WILL INCORPORATE.

Farmers Mutual Telephone Company Takes Important Step.

The Farmer's Mutual Telephone Co. held its annual meeting at the court house in this city at 2 o'clock Wednesday afternoon. The following officers were elected for the ensuing year:

President—A. McCall. Vice-President—Wm. Engles. Secretary-Treasurer—Henry Gilham. Directors—First district, Wm. Engles; second district, Wm. Crabill; third district, J. W. McIntyre.

The session was the most important yet held by the Farmer's Mutual Co., over one hundred representatives of the twelve companies and town subscribers being present.

After considerable discussion, the delegates decided to incorporate into one company. It was also decided to purchase the building in which the company is now located, provided it can be bought for a reasonable price.

Another important step taken by the new organization was the decision to lease phones to parties in the city instead of compelling them to buy their phones, as has been the practice. No definite rate has been decided upon, the intention being to make the rate as low as possible, the majority of the members favoring a rate of \$1 per month for both residence and business phones. The action will undoubtedly result in largely increasing the number of country phones in use in the city.

The companies included in the Farmers Mutual Telephone Co. are: East Garfield Co., Garfield Co., Dutch Flat Co., Lebanon Co., Koontz Co., Indian Creek Co., Batin Co., Crooked Creek Co., Dry Creek Co., Amboy Co., the Short Line Co., and representatives of the city subscribers.

When the reorganization is completed and the incorporation effected, the company will be a very strong one and improvements will move along much more smoothly than heretofore.

Real Estate Transfers.
