

Every woman in the country ought to know about

Mother's Friend

Those who do know about it wonder how they ever got along without it. It has robbed child-birth of its terrors for many a young wife. It has preserved her girlish figure and saved her much suffering. It is an external lini-ment and carries with it therefore, absolutely no danger of upsetting the system as drugs taken intern-ally are apt to do. It is to be rubbed into the abdomen to soften and strengthen the muscles which are to bear the strain. This means much less pain. It also prevents morning sickness and ail of the other discomforts of pregnancy. A druggist of Macon, Ga., says: "I have sold a large quantity of Mother's Friend and have never become an instance where it has

nown an instance where it has failed to produce the good results claimed for it."

A prominent lady of Lam-berton, Ark., writes: "With my first six children 1 was in labor from 24 to 30 hours. After using Mother's Friend, my seventh was born in 4 hours."
