

Tribute to the Phonograph

Even John Philip Sousa, the great bandmaster, who has no use for Phonographs, has been forced to recognize the Phonograph as a formidable competitor. The two-step king says that people will no longer go to concerts if they can have music in their own homes so easily and so cheaply as they can with the Phonograph. This is an unwilling tribute, but it is nevertheless a tribute. The man who has a Phonograph has a concert in his own house. Even a king could not have more. At our store you can hear them any time.

WHEAT! PIT BOILING

WILD SPECULATIVE WAVE CONTINUES ON CHANGE.

Leading Bulls Sell to Secure Profits, but May Option Shows Net Gain of Nearly Five Cents for Week—No Change in Crop Conditions.

Chicago, May 20.—The past week with its "dollar wheat" has been an historic one in the history of the Chicago board of trade. While statistics on the quantity of wheat which changed hands are not obtainable, the assertions of veteran traders that the volume of business was of unprecedented proportions may be safely accepted. There have been many wild sessions in the wheat pit before, notably when "corners" were being run, when prices fluctuated more violently—when small cliques made or lost—mostly lost—imposing fortunes, but never before has there been a broader or better sustained general market. Never before have grain brokers done a larger business. For more than a week, when the rest of the city was asleep, the lights in their offices were ablaze, where heavy-eyed clerks work into the small hours trying to keep track of the business done. Hardly a house in town has a sufficient force of clerks in the pit to fill the orders which are pouring in from Maine to California. Nor are there enough wires to handle the mass of daily business. The inevitable therefore has happened and only the larger orders are considered.

Crop reports, private and public, the solemn verdicts of "experts," official and unofficial crop estimates and the enticing literature of the commission houses, who are growing rich on commissions alone, vary noticeably in detail, but they are practically united in the statement that the world cannot grow this year all the wheat it needs to consume. Minor items, such as "green bug" damages and the like, have been made much of, but the weather here and abroad is the all-influential factor. Spring has been so late that the whole country has observed it and bought wheat. Even Liverpool importers, who usually work for cheap wheat in America, have bought directly in this market.

The majority of traders proclaim loudly still higher prices, but take profits on good advances.

One house alone has come out with a note discordant to the chorus, declaring that the market is one manufactured by big houses, who have made a mountain of damage out of a mole hill of unsatisfactory weather and green bugs.

Prices during the week have been an index of the relative strength of two forces—buying against a crop shortage, and selling, not in the belief of a good crop, but to secure profits. The week ended with the indicator pointing to the success of the bulls, with May wheat showing a net gain of 4 1/2c.

This week promises to furnish further speculative excitement, for there has been no material change in crop conditions reported.

READING RECEIVES ITS DEAD

Bodies of Seventeen Wreck Victims Deposited in Morgues.

Reading, Pa., May 20.—With practically the entire community paying respect to their memory, the bodies of the seventeen Mystic Shriners of this city who were killed in the southern California wreck on May 11, were brought here. With the dead came ten survivors, who showed the effects of the ordeal through which they passed.

Since the full story of the wreck was told and Reading found herself a city of the dead, preparations have been made to receive the bodies of the victims of the accident with proper ceremonies. Long before it was time for the train to arrive, thousands massed themselves around the railroad station, but only members of the various committees from Rajah temple, members of the families and immediate friends of the dead and living were permitted to congregate on the station platform.

When the funeral train arrived 200 knights in full uniform were on hand to act as a guard of honor when the dead were taken from the cars. An entire troop of the state constabulary, together with the city's full police force, were on hand to prevent people from blocking the approaches to the station.

The fairest flowers, bought by members of the Masonic order along the

route of the train, were piled in the cars. The seventeen caskets containing the Reading dead were carried from the car and placed on four large floats, each of which was drawn by an escort of Shriners and Sir Knights, and the procession moved from the depot to the three city morgues, where the bodies were deposited.

Bomb Found in Frisco Street Car.
San Francisco, May 20.—A satchel containing a bomb was found in a Sutter street car at the barn at Oak and Broderick streets. The fuse had been lighted, but the spark died out before reaching the powder. The police are working on the case. The United Railroads officials believe that the infernal machine was left in the car by a strike sympathizer.

