ARE YOU DEAF? ANY HEAD NOISES?

ALL CASES OF DEAFNESS OR HARD HEARING ARE NOW CURABLE

by our new invention. Only those born deaf are incurable. HEAD NOISES CEASE IMMEDIATELY.

F. A. WERMAN, OF BALTIMORE, SAYS:
Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion.
About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely.
I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever.
I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain
Very truly yours,
F. A. WERMAN, 730 S. Broadway, Baltimore, Md.
Our treatment does not interfere with your usual occupation. Examination and advice free. YOU CAN CURE YOURSELF AT HOME at a nominal cost. INTERNATIONAL AURAL CLINIC, 596 LA SALLE AVE., CHICAGO, ILL.

ALMOST FORGOTTEN.

Incidents of Every Day Life Which Very Few People Stop to Think About on Account of Their Liteness.

Last year on Thanksgiving a ten mile walking race was arranged for amusement on Thanksgiving.—This year the city has made such strides to the front that not even a foot race will be in evidence.—The iron is being placed on the ceiling of the down stairs rooms in the Potter-Wright building.—This seems to be about the finishing touches, and what then?—What is going to occupy the Potter room when it is finished? That is the question.—That it will be occupied before long is certain as it will not be allowed to stay vacant long.—There don't appear to be any move on the part of any firm here to take the room and therefore it looks like a tenant will have to come from the outside.—Will it be a dry goods store, a clothing store, or a combination of several different lines of goods?—It will make a fine room for any business, but we guess we'll have to wait and see.—There are 541 banks in Kansas with an aggregate deposit of eighty-seven million dollars.—Not so bad for a state that has a reputation of having so many cranks.—The fine weather we have been having lately couldn't have fitted us better if it had been made to order.—The public will not be sorry if it stays with us.—The latest thing in the way of securing money for the benefit of the church is having a rummage sale.—Of course it is kind of hard on hubby to see his last summer's suit of clothes, his summer overcoat or some of his highly prized nic nacs put up and sold to the highest bidder.—But everything goes when money is to be raised for the church.

STOLEN BUZZSAWLETS.

Put into action your good resolutions of yesterday.

To the citizens of Red Cloud the sun sets in Nebraska, shines all day on the whole world and then sets in Colorado.

The attendance at Sunday school always increases just before Christmas.

The glass trust in Chicago has announced that it will cut the price 20 per cent. Does this mean that we are to have more light on the trust question?

There is one young man in Red Cloud who says that he is so averse to a strenuous life that he courts a poor girl in preference to a rich one in order to evade competition.

A country exchange thinks that \$3 a week, and board, is pretty good pay for any girl. Well, it is more than some of them get after they are married, that's true.

Ajax Fleming, of the Braymer Comet, prints this one and lays it on an exchange: "My good little man," said the visiting pastor, "I am afraid you have been fighting. A black eye! Don't you want me to pray with you?" "Naw," said the little man, "run home and pray with your own kid. He's got two black eyes."

The way to heaven is through the gates of justice.

There is an attorney in Topeka by the name of Pigg, but he never squeals on a client.

When you pawn your watch you lose time.

The man who loses his temper loses his friends.

Some of the clocks in this town ought to join hands and get together on time.

Scientists say that bread is the root of dyspepsia. Pie must be the trunk and all its branches.

Mr. Geo. Overing, of Red Cloud, was visiting with his friend G. M. Castor this week.—River-ton Review.

In a Glass of Water.

Put a handful of glazed coffee in a glass of water, wash off the coating, look at it; smell it! Is it fit to drink? Give

LION COFFEE

the same test. It leaves the water bright and clear, because it's just pure coffee.

The sealed package insures uniform quality and freshness.

Says the Sterling Sun: "If the farmers would all make it a point to burn all the dead grass in and around their farms, they would rid the country of millions of chinch bugs this fall, which would mean the destruction of hatches which they will so much dread next spring. The dead grass, especially near stubble fields, is at the present their abiding place. Better not wait for your neighbor, but burn what you have about your place and it will be an incentive for him to do the same. Tell him what you are doing it for."

