

Scrofula

THE OFFSPRING OF HEREDITARY BLOOD TAIN.

Scrofula is but a modified form of Blood Poison and Consumption. The parent who is tainted by either will see in the child the same disease manifesting itself in the form of swollen glands of the neck and throat, catarrh, weak eyes, offensive sores and abscesses and oftentimes white swelling—sure signs of Scrofula. There may be no external signs for a long time, for the disease develops slowly in some cases, but the poison is in the blood and will break out at the first favorable opportunity. S. S. S. cures this wasting, destructive disease by first purifying and building up the blood and stimulating and invigorating the whole system.

J. M. Seal, 115 Public Square, Nashville, Tenn., says: "Ten years ago my daughter fell and cut her forehead. From this wound the glands on the side of her face became swollen and burst. Some of the best doctors here and elsewhere attended her without any benefit. We decided to try S. S. S., and a few bottles cured her entirely."

SSS makes new and pure blood to nourish and strengthen the body, and is a positive and safe cure for Scrofula. It overcomes all forms of blood poison, whether inherited or acquired, and no remedy so thoroughly and effectively cleanses the blood. If you have any blood trouble, or your child has inherited some blood taint, take S. S. S. and get the blood in good condition and prevent the disease doing further damage.

FABLES

From the Kansas Mail and Breeze.
 A hungry mouse got into a pantry where there was a shallow pan of milk and a tin jar of cream. There was no trouble about getting at the pan of milk, but the mouse turned away from the milk and looked with longing eyes on the jar of cream. It managed to get up on the rim of the jar, but found that the cream was still out of reach. That made the fool mouse more anxious than ever to get the cream and finally it lost its balance and fell in. Once in that jar it was good-bye John, so far as that mouse was concerned. It swam about in the narrow jar until it exhausted and then drowned. After a time a rat crept into the pantry and seeing the drowned mouse in the jar said: "Another case of a fool that wasn't content with a reasonably good thing. A stomach full of just ordinary milk beats being drowned in the richest cream that was ever skimmed."

At a certain corner store a gang of loafers were wont to congregate and sit for hours a day spending the time whittling and in idle gossip. The loafers made the proprietor of the corner store mighty weary, but he hadn't the nerve to order them to vacate. He finally hit on a plan that he thought maybe would work, or at least was worth trying. About five minutes before the usual time for the assembling of the loafers he quietly covered the top of each nail keg on which they were accustomed to sit with shoe-maker's wax and waited. The loafers came in and each one sat down on his accustomed keg and commenced to cover the floor in his immediate vicinity with shavings and tobacco spit. It was about ten minutes before any one of the lot had occasion to move and when he tried it he found that he was fastened down in good shape, for the wax by that time had got a good set on it. Then every loafer in the bunch tried to arise and when they found that they were fastened down as tight as if they had been nailed they suddenly became the most anxious set of men to go somewhere than were ever seen in that neighborhood. Just then the storekeeper's boy touched a match to a small pan of gasoline and yelled fire. Each loafer tore himself loose from the place he was sitting and made a dash for the outside. And when it was seen that there really wasn't a fire after all every loafer made a sneak for home. Afterward the storekeeper's boy gathered enough cloth from the heads of those nail kegs to make a crazy quilt. And for more than two months there wasn't a loafer about the store.

"It is curious," mused the storekeeper as he dusted the shelves, "how blained anxious even a loafer will get to move when he finds that he is fast."

A woman whose husband could snore so loud that she was suddenly deprived

by death of the partner of her life and sorrowed for many nights after her bewailing heart had been told that the woman could not sleep. It was supposed that her imagination was excited by the knowledge of grief. For a time the old family physician was consulted with anxiety and treated unless something could be done for the widow she would soon follow her husband to the grave. Finally as a last resort he instructed the hired girl to get the coffee grinder and a toy ratchet wheel. Then at the usual hour for retiring he started the girl to grinding coffee while he worked the ratchet wheel to its full capacity and at the same time let too water out of the bath tub with a gurgling, choking sound. In less than a minute the eyes of the widow closed in peaceful slumber and her life was saved. "That combination wasn't quite equal to what the old man used to put up when he was in good form," said the physician with a sign of satisfaction, "but it seemed to answer for an imitation."

RELIEVE THE EYES.

POND'S EXTRACT

Reduced one-half with pure soft water, applied frequently with dropper or eye cup, will remove congestion and instantly relieve pain and inflammation.

CAUTION! Avoid dangerous, irritating Witch Hazel preparations, represented to be "the same as" POND'S EXTRACT, which easily sour and generally contain "wood alcohol," a deadly poison.

A WORTHY SUCCESSOR
 "Something New Under The Sun."

All Doctors have tried to cure Catarrh by the use of powders, acid gases, inhalers, and drugs in paste form. Their powders dry up the mucous membrane causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of Catarrh, has at last perfected a treatment which when faithfully used, not only cures at once, but permanently cures Catarrh by removing the cause, stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as "Suffles" the Guaranteed Catarrh Cure" and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use.

"Suffles" is the only perfect Catarrh Cure ever made and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve Hay Fever or cold in the head.

Catarrh when neglected often leads to Consumption—"Suffles" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure Catarrh in any form or stage if used according to directions which accompany each package. Don't delay but send for it at once, and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "Suffles" the "Guaranteed Catarrh Cure."

Sent prepaid to any address in the United States or Canada on receipt of One Dollar. Address Dept. A 402, Edwin B. Giles & Company, 2380 and 2382 Market Street, Philadelphia.

Getting Thin

is all right, if you are too fat; and all wrong, if too thin already. Fat, enough for your habit, is healthy; a little more, or less, is no great harm. Too fat, consult a doctor; too thin, persistently thin, no matter what cause, take Scott's Emulsion of Cod Liver Oil.

There are many causes of getting too thin; they all come under these two heads: over-work and under-digestion. Stop over-work, if you can; but, whether you can or not, take Scott's Emulsion of Cod Liver Oil, to balance yourself with your work. You can't live on it—true—but, by it, you can. There's a limit, however; you'll pay for it.

Scott's Emulsion of Cod Liver Oil is the readiest cure for "can't eat," unless it comes of your doing no work—you can't long be well and strong, without some sort of activity.

The genuine has this picture on it, take no other. If you have not tried it, send for free sample, its agreeable taste will surprise you. SCOTT & BOWNE Chemists, 408 Pearl Street, New York. 50c. and \$1.00; all druggists.

ARE YOU DEAF? ANY HEAD NOISES?

ALL CASES OF DEAFNESS OR HARD HEARING ARE NOW CURABLE by our new invention. Only those born deaf are incurable. HEAD NOISES CEASE IMMEDIATELY. F. A. WEGMAN, OF BALTIMORE, MARYLAND, SAYS: "Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be made at your discretion. About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely. I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever. I then saw your advertisement, accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain Very truly yours, F. A. WEGMAN, 750 S. Broadway, Baltimore, Md.

Our treatment does not interfere with your usual occupation. YOU CAN CURE YOURSELF AT HOME at a nominal cost. INTERNATIONAL AURAL CLINIC, 596 LA SALLE AVE., CHICAGO, ILL.
