

MINER - BROTHERS.

RED CLOUD, NEBRASKA.

SPECIAL!

For "TWENTY-FOUR YEARS" we have pounded away to attain two objects. One was to secure and retain the confidence of our customers: the other to our motto:

"Good Honest Goods at Cheap Goods Prices!"

In these days of cheap and trashy merchandising, when glittering promises seem to take the place of real merit, we have good cause to congratulate ourselves on our forethought. Our customers as a rule do not want shoddy goods and have learned that the greatest money saving is affected by purchasing reliable merchandise in every case.

STATE CREEK.

Sowing small grain is the order of the day, as many are sowing from ten to 100 acres of wheat and rye.

The corn is better than we expected. Chas. Barrett has the best seen and my opinion is he has one twenty-five acre piece that will make twenty or twenty-five bushels per acre.

Harvey Merrill near Pleasant Grove school house is entitled to the wheat belt and the sack of flour of the Lebanon mills. He had thirty-two bushels per acre.

Charles Arbuckle has the fourth crop of alfalfa nearly cut and on one two acre piece it has made over two ton per acre each cutting or over sixteen tons of hay for the small piece of land.

Potatoes are our poorest crop as many have not raised enough to do them on account of the dry weather and bugs.

Mrs. Wm. Mackey is still on the sick list and no better.

Peaches are ripe and selling from 75 cents to \$1.50 per bushel in accordance to quality.

Allen Carpenter has gone northwest with a wagon load of peaches for sale.

Spencer Potter returned home last week from his visit to the old homes in Iowa and New York. Mrs. Potter's sister of Muscatine, Iowa, came with him on a visit.

Two big meetings are being carried on at present in our township. Rev. Williamson of Coffee county, Kansas, and formerly of this part is holding a series of meetings at Oriole and one of the state evangelists of Iowa, Rev. Ingram is also conducting a meeting at the Union church near Jack Brown's. It will pay you one and all to hear each of them as they are a little extra preschers for this country.

Mrs. Maynard from near the river was visiting on our creek this week.

Mr. Hicks from near Red Cloud was looking after peaches in our part this week.

C. C. Cutter of Red Cloud was in this neighborhood on business last Monday.

L. H. Rust and lady visited on our creek this week. He bought some fine fruit while out here of Mr. Arbuckle.

Jack Frost was a visitor on our creek last Monday night, though he was not hungry enough to bite anything and so he did no harm. He may not bother any more for two or three weeks if he does come.

Ceph Rosecrans of Walnut Creek was doing business in this part recently.

OCCASIONAL.

JUDSON KANSAS.

The old settlers of Smith and Jewell counties Kansas, and Webster county, Nebraska will hold a reunion in J. M. Browns grove near the new church at Judson, October 3d, 1901. Not only old settlers but everybody come and bring your wife, if you haven't got a wife bring your best girl or sister or some body elses sister. Come and have a good time. It has been put off later than it would have been so as to give the farmers a chance to get their wheat sowed and their fodder cut.

Mr. Spencer Potter returned home last week from a visit to his old home in York state. He reports a good time and is some what improved in health. His wife's sister, Mrs. Thomson and daughter from Iowa came back with him.

There has been a great deal of winter wheat sowed already.

Home visitors excursions to Ohio and Indiana, Sept. 16, 23, 30, and Oct. 7. Burlington Route will sell round trip tickets to different points in the above states at very low rates, limited to 30 days from date of sale.—A. CONOVER, Agent.

Mothers write us that they have solved the problem of keeping their children well. Give them Rocky Mountain tea each week. A blessing to mother and child. C. L. Cotting.

WOMER, KANSAS.

Womer is still on the boom, another house in town. This time it is a Stackhouse.

Born to Mr. and Mrs. Stackhouse, a boy. Usual Kansas weight. Mother and boy doing fine.

Peaches seem to be plenty and prices are good at Womer.

