MRS. CASTER WELL QUALIFIED

What State Superintendent McBrien Says of the Republican Candidate

STATE OF NEBRASKA,
DEPARTMENT OF PUBLIC INSTRUCTION,
LINCOLN, NEB., Oct. 31, 1905.

MRS. NELLIE WEST CASTER, Red Cloud, Neb.—Dear Madam: Your letter of the 30th inst. received. * * * You ask for a ruling from me on whether the first grade county certificate now in force which you hold from Hitchcock county will meet the requirements of the law in section 1, subdivision 7, school laws of Nebraska for 1905, which contains this provision relative to qualification: "No person shall be eligible to the office of county superintendent who does not hold at least a first grade county certificate issued in this state and in force at the time of his election. It shall be the duty of the county clerk to notify the state superintendent of the election of the county superintendent at the time said election is ascertained."

In the light of this law, which is as plain as the English language can make it, there is not even a shadow of a doubt as to your legal qualifications for the office of county superintendent of Webster county in the event of your election.

* * * I said in the August number of the Nebraska Teacher, page 88: "I would strengthen the certificate issued to apply to a county superintendent who holds a professional state certificate good for life in Nebraska. Such a county superintendent is free from all obligations in asking anyone else to issue him a first grade county certificate." I gave the names and addresses of county superintendents holding state certificates good for life. The name of the present county superintendent of Webster county does not appear in the list, for the reason that she does not hold a state professional certificate good for life in Nebraska. You acted wisely in securing your certificate from a county superintendent who holds such a certificate, viz: James O'Connell, Trenton, Hitchcock county, Nebraska. Mr. O'Connell is a fusionist in politics, but is fearless and upright in his granting of certificates. Your first grade certificate issued by him is gilt-edge and would pass at par in any county in the state. * * * If there is a legally qualified candidate for county superintendent in any county in Nebraska, you are, beyond all question. Therefore, the issuance of your county certificate by Superintendent James O'Connell of Hitchcock county places it on merit and beyond the realm of political favoritism.

As to the force and effect of a decision by the state superintendent your attention is called to section 4, subdivision 8, school laws of Nebraska for 1905. "He (the state superintendent) shall decide disputed points in school law, and all such decisions shall be held to have the force of law till reversed by the courts." Rest assured that no court will reverse the decision laid down in this law. It is as clear as day. Yours very truly,
J. L. McBRIEN, Superintendent.
