I was reading an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the Worcester Enterprise recently, which leads me to write this. I can truthfully say I never used any remedy equal to it for colic and diarrhoea. I have never had to use more than one or two doses to cure the worst case with myself or children.—W. A. STROUD, Popomoke City, Md. For sale by H. E. Grice.

School Entertainment.

The school entertainment at the opera house last Friday evening was one of the most successful entertainments of that character ever held in this city. The opera house was "too full for comfort" and many were forced to stand up in the rear end of the room. The program was an excellent one, composed of songs, solos, recitations, dialogues, drills, etc., calculated especially to please and interest, and many of them worthy of especial notice and were rendered in a manner that drew many rounds of applause from the large audience. Each room, from the "little tots" of the kindergarten to the graduating class of the high school, had their places on the programme, and each rendered their part in a manner that showed careful training on the part of the teacher in charge and excellent taste on the part of the superintendent in the arrangement of the program. The superintendent and teachers of the schools are highly pleased over the grand success made of this, their first undertaking, and also at the disposition of the citizens of Red Cloud in their desire to help make a success of anything that goes to aid the good work of education. The money raised from the entertainment, about \$43, will be used for the purchase of new books for the school library. At some time in the future our citizens may be enabled to witness another of these excellent entertainments for the benefit of our school facilities, and it is to be hoped they will respond as freely and even more liberally than on last Friday evening. The following is a report of the receipts and disbursements.

Cuban Relief in the Schools.

The Cuban relief feeling has run high in this city during the last ten days and by no means has it been confined to the business men and citizens of our community. The public schools took it upon themselves to aid Cuba and nobly was the work done. A collection of \$46.21 was taken up and given to the proper authorities for the benefit of starving Cubans. The following is a report of the donations received from each room:

High School, Twelfth Grade	80 33
Eleventh "	4 05
Tenth "	5 00

There are just droves of fellows in Beatrice who are ready to go forth to die for their country. It is painful at times to see them panting for hostilities. It is pretty safe to say that if war comes, these same patriots will have some very important engagements at home. They will have widowed grandfathers to support, or piles of wood to saw, or something to do that can't be put aside, and it will grieve them sorely that they can't go to the front. One of the noisiest patriots of them all is a man who is afraid of a setting hen.—Beatrice Express.

What is Scott's Emulsion?

It is a strengthening food and tonic, remarkable in its flesh-forming properties. It contains Cod-Liver Oil emulsified or partially digested, combined with the well-known and highly prized Hypophosphites of Lime and Soda, so that their potency is materially increased.

What Will It Do?

It will arrest loss of flesh and restore to a normal condition the infant, the child and the adult. It will enrich the blood of the anemic; will stop the cough, heal the irritation of the throat and lungs, and cure incipient consumption. We make this statement because the experience of twenty-five years has proven it in tens of thousands of cases.

Be sure you get SCOTT'S Emulsion. 50c and \$1.00, all druggists. SCOTT & BOWNE, Chemists, New York.