Why is it Dr. Morrison goes southwest of town so often some one must be sick out there.

Al. Garner and Geo. Hummel were at Womer Sunday.

The mill is a grand success.

Miss May Rosecrans was the guest of Miss Winnie Moore Sunday.

Mr. Ormsby's house is to be one of the finest in town.

Andy Poulson preached at Womer Sunday morning and evening to large audiences. Andy is a favorite with Womer people.

J. Rosecrans was visiting with Uncle Dan Sunday.

Homer Bergard was at Womer Sunday.

Every farmer around Womer is either putting in wheat or cutting corn.

Ans. Pounds lost a valuable horse one day this week.

Mr. Sable has given up the mail route and is working in a livery barn.

Ed. Mathes shipped a load of hogs Monday.

Mathes Bros. have about four hundred head of hogs.

Come to Womer and see a live town. BRYAN.

ALMOST FORGOTTEN.

Incidents of Every Day Life Which Very Few People Stop to Think About on Account of Their Littleness.

Now is the time to subscribe.—It is also a good time to pay up that delinquent subscription.—Some people may think we don't have to pay our bills but we do just the same.—And then you must remember we have to pay our coal.—Printers cannot work when their fingers are cold even if they are the most patient individuals on earth at other times.—The ice man has changed to the coal man, and the fellow who is running for office who will give us the biggest load of black diamonds will get our support.—No bids reserved.—Of course we will not kick if any candidate gives us two loads.—It is the same old story this frosty weather as it was last.—The young fellow that went up against ice cream soda and numerous summer drinks with the girl who is now going with another fellow for the oyster season, as well as the youth who saw his fall suit and overcoat going down through the little hole in the table, is sorry.—By the way this same fellow can't toast his shins in a little more up-to-date Y. M. P. A. room this winter than he did last—if he has the price.—The Salvation Army from all appearances are going to make a prolonged campaign against sin in this city.—They hold their street meetings nightly and seem to have livened up the city considerably.—They have erected a tabernacle in which to hold meetings on the lots on Fourth avenue north of the Fourth Avenue hotel.—These people are the source of much good in the larger cities and their battle here will no doubt be crowned with success.—Now that the new Potter-Wright building is nearly completed the Noah's Ark down the street looks shabbier than ever.—Some effort should be made to have this building torn down as it detracts from the good appearance of the street.—Now that the new buildings are on the road to completion it is in order to talk up a new opera house or auditorium for next spring.—And now that winter is coming on what's the matter with the business men providing a suitable room where their lady patrons from the country can make themselves comfortable.—A room can be provided cheaply, the furniture and other necessities can be donated.—Be up to date and push the matter along.

AFTER MANY YEARS

Of suffering from kidney disease, Miss Minnie Ryan, of St. Louis, Mo., found a complete cure through the use of Dr. Pierce's Golden Medical Discovery.

It is such a cure as this which establishes the soundness of Dr. Pierce's theory: "Diseases which originate in the stomach must be cured through the stomach." Every other organ depends on the stomach for its vitality and vigor. For by the stomach and its associated organs of digestion and nutrition the food which is eaten is converted into nutriment, which, in the form of blood, is the sustaining power of the body and each organ of it. When the stomach is diseased the food supply of the body is cut down, the organs are starved, and the weakness of starvation shows itself in lungs, heart, liver, kidneys or some other organ. Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition, and so cures disease of other organs which have originated through deficient nutrition or impure blood.

"I had been suffering with kidney trouble twenty years," writes Miss Minnie Ryan, of 1837 Louisiana Avenue, St. Louis, Mo. "and I had doctored with a number of the best physicians. Two years ago I commenced taking your 'Golden Medical Discovery' and 'Favorite Prescription' and took also several vials of Doctor Pierce's Peppermint. I took eight bottles (four of each), and I feel now perfectly cured." Dr. Pierce's Peppermint cures biliousness.
