Some of the Chatauqua Talent.

D. T. Fox D. D. is one of Chicago's most successful ministers. For ten years he has been the pastor of the California Avenue Congregational church and is well-known to many of

the Nebraska people as a lecturer. No better evidence of his popularity need be presented than the fact that he has received as many as six return dates. He will appear on the Chatauqua on August 7. Buy you season tickets now of the business men.

The Midland Jubilee Singers will appear on the Red Cloud Chatauqua program on both August 1 and 2.

These people have become famous during the past three years on account of the melody, harmony and pathos with which they sing the old camp meeting and plantation songs. You will hear them.

There will be held a union temperance meeting at the Congregational church Sunday evening. Rev. Austin will preach the sermon.

The scare that there would be no wheat crop this season worth mentioning is unfounded. We have reports from different parts of the county that the wheat has made amazing growth since our splendid rains, and it is stated on reliable authority that there are pieces that will go as high as fifty bushels to the acre.

Last Wednesday was quite a day for runaways. James Burden was out with a team that evening and they got the bulge on him and went sailing up Main street at a lively gait. He was unable to control them at first and it was thought there would be a serious smashup, but he finally got them slowed down as they reached the turn by Ed Smith's. He drove them back without difficulty.

A farmer who lives near Inavale tied his team back of Joe Fogel's harness shop. They got scared at an auto and broke loose and went tearing up the street west. The pole of the wagon came down, plowing into the ground, and coming to the street crossing broke. Going another block they straddled a hitching post and soon were free of the vehicle. The last we saw of them they were going west. Where there are as many autos as there are in Red it would be wise to put horses that are not accustomed to them in a feed barn, the auto drivers too should be more careful about searing teams.

Monday night was an exceptionally enjoyable one to the P. E. O. society of this place. The Woodman hall was rented and decorated for the occasion and besides a full attendance of the members there were several out of town guests. Misses Ione Albright, Mira Cook, Jennie Cotting and Bertha Potter, and Mesdames George Morhart and Del Turnure were taken into the sisterhood. Later the young men, friends or husbands of the P. E. O.'s were invited up and initiated into the B. I. L.'s in proper style. It was a weird performance and nothing was overlooked in the way of signs, grips and passwords. Later an excellent musical program was rendered and refreshments ended the evenings entertainment. Those taking the B. I. L. degree were Oscar Burroughs, Flave Grice, Alvin Snapp, Mr. Fent, Dr. Mitchell, James Mitchell, Edgar Cowden, Ed Platt, Stace Mohart, Holton Letson, Ed Taylor, Bert Morhart, Harry Kramer, Dr. Morrison, George Morhart, Del Turnure, Will Frahm and Will Auld.
