**California** It is easier to tell what California hasn't than what it has, for in that great empire is found nearly everything that man needs. The San Joaquin Valley is one of the largest in the United States which is subject to irrigation, and the people who are living there now are perfectly happy and contented, and think that it is really the best country in the world. That in itself is the best recommendation. You never hear a Californian speak of his country except in praise of it. Literature and The Earth, free for the asking

ALL CALLS PROMPTLY ATTENDED  
Telephone 82.

RED CLOUD, NEB.  
At Blne Hill first Tuesday in each month.

At the afternoon session of the court, Judge Doyle arose and said:

"Your honor, since the adjournment this morning we have seen the telegraphed decision of the federal court in St. Louis upon Mr. Ramsey's application to restrain the voting of the stock held by the Missouri Pacific and Iron Mountain railways. The decision says that great illegalities have been committed, but because Mr. Ramsey last year voted the stock in the same manner in which he is now seeking to prevent, he is estopped from asking relief. In view of this important decision, which affects fully one-third of the vote, we now ask permission to withdraw our application for the removal of the three election inspectors."

"It is granted and there is nothing in the matter before the court," replied Judge Kinkade, and the hearing was over.

### RAMSEY LOSES HIS CASE.

Judge Taylor at St. Louis Refuses Injunction in Wabash Election.

St. Louis, Oct. 10.—In the St. Louis circuit court Judge Daniel G. Taylor denied the application of Joseph Ramsey, Jr., deposed president of the Wabash railroad, for an injunction to restrain the Missouri Pacific and Iron Mountain roads for their trustees from voting Wabash stock held by or for those railroads in the annual Wabash election to be held in Toledo today.

News of the decision was telegraphed at once to Toledo, where George J. Gould and his supporters and Joseph Ramsey and his personal advisers are awaiting the decision. The failure of the injunction suit, which, if successful, would have tied up a large block of Gould stock, is regarded as a most important victory for the Gould interests.

### CONDITION OF GRAIN CROPS.

Corn is Nine Per Cent Above the Ten-Year Average.

Washington, Oct. 11.—The agricultural department issued the following crop bulletin:

The condition of corn on Oct. 1 was 89.2, as compared with 89.5 last month, 83.9 on Oct. 1, 1904, and a ten year average of 80.2. The following table shows for each of the eleven principal corn states the condition on Oct. 1, with the ten year average:

	1905.	Ten Year Average.
Illinois	90	80
Iowa	90	83
Nebraska	95	74
Kansas	87	68
Texas	76	72
Missouri	84	81
Indiana	99	86
Ohio	83	65
Indiana Territory	93	82
South Dakota	95	78
Minnesota	95	85

The preliminary estimate of the average yield per acre of spring wheat is 14.7 bushels. The condition in the four principal spring wheat states shows an estimated average yield per acre as follows: Minnesota, 13.3; North Dakota, 14.0; South Dakota, 13.7; Iowa, 13.8. The average quality of spring wheat is 89.0, as compared with 75.7 in 1904 and 85.5 in 1903.

The preliminary returns indicate an oat crop of about 939,332,000 bushels, or an average of 33.9 bushels per acre, as compared with 32.1 bushels in 1904, and a ten year average of 29.2 bushels.

### CHAMPIONSHIP SERIES BEGINS.

Philadelphia Americans Shut Out the New York Nationals.

New York, Oct. 11.—When two well trained ball teams are pitted against each other, with the points covered by men of acknowledged cleverness, there is always a doubt as to the outcome until the game is completed. The truth of this was proven when, in the second game of the world's championship series, the Philadelphia champions of the American League defeated the National League champions on the Polo grounds, Monday, on the Philadelphia grounds, McGraw's men defeated Manager Mack's team by a score of 3 to 0, and when the latter visited this city they just reversed the score, shutting out the locals.

The visitors put in their Indian pitcher, Bender, with Schreckengost to handle him, against McGinnity and Bresnahan. The visiting battery was excellently supported, as was the local end for two innings. But in the third inning Gilbert made a costly error, which gave the visitors a lead which they never relinquished. McGinnity was relieved in the latter half of the eighth inning, Strang batting in his stead and Ames going into the box. The change did not prove effective, however.

### TRIPLE MURDER STILL MYSTERY

No Clue So Far to Murder of Two Men and Girl.

Middletown, N. Y., Oct. 9.—All attempts of the county and local police officials to clear up the mystery of the murder of Willis and Fred Olney and little Alice Ingerick at the Olney farm, near here, and the murderous assault on Mrs. Ingerick, on Friday night, have so far been fruitless. It was believed that some clue to the murder had been found when Alanson Graham, an old man living near the Olney place, was arrested on information furnished by Mrs. Ingerick, the only member of the Olney household who escaped death, but who was found terribly injured and unconscious in the barn. After being closely examined Graham conclusively proved his innocence and was discharged from custody.
