

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes. The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble. Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble. If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail.

Home of Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

BEES TO KILL MICE.

Agricultural Department Finds Ally in the Philippines.

Sting of the Insect Said to Be Poisonous to the Small Animals—Will Be Introduced into This Country.

The agricultural department at Washington is to make a determined attack upon the American field mouse. His extermination in certain localities has been resolved upon and the Philippine bumblebee is to be brought into service as the executioner.

This was the statement made by Prof. C. H. Riley, of the department, who passed through Chicago last week en route to San Francisco and the Philippines. Prof. Riley, of the division of entomology, will devote a year in the Philippines to the study of bugs and insects of the archipelago. The "humming bird" bumblebee of the Philippines will be one of the main objects of his inquiry. It is planned to import the big bee of the Philippines into the United States that he may make war upon the American field mouse, a rodent which has caused the farmers of the country a loss of thousands of dollars.

"It is an old saying among farmers," said Prof. Riley, reports a Chicago paper, "that when there is plenty of clover there are lots of bumblebees. What the farmer really means is that when there are lots of bumblebees there is plenty of clover. He might carry his logic further by saying that when field mice are scarce there are plenty of bumblebees, and that when there are plenty of cats there are few field mice."

"In order to save the clover crops of the country the agricultural department has the choice of two things, to increase the number of cats in the country, which will destroy the field mouse, or to take away from the rodent his supply of winter food. Either method if successful would result in a gain of thousands of dollars to the farmers. The field mouse is very fond of bumblebee honey and never loses an opportunity to deprive the insect of the rewards of his work. The honey taken away from the bumblebee causes him to perish in the winter time. Hence a short clover crop for the bumblebee is a carrier of pollen from one clover plant to another. Thus when there are lots of bumblebees clover comes to perfection. If the field mouse has destroyed the bumblebee there is no insect that can do its work in the summer time and the farmers lose accordingly. This is not only true of clover, but many other plants.

"We hold that the bumblebee is a valuable member of insect society and that the field mouse is a worthless scamp who likes a good dinner but does not want to work for it. The Philippine bumblebee is an entirely different insect from his American cousin. He is fully an inch and a half long and looks like a small bird. He is full of business and has no fear of such a small animal as the field mouse. He is a harmless fellow when let alone, but his sting is deadly to smaller forms of animal life. He will fight for his own and any unscrupulous field mouse invading his domain will have to fight for everything he gets.

"A field mouse after receiving the sting of a Philippine bumblebee would much resemble the wrecked appearance of some of our college boys after the Thanksgiving football game. He would have to lay up for repairs. "It is the intention of the agricultural department to introduce this bee into the United States if climatic conditions will permit. He will be sent to the warmer parts of the country at first, where he may gradually become hardened to the more severe climate. It is then hoped he will grow and spread until he covers the entire country. The department has its eye upon other insects in the Philippines which may prove of value to agricultural interests. There are several varieties of honey bees which will be given a trial. A species of tree toad, which has a deadly antipathy for certain kinds of citrus insects, will be introduced into southern California with the hope that it may be useful in the extermination of the black or armored scale, which has caused so great a loss to fruit growing interests of late years."

Regret of Wolfe's Monument.
"It is sad," writes a Quebec correspondent of the London Post, "to see the state of Wolfe's monument to-day. Rank grass grows high inside the rusty and worn iron railings. The column is cracked, and if nothing be done must soon perish. The monument, a simple column with a helmet and sword on the top, and its inscription: 'Wolfe died here, victorious, 13 Sept., 1760,' is sublime in its simplicity."

The Parson Wandered.
A country clergyman whose custom it was to read his sermons, one Sunday morning forgot his manuscript. He determined to take his congregation into his confidence, and he accordingly announced: "My friends, this morning I have come without my sermon. So you must take what the Lord gives me. But to-night I will come better prepared."

Beaver in Colorado.
Beaver have become so numerous in Colorado that the ranchmen want them killed off to save their property.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address F. J. CHENEY & Co., Toledo, Ohio.

Sold by druggists, 75c. Hall's Family Pills are the best, Let us speak of man as we find him, And ensure only what we can see, Remembering that no one can be perfect, Unless he uses Rocky Mountain Tea.—C. L. Cottig.

Inflammatory Rheumatism cured in 3 days.
Morton L. Hill of Lebanon, Ind., says: "My wife had inflammatory rheumatism in every muscle and joint, her suffering was terrible and her body and face were swollen almost beyond recognition. I had been in bed for six weeks and had eight physicians, but received no benefit until she tried the Mystic Cure for Rheumatism. It gave immediate relief and she was able to walk about in three days. I am sure it saved her life." Sold by H. E. Grice, Druggist, Red Cloud, Neb.

Repairing Neatly Done

Never thought of such a sign for a medicine did you? Well, it's a good sign for Scott's Emulsion. The body has to be repaired like other things and Scott's Emulsion is the medicine that does it.

These poor bodies wear out from worry, from over-work, from disease. They get thin and weak. Some of the new ones are not well made—and some of the old ones are racked from long usage.

Scott's Emulsion fixes all kinds. It does the work both inside and out. It makes soft bones hard, thin blood red, weak lungs strong, hollow places full. Only the best materials are used in the patching and the patches don't show through the new glow of health.

No one has to wait his turn. You can do it yourself—you and the bottle.

This picture represents the Trade Mark of Scott's Emulsion and is on the wrapper of every bottle. Send for free sample. SCOTT & BOWNE, 409 Pearl St., New York, 50c. and \$1. all druggists.

REV. L. L. CARPENTER, Wabash, Ind., is President of the Bethany Assembly at Brooklyn, Ind. He is perhaps the most prominent clergyman in the Christian Church to-day. He has dedicated about 500 churches and baptized 7000 converts. He writes:—"It affords me great pleasure to give my testimony as to the efficiency of Dr. Kay's remedies. Dr. Kay's Lung Balm is the very best cough, cold and throat remedy that I ever used. I have also received great benefit from the use of Dr. Kay's Renovator. My son had for years been greatly afflicted with the piles; he commenced the use of Dr. Kay's remedies and experienced relief almost from the first. We have no words to express our thankfulness for the benefit we have received as the result of using these remedies. I take great pleasure in commending them to the suffering." L. L. CARPENTER, Missionary and S. S. Evangelist, Christian Church.

THEY CRUSH THE POWERS
This is written in mid-October. The long, oppressive summer is quite gone. Fading leaf, withering tree and the rustling corn in the fields are signs of the season. Fog, frost, rain, snow—they are coming. You remember last winter: of 1900 and 1901. The weather was cruel. All the thousands it killed, and the hundreds of thousands it maimed and crippled. Oh, the rough grasp it laid on men at work, women at home, and children in cribs and cradles. Coughs that began before Thanksgiving Day are roasting and tearing them still; yes, and growing worse as they dig deeper into the poor, tired throat and lungs. Many were cured by using Benson's Porous Plaster. For the soothing and healing power of these Plasters is wonderful. They conquer the complaints.

THAT ARE KILLING THE PEOPLE.
No other plaster, no other medicine or application, can compare with them. Coughs, colds, backache, rheumatism, lumbago, kidney and liver troubles, asthma, influenza—they all go down before Benson's Plaster like a snow image in the sun. You can't throw money away on a Benson's Plaster. Everybody is going to use them this season. But make certain you get the genuine. All druggists, or we will prepay postage on any number ordered in the United States on receipt of 25c. each. Seabury & Johnson, Mfg. Chemists, N.Y.
