NINTH VICTIM SUCGUMBS

FOUR OTHERS INJURED IN NAVAL DISASTER MAY NOT SURVIVE.

BODIES CLAIMED BY RELATIVES

Admiral Yamamoto Sends Flowers to Victims—Remains of Lieutenant Goodrich Sent to Stone Church, N. J. Midshipman Cruse May Recover.

Boston, July 17.—The bodies of six of the victims of the explosion on board the battleship Georgia on Monday have been claimed by relatives and sent home from the United States naval hospital at Chelsea and more bodies will be sent today. The body of the ninth victim of the disaster, Seaman Edward Walsh of Lynn, who died last night, still lies on the cot at the naval hospital, where his life went out. Walsh's mother, Mrs. M. Walsh, of Lynn, and a brother of the seaman were with him when he died. His body will be taken to Lynn for interment.

Of the other twelve brave lads who faced death in the turret of the battleship Georgia, and who now lie swathed in bandages on their white cots in the naval hospital, it is possible that two, Seaman James P. Thomas of Brooklyn and Louis O. Meese of Cincinnati, may not survive the day. Five others are in a serious condition, with strong hopes that three of them may recover, while the rest of the injured are well on the way to full recovery. No word of complaint, of criticism or of pain comes from one of the sufferers, but frequently from the burned and swollen lips is whispered a question as to how are the "other fellows" getting along.

Yamamoto Sends Flowers.
At the head of each cot in the naval hospital stands a bouquet of flowers sent by Admiral Yamamoto of the Japanese navy. Beautiful wreaths bearing the colors of Japan and the card of the Japanese admiral were also placed on the coffins of Lieutenant Goodrich and Midshipman Goldthwaite when their bodies were sent home, and bouquets similarly inscribed accompanied the body of each seaman. The body of Lieutenant Casper Goodrich was sent to Stone Church, N. J., Rear Admiral and Mrs. Casper F. Goodrich accompanying it and funeral will be held tomorrow. The body of Midshipman Faulkner Goldthwaite was sent to Hopkinsville, Ky., in care of his mother, Mrs. William C. Goldthwaite. The body of William J. Thatcher, chief turret captain, was sent to his mother, Mrs. Louisa Thatcher, Wilmington, Del. George G. Hamilton's body was claimed by his father, George Hamilton, South Framingham, Mass. John Thomas, father of Seaman William M. Thomas, returned to Newport with the seaman's body during the afternoon. The body of George Meller was sent to Brooklyn and that of William F. Pair to his mother, Mrs. M. McDonald, Brooklyn.

Some Hope for Cruse.
Lieutenant Colonel Frederick M. Hodgson and Mrs. Hodgson, uncle and aunt of Midshipman John T. Cruse, came from Philadelphia, while Major Thomas Cruse, father of the injured midshipman, is on his way here from Omaha, and is expected to arrive this afternoon. The condition of Cruse, while serious, is yet hopeful.

Frank Schlapp, boatswain's mate, of North Adams will probably recover. Schlapp has once before been a victim of an explosion while in the service, being one of three who were injured in the explosion in the six-inch turret of the Kearsarge on April 13, 1906.

Seaman James P. Thomas, who enlisted at New York, is in a most critical condition, and his mother and father, Mr. and Mrs. Michael Thomas of Brooklyn, are constantly near his cot. Lewis G. Meese, seaman, who enlisted at Cincinnati; John A. Bush, seaman, who enlisted at New York; Harold L. Gilbert of Southwick, Mass.; Orly Taglund, chief yeoman, who enlisted at Charleston, S. C., and whose father resides in Richford, Minn.; John L. Maleck, seaman, of Cleveland and John Fone, seaman, of Trenton are in a critical condition, with some hope, however, of the recovery of the last three.

MILLION DEATHS FROM PLAGUE.

Monthly Total in India, However, is Now Decreasing.

London, July 17.—Returns of deaths from the plague in India show the appalling total of 1,060,967 for the six months ending June 30. The monthly total is at present decreasing, however, the death roll for June being placed at 69,064.

ASSASSIN'S TARGET

TWO SHOTS FIRED AT PRESIDENT FALLIERES MISS MARK.

National Fete Marred by Attempt to Assassinate Chief Executive by Naval Reservist—Police Have Difficulty in Preventing a Lynching.

Paris, July 15.—The national fete was marred by a dastardly attempt on the life of President Fallieres by Leon Maille, a naval reservist of Havre, who, it is believed, is suffering from the mania of persecution. Maille fired two shots at the president, but did not hit him. He was at once placed under arrest.

On account of the activity of the anti-militarists, who tried to organize a demonstration against the army throughout France, exceptional precautions were taken to safeguard President Fallieres. The attempt on his life occurred on Avenue des Champs-Elysses while the president was returning to the palace from Longchamps, where he had reviewed the garrison of Paris in the presence of 250,000 enthusiastic people. Premier Clemenceau and M. Lanes, the president's secretary, were with the president in his landau, which was escorted by a squadron of cuirassiers. The carriage had safely emerged from the Bois de Boulogne, where the anti-militarists had stationed themselves with the intention of hooting the soldiers, and was descending the broad Champs-Elysses amid the acclamations of the crowds thronging the sidewalks, who were shouting "Vive Fallieres," "Vive l'armee," when, at the corner of LaSuer street, Maille, from the curb, fired in quick succession two shots point blank at the president. Miraculously no one was hit. President Fallieres was cool and collected when the cortege stopped. The diplomats, who were following the president's landau, alighted from their carriages and hurried to the side of M. Fallieres. Finding that nobody had been injured, by the president's orders, the cortege moved on. In the meantime two policemen seized Maille, who made no resistance, but the police with difficulty prevented the irate crowds from lynching the prisoner until a cordon of reserves came up and conducted him to the station. There Maille refused to give any reasons for his act, saying: "The revelations I have are so grave and serious that I will only make them before a magistrate for transmission to the chief of state. It is a matter between the government and me. I am the victim of many villainies."

