

The Taking Cold Habit

The old cold goes; a new one quickly comes. It's the story of a weak throat, weak lungs, a tendency to consumption. Ayer's Cherry Pectoral breaks up the taking-cold habit. It strengthens, soothes, heals. Ask your doctor about it.

"I had a terrible cold, and nothing relieved me. I tried Ayer's Cherry Pectoral and it promptly broke up my cold, stopped my cough, and eased every part of my body. It did wonderful work for me."—MR. J. F. LUTZ, Toledo, Ohio.

School Notes

G. W. DUDLEY, SUPT.

A school for domestic servants, the first of its kind, has recently been established in Hamburg, Germany. Instruction is given in cooking, sewing, bed-making, ventilation and washing. The instruction given corresponds, in some respects, to domestic science instruction in America.

Numerous pool halls in the vicinity of the Lincoln high school are causing instructors and friends of the school much trouble. A city ordinance prohibits boys under eighteen from entering these resorts. The police force has great trouble in enforcing the ordinance. Many are advocating closing the halls. On account of the lack of room, high school pupils are under the care of teachers only during recitation periods. Between classes many of the boys spend the time in these resorts.

Seven Gray's Botany Manuals have been added to the list of science reference books. These books were paid for from the proceeds of the tenth grade laboratory fees. The schools are in need of many additional science, history and English reference books.

Word has been received from Mabel Graves that she is improving in health.

Give Them Another Term.

From the Norfolk News.
Another state election will soon be at hand, and the Republicans of the state are beginning to cast about for timber with which to make another campaign. The governorship and the state treasurer's office will change at this election, and the men now filling these positions will step out and there will be two vacancies to offer. With the other state officers it is different. They are just now filling their first terms in office; they have made clean, honest, enviable records and it is to the interest of the state at large that these other officers should be returned to their posts.

All four of these men have filled their offices in a manner that redounds credit to themselves and to their party. No cleaner set of officials has ever filled the state house at Lincoln than these and, in accordance with the time honored custom of Republicanism in appreciating good and faithful service by fit recognition, it is the obligation of the Republican party to return this quartet to office.

Experience in a public office is worth more than all else, save honor and principle. Once through the mill, a man in a state office is better able by far to serve his constituents than he was when, without knowing the ropes, he first took his oath. And an honest official, as rare as an honest man, should be returned for the sake of keeping out another sort, if for no other reason.

A few days ago an announcement came from Lincoln that Nebraska is about to collect many thousands of dollars which are due the state from corporations which are not incorporated in the state. This announcement came from State Secretary Galusha, who is now serving his first term, and who has made a record that will stand the closest inspection. Outspoken, stubbornly honest, as straight as a string and conscientious in the discharge of the duties set forth by his office, Mr. Galusha has earned re-election and the hearty support of his party and of the state at large.

STANDARD DEFIANT

WILL GIVE ONLY SUCH INFORMATION AS IT IS COMPELLED TO.

Attorney General Will Apply to the Supreme Court for an Order to Compel the Appearance of Witnesses in Missouri.

Kansas City, March 14.—The Standard Oil company, through Alfred D. Eddy of Chicago, its general western attorney, has in effect notified Herbert S. Hadley, attorney general of Missouri, who is in Kansas City, that it will give him no more information in his suit to oust the Standard and its allied companies from the state of Missouri than it is compelled to.

Mr. Hadley, in discussing the Standard's stand, said: "A week ago, when the testimony of H. Clay Pierce was to have been taken before Commissioner Anthony in St. Louis, Mr. Eddy stated to me there would be no further resistance on the part of witnesses already subpoenaed in New York in answering the questions they had previously refused to answer. I then suggested to Mr. Eddy that if he would produce H. M. and W. H. Tilford and M. Van Beuren before Commissioner Sanborn in New York March 24 that I would not, as a matter of convenience file an application in the supreme court to bring them to Missouri. Mr. Eddy promised to give an answer to this suggestion as soon as he could consult his clients in New York. He has informed me he did not feel authorized to make this arrangement. Consequently, if service on them is not secured at the time the taking of depositions is resumed in New York, I will apply to the supreme court for an order to compel their appearance in Missouri. The question of subpoenaing John D. Rockefeller did not enter into the discussion with Mr. Eddy. We have been and are still endeavoring to secure service on him, but there are other witnesses whose presence I am more anxious to secure."

