

**James Sullivan Drowns.**  
Grand Island, Neb., July 30.—James Sullivan, aged twenty-one, was drowned at Schimmer's lake, a water resort four miles southwest of this city.

**Fatally Shot by Jealous Husband.**  
Hastings, Neb., July 30.—Raging with jealousy when he found his wife alone in his home with Walter R. McCulla, Barney Pearson shot and probably fatally wounded McCulla.

**Jury Censures Railroad.**  
Sutton, Neb., July 30.—The coroner's jury, after being out all night on the case of the death of Jacob Nelson, brought in a verdict charging the Burlington with gross negligence in handling its trains across the principal street of the city.

**George Sims Is Dead.**  
Beaver City, Neb., July 30.—George Sims, a pioneer of Furnas county, died at his home in this city of old age. The interment was in the little cemetery in the Sappa valley, near the old homestead given him by the government in the days of the Indians and grasshoppers.

**Harrison Business Houses Burn.**  
Harrison, Neb., July 28.—Fire destroyed the interior of Floyd Jones' drug store. Loss, drug stock, \$3,500; insurance, \$2,500; McGinley & Phiney building, \$1,000; fully insured. A heavy wind was blowing and the town was saved only by heroic work of citizens, whose only means of getting water on the flames was with buckets.

**REBATE PAPERS ARE BURNED.**

**Documents Go Up in Flames With Two Burlington Freight Cars.**

Greeley Center, Neb., July 30.—This town is all worked up over the burning by the Burlington here of rebate checks and correspondence. Two old box cars were detached from the regular freight train of the Burlington, and after being coupled to another engine, were taken to Belfast crossing, eight miles north. They were accompanied by two section men and two strangers, supposed to be from Omaha. At the siding the cars were

uncoupled from the engine, which was run back to Greeley, and the cars opened and after being sprinkled with two barrels of kerosene, were set on fire. The cars contained barrels and old bags of papers, and caused quite a blaze.

The men who had accompanied the cars stayed with the cars until the last vestige was burned and then returned to Greeley. A farmer boy, in viewing the ruins in the morning, found a paper which pertained to some rebate matters, and from this the people of Greeley are of the opinion that the Burlington purposely burned the cars with the records to conceal some matters of rebates which have been declared illegal.

**CROP ACREAGE INCREASES.**

**Principal Change Is in Winter Wheat and Corn, With Little in Oats.**

Lincoln, July 30.—Statistics received at the labor bureau on crop acreage show a material increase on winter wheat and corn and a decrease in spring wheat and only a slight increase in oats. According to these statistics, the total corn acreage this year is 6,767,048 acres, an increase over last year of 294,561 acres. The total acreage of winter wheat will be 1,846,726, an increase of 104,870 acres over last year. The spring wheat acreage this year will be 298,182, a decrease of 51,833 acres from last year. The oat acreage this year will

be 2,423,730, an increase of 3,106 acres. The total increase in all the counties over last year in the corn acreage amounted to 490,959, but there was a total decrease in enough other counties to make a decrease of 194,498 acres, leaving the net increase in corn acreage of 294,561 acres. The total increase in the acreage of winter wheat is 192,224 acres, while the decreases are 87,354 acres, leaving a net increase of 104,870 acres in winter wheat. The total increase in spring wheat amounted to 41,400 acres, but the total decrease amounted to 93,133 acres, leaving a net decrease of 51,833 acres. The total increases in the oat crop amounted to 90,509 acres, while the total decrease

amounted to 87,403, leaving a net increase of 3,106 acres over last year.

**CHAPTER OF ACCIDENTS.**

**Members of the Emmons Family Meet With Many Mishaps.**

Iowa City, Ia., July 31.—A strange chapter of accidents, involving various members of the Emmons family, has been written here of late. Saturday a daughter of Willis Emmons, a child of two and a half years, drank a large quantity of furniture polish, but will recover.

George Emmons, Sr., uncle of Willis Emmons, was attacked by highwaymen, beaten, knocked senseless and thrown into a wagon, after the robbers had taken \$6, the only money he had with him.

Mrs. George Emmons is just recovering from severe burns inflicted by blazing gasoline, into which she accidentally dropped a match.

Three severe accidents befell her sons—a horse's kick, fracturing a skull; a fall from a tree, breaking an arm, and a big splinter from a lightning-shattered tree, striking one boy on the head as the bolt knocked him unconscious.

To cap the climax, J. O. Emmons, a brother of George Emmons, has brought suit against Iowa City for \$500, alleging that he stepped into a hole in a defective sidewalk and sprained his ankle so badly that he may not be able to use it for months.

**Attorney General Will Investigate.**

Lincoln, July 31.—"Investigate Burlington record burning and report facts at once." This was the telegram sent to the county attorney of Greeley county by Attorney General Norris Brown as soon as he read the story of the alleged destruction of the rebate records. "We will investigate it at once," he declared. "If there was such an occurrence the guilty parties will be arrested."

**Nebraska G. A. R. Report.**

Lincoln, July 27.—The Nebraska department of the Grand Army of the Republic has lost 258 members during the last six months, seventy-eight of these losses being caused by death,

132 by suspension, twenty-six by transfer and nine by honorable discharge. The total number of members in good standing is 4,389, according to the first semi-annual report of Assistant Adjutant General C. M. Parker, just sent in to national headquarters.

**Plans Tennis Meet at Omaha.**

Omaha, July 30.—The Omaha Field club tennis men are making extensive preparations to take care of the middle west lawn tennis championship which will be held at Omaha the week commencing Aug. 20. Walter T. Hayes is the present champion in singles, and he has already signified his intention of defending the title. Ralph Fletcher and F. R. Sanderson of Galesburg, Ill., are the holders of the double cups. The tournament is open to all amateur tennis players, regardless of their residence.

Mozart lived thirty-seven years. His first mass was composed when he was less than ten years of age, and the enormous quantity of his compositions was the work of the succeeding twenty-seven years. Mozart wrote forty-one symphonies, fifteen masses, over thirty operas and dramatic compositions, forty-one sonatas, together with an immense number of vocal and concerted pieces in almost every line of art.

# DR. PRICE'S Cream Baking Powder

A PURE, WHOLESOME, RELIABLE CREAM OF TARTAR BAKING POWDER

Its superiority is unquestioned  
Its fame world-wide  
Its use a protection and a guarantee against alum food

Cream of tartar is derived from grapes. It is used in Dr. Price's Baking Powder in the exact form and composition in which it occurs in that luscious, healthful fruit. A pound of rich, ripe grapes contains a quantity of cream of tartar equivalent to that required to make baking powder sufficient to raise a dozen ordinary-sized hot tea biscuit. The healthfulness of Dr. Price's Cream Baking Powder is beyond question.

## Alum Baking Powders are Condemned by Physicians

Fifty-two different brands of alum and alum-phosphate baking powders were recently analyzed by an official chemist. In every one of these fifty-two different brands sulphuric acid was reported in large quantities, frequently greater than twenty-five per cent of the whole weight of the baking powder!

Chemical tests show that a portion of the alum from alum baking powder remains as such and unaltered in the bread.

Alum baking powders are extravagant. They cost but two cents a pound to make, yet they are sold at twenty-five cents a pound, or twenty-five ounces for twenty-five cents.

But, can the housewife afford, no matter at what price, to use a baking powder which puts alum and sulphuric acid in her food?
