, the strain on the system is too severe, and a breakdown is the result. Some people neglect to supply this assistance, and as a result they are overcome by an enervating, depressed feeling, their energies relax, appetite fails, and they are totally disabled for a season.