RACE RIOT AT WILMER, ALA.

Fight in Lumber Camp in Which Several Whites and Negroes Are Shot.
Mobile, Ala., March 12.—As the result of a race riot that broke out at Wilmer, A. J. Ellis, an aged white man, was fatally wounded, Cole Daniels, a negro ex-convict, was wounded, but escaped, and F. W. Pringle, a large turpentine operator, and another negro named Sam McPaston were wounded. Four negroes were arrested and brought to Mobile by Sheriff Powers and posse. It is said the negroes have been making threats against the whites in the neighboring turpentine camps for several months. The trouble arose from the wounding of the negro McPaston by Pringle. Nearly 200 armed white men are gathered at Wilmer, but everything was quiet when Sheriff Powers left the scene, and the trouble is believed to be over.

Sarrien Is French Premier.

Paris, March 12.—M. Jean Sarrien having undertaken the formation of a ministry in succession to that of M. Rouvier, which was defeated in the chamber of deputies last week, interest in French affairs will center in the selection of individual members of the cabinet. M. Leon Bourgeois has already accepted the ministry of foreign affairs and as his views are known to be in general accord with those of M. Rouvier, no change in the French attitude regarding Moroccan reforms is to be anticipated.

Clark Tries to Escape.

Lincoln, March 14.—Clark, one of the negroes who was held here for several days to keep a mob from South Omaha from getting him, made a desperate effort to escape from jail and was almost successful. Clark was in the women's ward and had dug out almost enough brick to allow the passage of his body. The hole was discovered after the prisoners had been started to Omaha.

Hopeful Feeling at Algiciras.

London, March 12.—The outlook at Algiciras is favorable to a pacific adjustment of the Franco-German controversy. Conciliation is apparently in the air and the indications are that mutual concessions will be made in the matter of the Morocco bank, after which the police question will come up with much in favor of a satisfactory adjustment.

If you've been Looking for Bargains in Men's Clothes Here They Are

We've just had time to catch our breath after the vigorous selling during the holiday season and we went to work immediately cleaning up our stock.

Where there were only two or three suits or overcoats of a kind—where sizes were badly broken—where an overcoat lingered here and there, we have sorted them out, and when we came to mark the new prices on these goods we forgot all about the profit part of it.

- \$20 Overcoats at \$16 00
- 18 Overcoats at 14 40
- 15 Overcoats at 12 00
- 12 Overcoats at 9 40
- 10 Overcoats at 8 00
- 6 Overcoats at 4 80

While there may be only one—or two—or three overcoats of a kind, yet there are so many different kinds that you will find very rich choosing indeed. We can fit almost any build of man out of these reduced clothes and give him a bargain that will send him away smiling.

Homeseekers' Information Bureau.

The Burlington Homeseekers' Information Bureau, which has been recently organized to assist homesteaders in getting hold of free homesteads of 640 acres in Nebraska for mixed farming and dairying, is proving a success, and the operations of that bureau are now taking on useful and practical shape.

Mr. D. Clem Deaver, the agent of the bureau, has arranged to personally conduct excursions of homeseekers from Omaha and Lincoln on the first and third Tuesdays of each month to the territory of these free Kinkaid lands, for the purpose of assisting desirable farmers to locate on the homesteads that are yet available for a farmer to succeed by mixed farming.

Those who expect to succeed should have ready means for the immediate improvement of the land in the way of fences and buildings, and money enough to start with a herd of 20 cows and a hand cream separator. This ought to be a good opportunity for an energetic farmer of moderate means to secure a farm.

The Burlington makes no charge for the service of its agents, and Mr. Deaver has on file a complete plat of available lands in the 16 counties along the Burlington road, where these homesteads are located.

Those desiring to obtain information relative to taking up a homestead, can obtain a folder free of cost, and further information, by calling on or writing Mr. D. Clem Deaver, Agent of the Burlington's Homeseekers' Information Bureau, 1004 Farnam St., Omaha, Neb.
