

Soda Crackers and—

anything you choose—milk for instance or alone.

At every meal or for a munch between meals, when you feel the need of an appetizing bite to fill up a vacant corner, in the morning when you wake hungry, or at night just before going to bed. Soda crackers are so light and easily digested that they make a perfect food at times when you could not think of eating anything else.

But as in all other things, there is a difference in soda crackers, the superlative being

Uneda Biscuit

a soda cracker so scientifically baked that all the nutritive qualities of the wheat are retained and developed—a soda cracker in which all the original goodness is preserved for you.

Attorney D. M. Relihan of this city died Decoration day 1906, about 4 p. m., at the family home. This is indeed sad and startling news to the people of this county, and we might say almost the entire state as he was one of the best known lawyers in this part of Kansas. A pioneer, and a worker in the busy hive of the business world; a man who delighted in the home, the family circle, and the honor of the family name, whose friendship was a priceless gem and a jewel—D. M. Relihan is gone, and we find again the English language totally inadequate to express the sorrow and sadness of the numerous sincere mourners at his bier. The deceased was 54 years old and leaves a wife and four children, two sons, Arthur and Terrence and two daughters, Mrs. Agnes Weiden and Miss Kate Relihan, to mourn the death of a near and dear husband and father.

Decoration services were held at the M. E. church on Wednesday afternoon at 2 o'clock. The services were well attended. The address was delivered by Rev. G. W.