Next Thursday is Thanksgiving day by proclamation. A sort of praise-God-by-machinery day. A day in which thankfulness is expressed by gluttony. Large hunting parties will be out over Kansas and make the birds, rabbits and squirrels feel thankful that this day come only once a year. When the good-Lord examines the style of praise he is bound to accept on this occasion he is no doubt thankful that the governors of states will not get another chance at him for a 12 month.—Lebanon Criticon.

STATE CREEK.

All quiet around our little town, Andersonville, since the shooting match and race for the turkey last Friday. That created some excitement for some of the boys who were there a fond of sport.

Wm. Rosencrans bought 200 bushels of corn at 50c per bushel.

The Mt. Hope boys had quite a game of ball last Saturday in Fred Bond's meadow and a little contention in the wind up.

Some are done gathering corn, yes and a short horse is always easy-cured.

Stock as a rule looks well to start in on the winter and the supposition is that with the wild hay and alfalfa stalk fields with green heads of wheat and rye they will come out flying in the spring.

Some of the young sportsmen of our creek made a flying trip to Burr Oak last Saturday to see the horse races.

Stock sold well at Mr. A. Upp's sale a few days ago.

Mrs. Wm. Mackey is better at last writing.

Frank VanDykes has been on the sick list for a few days.

Al Scribner's large horse which was sick a few days ago is better and it is thought he will yet get well.

OCCASIONAL.

ROSEMONT.

Hurrah for the last day of staying in on account of disobedience.

Miss Gilka Buss had a basket supper at her school house last Tuesday evening but did not have a very good success because the Rosemont boys weren't there.

Miss Carrie Arnold is going to have a new "red hood" but now don't say she will have two for the other one was her cousin's.

The Sunday school scholars of Rosemont Presbyterian church are practicing for Christmas. If you want to have a good time Christmas come and see us. Mrs. Laura Arnold teacher of Rosemont school was ill Tuesday and her place was filled by one of her scholars. Toor.

Dr. Moranville, of Red Cloud, was in town Wednesday. He came up to vaccinate G. M. Castor's cattle.—River-ton Review.

WHAT THE INTER OCEAN OFFER

Good News for Subscribers to The Chief and The Weekly Inter Ocean Combined

Never before in the history of newspapers has so liberal an opportunity been accorded the public to participate in a gift distribution of such tremendous size as the one which this paper is now able to present to its readers through an arrangement recently completed with The Weekly Inter Ocean of Chicago.

In the advertising columns of this issue we print a proposition pertaining to the matter in reference, and we most strongly advise all our readers carefully to peruse same.

Every word in that announcement is sincere, every assertion is honest, every representation is truthful in every particular.

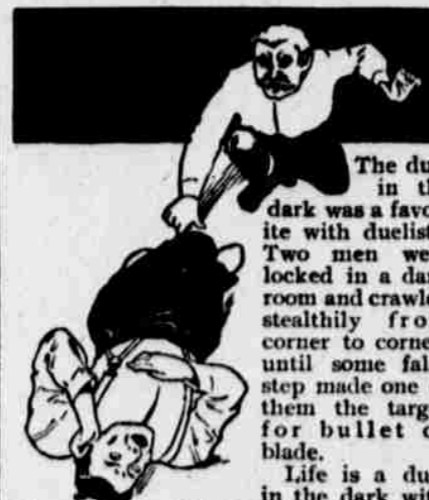

Lack of space compels us to hold down the details as much as possible, but we have on hand a large supply of the explanatory papers connected with the proposition, which was furnished us by our co-operator in the big deal—The Weekly Inter Ocean—and these we shall be pleased to distribute among those who may become interested.

I'd leave my happy home and cross the deep blue sea, Rather than be without Charley and my Rocky Mountain Tea.—C. L. Cotting.

W. V. Best, of Cowles, who has made himself independent raising codfish, was in town Tuesday. He was accompanied by Mr. Smith, of Red Cloud. Both gentlemen were pleasant callers at our den.—River-ton Review.

