

# Forewarned, Forearmed.

The liability to disease is greatly lessened when the blood is in good condition, and the circulation healthy and vigorous. For then all refuse matter is promptly carried out of the system; otherwise it would rapidly accumulate—fermentation would take place, the blood become polluted and the constitution so weakened that a simple malady might result seriously.

A healthy, active circulation means good digestion and strong, healthy nerves.

As a blood purifier and tonic S. S. S. has no equal. It is the safest and best remedy for old people and children because it contains no minerals, but is made exclusively of roots and herbs.

No other remedy so thoroughly and effectually cleanses the blood of impurities. At the same time it builds up the weak and debilitated, and renovates the entire system. It cures permanently all manner of blood and skin troubles.

Mr. E. M. Kelly, of Urbana, O., writes: "I had sores on my hands and face for five years. It would break out in little white pustules, crusts would form and drop off, leaving the skin red and inflamed. The doctors did me no good. I used all the medicated soaps and salves without benefit. S. S. S. cured me, and my skin is as clear and smooth as any one's."

Mrs. Henry Bleckfried, of Cape May, N. J., says that twenty-one bottles of S. S. S. cured her of Cancer of the breast. Doctors and friends thought her case hopeless.

Richard T. Gardner, Florence, S. C., suffered for years with Boils. Two bottles of S. S. S. cured him in a good condition and the Boils disappeared.

DISPLAY ADVERTISING: Full column per month \$7.00. One-half column per month \$3.50. One-fourth column per month \$1.75. General display advertising 24 cents per inch per line.

## SEDGWICK ELECTED

Revised Returns Indicate Republican Victory by 5,000.

FUSION VOTE SAID TO BE 20,000 SHORT

The Republican Candidates for Regents Elected by Pluralities Nearly as Great as On Supreme Judge—Other News of Interest.

The total number of votes cast in Nebraska is much less than last year, the republican column showing a total loss as well as that of the fusionists, yet with each county vote received the majority of Sedgwick over Hollenbeck grows steadily, and the estimates made by conservative calculators have been subject to frequent changes.

The republican candidates for regent of the university are elected. Their majorities may not be far different from that gained by Judge Sedgwick.

Returns from forty-six of the ninety counties in the state give Sedgwick 47,635; Hollenbeck 42,375, leaving Sedgwick a majority over Hollenbeck of 5,260.

New York. Complete unofficial returns from every district of greater New York give Seth Low, fusionist candidate for mayor, 294,092, and Edward M. Shephard, democratic candidate, 265,288, making Low's plurality 28,804.

Edward M. Grant, fusionist candidate for comptroller, received 299,743 votes and William Laid, democratic rival, 254,737, making the plurality of the fusionist 44,976.

Unofficial returns from every election district in New York county give William Travers Jerome, fusionist, a lead of 15,880 over Harry W. Unger, democrat, in the race for the district attorneyship. The vote of the two follows: Jerome, 163,938; Unger, 148,078.

A revised recapitulation of the vote on president of the board of aldermen, with every district represented, shows that Charles W. Fornes, fusionist, has George M. Van Hoesen, democrat, beaten by a plurality of 31,384.

California. Eugene B. Schmitz, the union labor candidate for mayor of San Francisco, has been elected by a plurality of 2,500; Asa E. Wells, republican, running second and S. S. Tobin third in the race. Mr. Schmitz is the leader of the orchestra in a theatre there, and is also the secretary and manager of a machine shop. Of the other candidates on the municipal ticket, the republicans elect the auditor, sheriff, tax collector, treasurer, county clerk, public administrator and six supervisors. The democrats will have the city attorney, district attorney, recorder, coroner, two public judges and nine supervisors. Besides the mayor, the union labor elected three supervisors.

# REPUBLICANS GAIN

Maryland and Kentucky are Conceded to be Democratic.

FUSIONISTS WIN IN GREATER NEW YORK

Republicans Claim Sedgwick Elected by Plurality of 7,000 to 10,000—Nash Elected in Ohio by 80,000—Other General News Items.

Nebraska. The election in Nebraska was extremely quiet, but after all a fairly satisfactory vote was polled.

The returns from 357 precincts outside of Lincoln and Omaha, give Sedgwick a total of 33,082, against 25,609 for Hollenbeck. These same precincts gave Marsh 37,759 votes against 31,477 for Svoboda.

The republican state central committee made estimate on the vote of the state, making the plurality for Judge Sedgwick not far from 7,000.

Tamany Defeated. Seth Low, former president of Columbia university, and four years ago the citizens' union candidate for the first mayor of Greater New York, was elected the second mayor of Greater New York by a plurality ranging anywhere from 39,000 to 40,000, defeating Edward M. Shepard of Brooklyn, the democratic nominee. The campaign was an exciting one, and the vote, though somewhat less than the presidential election a year ago, was the largest ever polled in a municipal contest in this country.

Returns also indicate the complete triumph of the Greater New York fusion ticket.

Massachusetts. With no state or national issues and but few local contests to arouse interest, there were more ballots cast in the state election than in any year in the history of the state. The total vote exceeded 300,000. As usual the republicans had no difficulty in carrying the state, W. Murray Crane of Dalton, being elected governor for the third time by practically the same majority as when he first ran for the office in 1899. The state legislature of 1903 will be strongly republican, although the democrats gained a few votes.

