## Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. Thus unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a Home of Swamp-Root pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

We do not wish to seem insistent, but we do believe the county commissioners should do something toward painting the court house and fixing up the grounds.

The long-talked of separation of Norway and Sweden has at last been consummated, Norway having declared its independence. There is little or no likelihood of war over the separation.

Russia has asked the United States, through its ambassador at Washington, for Japan's terms of peace. This is due almost entirely to President Roosevelt's diplomacy, and news of peace negotiations may be looked for soon.

Elsewhere in this paper will be found a sketch of the life of M. L. Thomas, editor of this paper twenty-five years ago. One incident in the sketch will be well remembered by all early settlers, and will form interesting reading for everyone.

Tom Dennison has been declared not guilty, by an Iowa jury, of participation in the famous Pollock diamond robbery of fourteen years ago, and is now free to resume the management of his Omaha gambling dens under the protection of Editor Rosewater and Chief of Police Donohue.

One week from today is the day set for the hanging of Frank Barker. It would seem that nothing but an interposition of Divine Providence could prevent his paying the penalty for his crime. His attorney, Judge Hamer, of Kearney, has made every possible effort to save his client from the gallows, but without avail.

At the present rate of building permanent walks Red Cloud will soon be one of the best equipped cities in the state in this respect. Thanks to the agitation begun by Brother Hosmer some twenty-odd years ago we now have some magnificently shaded residence streets, and it only needed good permanent walks to make Red Cloud one of the prettiest towns in the state.

The public schools of Red Cloud are again to have a man superintendent, after for three years trying the experiment of a lady in that position. We have no fault to find with Mrs. Case personally, but experience has shown that it requires the firm hand and organizing ability of a man to properly control so large a body of young men and women. We bespeak for the new superintendent the hearty cooperation of parents and teachers in making the Red Cloud public schools what they should be.

### IN WATER 24 HOURS; LIVES.

Diver is Imprisoned in River Bed for Day and Night.

Canton, Mo., June 6.—After being imprisoned for twenty-four hours, loaded down by a diver's armor and under fifteen feet of water, Daniel Hayes was brought to the surface in an unconscious and almost dying condition. He is a professional diver and had been employed to remove the brush and debris from the immense pipe which serves at times of low water to drain Lima lake.

While at work Hayes was sucked under the pile of refuse and over against a bowlder in a way which prevented him from loosening himself from the tangled hose which held him down and it was quite impossible for the men above the surface of the water to elevate him after the usual manner. Diver Eugene Farris hurried to this city from Burlington.

With the aid of the steamer Canton he was able, after an hour's hard labor, to raise the imprisoned diver, who was almost unconscious and unable to speak.

His suit was leaking badly and he would have been drowned had the ordeal lasted another half hour.

Wants Hearing for Frank Barker. Lincoln, June 6.—Attorney F. C. Hamer asked Governor Mickey to grant a hearing in the Barker case. Governor Mickey did not give him any encouragement, but it is believed that he will grant the hearing. An effort will be made to convince the governor that the man who is to be hanged a week from Friday for the murder of his brother and sister-in-law is insane.

Thirty "Beef Trust" Indictments. Chicago, June 3.—Indictments against thirty men have been drawn, it is said, as a result of the evidence secured by the federal grand jury in its two months' hearing of witnesses in connection with the methods of the meat packing industries.

When You Buy

# SPOONS

buy the best if you want to practice real economy; there is no article of silverware so expensive in the end as departmental, hardware, or "general store" spoons.

We carry nothing but the very best Sterling Silver and Silver-plated ware; stock such as is found only in a first-class jewelry store, and yet our prices are low, quality considered. We are not satisfied to make a big per cent on a single sale, but want the volume of business and advertising that comes from selling good goods cheap.
