The brick-work on the Wright-Potter building is progressing finely, and by Saturday the walls will be ready for the carpenter work of the first floor. About 248,000 brick will be used in building the walls to the grade level of the street.

If some of our subscribers would stop and think that we have something like a thousand or fifteen hundred dollars on our books in amounts of two to five dollars, we believe they would deem it proper to make us a "pleasant call" rather than have the sheriff come and see us because they did not.

The brick work on the Oatman hotel building and Polnick's saloon building was commenced last Monday afternoon and at present is progressing rapidly. Emanuel Fitz has the contract for the brick work, which is a guarantee that it will be a first class job. In another week Fourth avenue from Webster street east will have lost all semblance of its former self.

The Riverton Fraternal Aid lodge to the number of over one hundred came down last Saturday night on a special train to attend the return banquet given by the Red Cloud lodge. The train bringing them arrived about eight o'clock and was met at the depot with conveyances which took them to Miner's residence corner, from which place the line of march was taken up. The line formed with the Riverton band in the lead and marched to the Masonic hall, where everything had been prepared for their reception, and no pains or trouble had been spared by the home lodge to make their guests comfortable. The program of the evening was an excellent one and well rendered. Geo. Overing acted as toastmaster and master of ceremonies. D. W. Turnure delivered the address of welcome, and C. H. Marshall of Riverton made the response. Toasts were also responded to by G. M. Castor and Dr. E. T. Spencer of Riverton. The musical part of the program was also a pleasant feature to which Miss Lillian Smith and Miss Nellie West added much. After the program was completed supper was announced and the large crowd did ample justice to the large quantity of viands that had been prepared for them. The feasting was continued until about twelve o'clock, when the Riverton crowd wended their way toward the depot, a tired but happy crowd. The Red Cloud lodge deserves credit for the able manner in which they entertained their guests.

Don't get sidetracked in business. Dullness sometimes passes for death. Men with brains reach the goal. Rocky Mountain tea puts gray matter into the head. 35c. C. L. Cotting.

The sale of harvesters has been large this week, over fifty going out from this town in two days. Our implement men have been keeping late hours each night fixing them ready for the field. This shows that this vicinity is strictly in it when it comes to small grain this year.

In the commissioners proceedings of last week the lack of a period in making the copy from the clerk's records made us say that C. F. Cather appeared before the board and requested that 667 acres assessed at \$106 be reduced to \$50 and 666 acres assessed for \$108 be reduced to \$55. It should have read, in the one case \$67 acres and in the other 6.66 acres. Thus the small period has made a large mistake.

Last Sunday morning word was received here of the death of Clarence Winters, son of Mr. and Mrs. J. F. Winters, which sad event occurred at Lincoln on Sunday morning at two o'clock. Deceased was about nineteen years of age, and up to about a year ago has always resided in this city. The cause of his death was typhoid fever. The funeral services were held in Lincoln on Tuesday, and the remains were laid to rest in the cemetery at that place. The bereaved parents have the sympathy of our entire community.
