62 NEW FEVER CASES

IMPROVEMENT IN SITUATION AT NEW ORLEANS.

Cuban Expert Favorably Impressed With Fight Marine Hospital Service is Making-Dr. Guiteras on Tour of inspection.

New Orleans, Aug. 16 .- Official report: New cases, 62; deaths, 6; total cases, 1.080; total deaths, 172; new sub-foci, 16; total to date, 229.

The day's record shows that there is beginning to be an improvement in the situation. With only sixty-two new cases found by the new system. there is every reason to believe that the progress of the disease has been checked and its eradication is only a question of a few weeks. Of the six deaths, only one was an Italian. Among the others were J. O. Daspit, a prominent young lawyer, and Pierre Aldal, a well known musician, at one time leader of the French opera orchestra. The state board of health announces that in the state outside of New Orleans there have been to date 129 cases and 24 deaths.

The arrival of Dr. John Guiteras the Cuban yellow fever expert, and his tour of the seat of worst infection, was the most interesting feature of the yellow fever situation. Dr. Guiteras left Havana to make an inspection of the gulf cities in connection with the Cuban quarantine and to offer his assistance in the campaign in progress here. In the infected quarter he saw evidence of the thoroughness with which the marine hospital service has conducted its fight to eliminate the mosquito. Dr Guiteras was pleased with the results of his inspection and expects to see here universal acceptance of the mosquito theory at the end of the present campaign.

READY FOR THE GRAIN TRUST.

Attorney General Brown Has Complaint Drawn Preparatory to Filing.

Lincoln, Aug. 10 .- It became known through an authoritative source that Attorney General Norris Brown and former Chief Justice Sullivan have prepared formal complaints to be filed against grain men violating the order of court. This action, it is unthat the attorney general is prepared to fall back on criminal prosecutions any time that it may be necessary to resort to such methods to keep an open market for the grain which is now being sold. The attorney general has not stated what provisions of believed that the Junkin act and the special statute against grain and elevator combinations will be invoked. Both provide for the imposition of heavy fines and imprisonment for violations of their provisions.

The attorney general has declared his firm purpose to have cases brought to a speedy conclusion and violations of the order of the court in the meantime will be visited with the penalties necessary to provide an efficient deterrent. It is understood that his purpose to prosecute dealers who are recalcitrant does not mean that he will desist from the institution of contempt proceedings.