Ohio. The republicans carried Ohio by a heavy increased plurality on their state ticket and will have a greatly enlarged majority in the legislature.

The extent of the republican success is attributed to the silver democrats not voting; to the attitude of John R. McLean, the democratic candidate for governor two years ago and the Ohio member of the democratic national committee; to the superior organization of the republicans and other causes.

Pennsylvania. Estimates from sixty-seven counties of the state give Frank G. Harris, republican, for state treasurer, an apparent plurality of 51,018; William P. Potter, republican, for supreme court judge, 44,807 plurality.

In Philadelphia, Rothermel, the fusion candidate for district attorney, was beaten by 43,488 plurality. Harris' plurality in this city was 34,961 and Potter's was 31,921.

New Jersey. The early returns received from all from all points in the state indicate that Murphy, republican, for governor, has been elected. The republicans claim the state by 10,000.

Late returns bear out the earliest indications that Franklin Murphy, republican, has been elected governor by about 10,000 plurality.

Both branches of the legislature will be republican.

Rhode Island. Without any conclusive returns from the cities and towns throughout the state it was generally conceded after the close of the polls that Governor Gregory and republican state ticket are elected by a plurality of about 5,000. This is a loss of 3,000 from last year. The vote polled through the state was light.

Mississippi. Returns from the election in Mississippi indicate that Power has carried the state for secretary of state by a handsome plurality over his four competitors. In the race for state treasurer the result is not so certain, and it is not possible to say whether Carlisle or Evans is elected.

Virginia. The negroes took little interest in the election in Virginia, and the indications are that the democratic majority for the state ticket will be more than 25,000.

The democratic majority on joint ballot in the legislature will be overwhelming.

**A Rat**  
in the coffee bin—not a pleasant thought, yet when coffees are kept open in bulk who knows what different "things" come climbing and floating in?

**Lion Coffee**  
put up in sealed packages insures cleanliness, uniform quality, freshness and delicious flavor.

**A WORTHY SUCCESSOR**  
"Something New Under The Sun."

All Doctors have tried to cure Catarrh by the use of powders, acid gases, inhalers, and drugs in paste form. Their powders dry up the mucous membranes causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of Catarrh, has at last perfected a treatment which when faithfully used, not only relieves at once, but permanently cures Catarrh by removing the cause, stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as Snuffles the Guaranteed Catarrh Cure and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use.

"Snuffles" is the only perfect Catarrh Cure ever made and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve Hay Fever or cold in the head.

Catarrh when neglected often leads to Consumption—"Snuffles" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure Catarrh in any form or stage if used according to directions which accompany each package. Don't delay but send for it at once, and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "Snuffles" the "Guaranteed Catarrh Cure."

Sent prepaid to any address in the United States or Canada on receipt of One Dollar. Address Dept. A 402, Edwin B. Giles & Company, 2380 and 2382 Market Street, Philadelphia.

**Stop the Blight**

It is a sad thing to see fine fruit trees spoiled by the blight. You can always tell them from the rest. They never do well afterwards but stay small and sickly.

It is worse to see a blight strike children. Good health is the natural right of children. But some of them don't get their rights. While the rest grow big and strong one stays small and weak.

Scott's Emulsion can stop that blight. There is no reason why such a child should stay small. Scott's Emulsion is a medicine with lots of strength in it—the kind of strength that makes things grow.

Scott's Emulsion makes children grow, makes them eat, makes them sleep, makes them play. Give the weak child a chance. Scott's Emulsion will make it catch up with the rest.

This picture represents the Trade Mark of Scott's Emulsion and is on the wrapper of every bottle.

**LEGAL NOTICE**

In the District Court of Webster County, Nebraska.

J. T. Robinson, Plaintiff.

vs.

Hugh W. Gulliford, Lucy Gulliford, and George L. Gulliford, Defendants.

NOTICE TO NON-RESIDENT DEFENDANT.

George L. Gulliford non resident defendant will take notice that on the first day of November, 1901, plaintiff herein filed his Petition in the District Court of Webster County, Nebraska, against said defendant, the object and prayer of which are to foreclose a certain mortgage executed by the defendants, Hugh W. Gulliford and Lucy Gulliford to the Lumber Investment Company, and duly assigned to the plaintiff herein, upon the southwest quarter of the north west quarter, and the west half of the south west quarter and the southeast quarter of the southwest quarter of section twenty six and the southeast quarter of the northeast quarter of section twenty seven, all in township one, north of range ten, west of the sixth P. M. Webster County, Nebraska, to secure the payment of a certain promissory note dated January 16th, 1890, for the sum of \$141.25 due and payable on the first day of February, 1892.

That there is now due upon said note and mortgage the sum of \$279.47 for which sum, with interest at 10 per cent from this date, plaintiff prays for a decree that defendants be required to pay the same, or that a part of said premises to-wit: the southeast quarter of the northeast quarter of section twenty seven may be sold to satisfy the amount found due.

You are required to answer said petition on or before Monday the 19th day of December, 1901. Dated this first day of November, 1901.

J. T. Robinson, Plaintiff.

By J. R. Mearns, His Attorney.