Norfolk Man Ends Life.
Norfolk, Neb., May 18.—W. W. Roberts, for years a prominent insurance man here and lately of Oklahoma, who had returned to make this his home, committed suicide at a rooming house, using carbolic acid. Domestic difficulties caused the act.

INDICTMENTS IN HIGH PLACES.

Members of Prominent Law Firm and Clerk of Court Called to Bar.

Lincoln, May 20.—Indictments were returned by the grand jury against L. W. Billingsley and R. W. Greene, lawyers, and their client, Ida Younger, charging blackmail, and against W. T. Phillips, district court clerk, charging embezzlement. Phillips is alleged to have retained for his own use \$1,300 collected as fees, in excess of his salary. Billingsley and Greene compose an old, established firm here and it is charged that on May 14, 1907, acting for their client, Ida Younger, they collected \$100 from Broderick & Frohm, saloon keepers, whose application for a license they protested. In consideration of the money the law firm dropped the protest proceedings, so the indictment alleges. It is alleged they also attempted to hold up O. M. Quick and F. J. Richards for \$100 each by agreeing not to protest their applications for liquor licenses. All of the parties were arrested and Billingsley & Greene were released on \$500 bond each, and Phillips was released under \$1,500 bond.

RENEW ATTACKS ON JEWS

BLACK HUNDREDS AVENGE TERRORIST CRIME AT ODESSA.

KAULBARS AVERTS MASSACRE

Governor General Adopts Vigorous Measures to Suppress Disorders, Terror Stricken Hebrews Close Stores and Streets Are Deserted.

Odessa, May 22.—The Black Hundreds took advantage of the funeral of the three police officials assassinated at the Central police bureau to renew their attacks on Jews. The whole Jewish population became terror-stricken, all the stores were closed and the streets were almost deserted.

Jews and students were barbarously attacked and beaten and Jewish houses were fired into. One pretext for this shooting was that shots had been fired from the houses in question, the well known provocative tactics that were indulged at Bialystok and Sialdce being thus repeated.

Governor General Kaulbars, however, under the spur of previous instructions from St. Petersburg, had adopted measures to prevent the disorders from growing into a general massacre, and consequently another prepared anti-Jewish attack has for the time being been averted. Owing to the unreliability of the police, the governor posted himself and was in personal control of the patrols at the street corners.

The signal for the beginning of the trouble was the firing of a shot at the funeral procession from a window. This wounded a Cossack slightly, whereupon the man's comrades fired three volleys into the building whence this shot had come, shattering all the windows. General Kaulbars, who was in the funeral procession, at once gave orders that his soldiers surround the house. This was done and the building was searched. Thirty persons were arrested, including the man who fired the shot. He is a member of the Union of True Russians.

Owing to the constant danger to their lives, the large Jewish population of Odessa is in a condition of extreme nervousness. They do not venture out of doors and all the Jewish stores in the city are closed.

YAQUI'S AGAIN ON WARPATH

Said to Have Killed Ten Mexicans and Two Americans.

El Paso, Tex., May 22.—The Yaqui Indians of Sonora, Mex., are reported to be again on the warpath, and James F. Simpson and Edward Esling, who arrived from the Yaqui country, stated that on the present raid the Indians are said to have killed ten Mexicans and two Americans, two of the dead Mexicans having been seen by Simpson. General Torres, with a large body of troops, is pursuing the Indians. The inhabitants of Sahuanih, a Mexican town of 5,000, are terror-stricken and most of them have fled. The Yaquis are said to have been driven to outbreak by starvation, and have crossed the river, raiding the settlements to the north for the first time in many years.

Maynard Found Guilty.

Alliance, Neb., May 20.—A jury in the district court returned a verdict of murder in the first degree against Roy Maynard. Maynard shot and killed Roy H. Barnes, proprietor of a railroad dining hall. Maynard had been employed in Denver by Barnes a few days before the shooting and had been discharged from the navy but a few days before his employment.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a Home of Swamp-Root pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