Brings attractiveness to listless, unlovable girls, making them handsome, marriageable women. That's what Rocky Mountain Tea will do. 35c.—C. L. Cotting.

The clergy enjoy a joke at each other's expense as much as the carnal minded, says an exchange. A Methodist preacher said to a Baptist: "I dreamed I went to Heaven last night and saw no Baptist there, and on inquiry for them was told they were coming by water and had not arrived." "I," said the Baptist preacher, "also dreamed I was in Heaven and I saw no Methodists. I learned the reason, because they were on the outside on six months' probation."—Ex.

The duel in the dark was a favorite with duellists. Two men were locked in a dark room and crawled stealthily from corner to corner, until some false step made one of them the target for bullet or blade.

Life is a duel in the dark with one false step, one mistake, and the attack comes swift and sudden. The mistake which commonly opens the way for an attack by disease is neglect of the symptoms of stomach trouble. When eating is followed by undue fullness, belchings, sour or bitter risings, etc., disease is attacking the stomach. The best way to frustrate such an attack is to use Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition, and makes the body strong and healthy.

I was suffering very much with my head and stomach," writes Mrs. W. C. Gill, of Weidon, Shelby Co., Ala. "head was so dizzy when I would raise up in bed would fall right back. Could eat but very little, in fact scarcely anything, there seemed to be a heavy weight in my stomach so I could not rest; I had to belch very often and would vomit up nearly everything I ate. I was in a bad condition. I took four bottles of Dr. Pierce's Golden Medical Discovery and five of his 'Favorite Prescription' and am now well and hearty. I feel like a new woman and give Dr. Pierce's medicines credit for it all. I had taken medicine from physicians without any benefit as I could see."

Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the paper covered book, or 31 stamps for the cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

WOMER, KANSAS.

The revival in Womer closed last Sunday evening. It was a failure as regards conversions, but there were several good conversions and Bro. Andy Poulson has left a host of friends.

The poker game at Womer is not as fascinating as it was before the sheriff came to see the boys.

The county superintendent of schools was at Womer last week two days. He thinks Womer has one of the brightest schools in the county.

Ans. Pounds sports a fine driving team and is a good horseman.

Ed Mathes has shipped 900 head of pigs in the last two weeks and still has 200 head in his feed lots. Womer is ahead on the deal as a hog market. In fact it is a very busy little town.

Mathes Bros. store employs seven clerks besides the cashier. Come to Womer and see a live town.

Singing school at the hall every Friday night. Dave McCormick is putting the figures on the board. Dave is a thorough music teacher and Womer is in luck to get his services.

The Sunday school is a grand success and with the assistance of Mr. McCormick the choir is complete. Few churches have as good music as Womer. The Endeavor meetings every Sunday evening are well attended and good interest is shown.

Wonder what Dr. Morrison has commenced going to school for? Perhaps he has forgotten something. It is all right Doc we must try and keep up with the times.

Lee Pounds is again at home having closed his creamery at Reamsville for the season.

The turkey raffle Wednesday was a howling success. A wagon load of turkeys was soon raffled away and still the shooting went on. Womer is sporty and does not take the back seat at anything.

The weather is fine and corn husking is about finished. Stock is doing well on the rye and wheat fields. Everybody is happy and so is BRYAN.

Stops the Cough and Works off the Cold Laxative Bromo Quinine Tablets cures a cold in one day. No cure, no pay 25 cents.

With a low moan the exhausted man sprang forward suddenly past a white post and fell on the ground. For eighteen hours the man slept on. Then he awoke and patting the ground, said: "Dear old Missouri!" He paused, arose and stretching his hand to the west, declared: "Kansas farewell for ever. I will never set foot on you again. For one week I have been dogged across your prairies, men have shot at me, dogs have chased me, I have been arrested twice on suspicion of being 4567, or some other part of the arithmetic. And finally a man caught me and made me give my rags for this zebra outfit. Farewell, Kansas. Weary Willie doesn't know what state he'll locate in, but you can bet your bottom dollar it will be one where better care is taken to keep convicts chained up."—Wichita Eagle.
