

Women Like Tubulars

WHY?

Every woman praises the simplicity of the

Sharpless Tubular Cream Separator

Because they are easy to feed, easy to KEEP CLEAN, easy to TURN, points every woman who helps about the dairy has a right to insist upon. All other separators run harder than a TUBULAR. They have a great many more parts to WASH and to WEAR OUT.

Let me give you a catalogue and show you the many good points in a SHARPLESS TUBULAR.

I am making lots of Farm Loans. There are reasons for this. I can close a loan for you in three days after taking your application, for these reasons: You do not have to wait and pay for a man to examine the land. My company has oceans of money. You do not wait for them to sell your loan in New York or London before getting the cash.

You can Pay Off at Any Time, without giving a day's notice of your intention so to do. All other companies require from 30 to 60 days notice on this point. I have so many different plans for making loans that some one is bound to suit. No one can give better rates. J. H. BAILEY, Red Cloud.