Say Maille Fired in Air.

Some of the witnesses of the shooting said that Maille fired in the air. It is believed that the man participated in the recent seamen's strike and that his mind had been unhinged by fancied grievances. It is believed also that he aided in the revolutionary agitation of the general federation of labor and the anti-militarists. There is no reason to suspect a plot, as Maille only arrived here from Rouen last night.

The attempt on the life of President Fallieres will probably strengthen the government's intention to put an end to the anti-militarism, which is already demoralizing the army and becoming a menace to the republic.

Thirty-nine ringleaders were arrested for hissing soldiers who were returning from the reviews. Other arrests were made at the Place de la Concorde, where the League of Patriots held their annual ceremony.

REPORT ON HARRIMAN.

Union Pacific Ownership of Railroads Analyzed by Commissioner.

Washington, July 15.—A report was made public by the interstate commerce commission of its inquiry into railroad operations of Edward H. Harriman, and of the operations of the so-called Harriman lines of railways which has been in progress for several months. The report, which was written by Commissioner Franklin K. Lane, is the unanimous expression of

the commission on the subject. Copies of the report have been transmitted to President Roosevelt and the department of justice. It is expected by the commission that it will be determined by the president and Attorney General Lonaparte from the statement set out in the report whether the government will institute any sort of proceedings against Mr. Harriman or the corporations involved in the inquiry. No recommendations are made by the commission that either criminal or civil prosecutions be instituted as a result of its inquiry.

The report is an exhaustive summary of the evidence adduced at the several hearings held by the commission in the course of its inquiry. It enters fully into a discussion of the policy pursued by Mr. Harriman in obtaining and maintaining control of the various lines of railway in the Harriman system, and presents a fairly complete history of the operations of the various lines.

CHICAGO PACKERS GIVE UP.

Agree to "Sealed Package" Plan of Buying Cattle.

Chicago, July 13.—The "sealed package" system of buying cattle at the Chicago stock yards was adopted as a compromise at a meeting between representatives of the Chicago Live Stock exchange and the packers. Negotiations have been pending for several weeks between the commission men and the packers and no agreement could be reached on any other basis.

BARKER JURY FAILS TO AGREE.

New Hearing Has Been Ordered for Sept. 9.

Lincoln, July 15.—A district court jury, investigating allegations of insanity preferred to save Frank Barker from the hangman, failed to agree, and was discharged. The jury stood 6 to 6, half voting for a verdict showing him to be insane. This was the first trial of this sort in the case of a condemned man ever held under the Nebraska law. Barker was convicted of murdering his brother and his brother's wife, and sentenced to hang. One attempt at such a trial in his behalf was balked by a reprieve for nearly two years, issued by Governor J. H. Mickey. A stay of action was issued that this hearing might be given. A new hearing has been ordered for Sept. 9, 1907.

DRUNKEN MAN RUNS AMUCK

Shoots Two Men and Kills Himself When Surrounded by Posse.

Bellefonte, Ill., July 17.—Crazed by the effects of a drunken spree, Marda Brokazinitch shot and fatally wounded Joseph Pilkington, seriously wounded Michael Lepere, and shot himself through the heart when surrounded in a wood by a posse. The shooting occurred five miles west of here on the Suburban railway tracks and so far as can be learned the victims were not known by Brokazinitch. A car was stopped when the body of Pilkington was found on the tracks. The murderer watched the crew pick up Pilkington, and held the passengers at bay when they tried to capture him. A posse with shotguns pursued him into a heavy woods, where his body was found a few minutes later.

Venezuela has intimated that it will refuse to pay the \$2,000,000 debt to Belgian creditors. This decision is contrary to the finding of The Hague tribunal.

At the special election held at Springfield, Ill., to fill the vacancy caused by the death of Mayor Griffiths, Roy Reece (Rep.) was elected over Adrian McCreery (Dem.), the vote being Reece, 5,393; McCreery, 4,766.

Governor Hoch issued a proclamation against the shipment of cattle from twenty-eight western Kansas counties unless the stock was first examined by live stock inspectors. Mange and Texas fever is the trouble. Fire destroyed a business block at Chillicothe, Tex., with a total loss of \$150,000, and light insurance. The heaviest losers are Jones & Co., hardware; J. L. Watson, hotel; A. L. Howard & Co., grocers; J. F. Bryan, hotel, and the Chillicothe Lumber company.

B. P. O. E. ELECTS OFFICERS

TENER'S ELECTION AS GRAND EXALTED RULER IS CONCEDED.

GOES OVER QUARTER MILLION

Report of Elks' Secretary Reveals Heavy Growth of Order—Dallas, Tex., Chosen as Place for Holding Next Convention.

Philadelphia, July 17.—Among the reports submitted at the business session of the grand lodge of Elks were those of Grand Exalted Ruler Melvin, Grand Secretary Robinson, Grand Treasurer Tener, the board of grand trustees and the board of governors of the national home at Bedford City, Pa.

According to the report of the secretary the order has now passed the 250,000 mark in membership, there being in existence 1,081 lodges, with a membership of 254,532.

The report of the grand trustees recommends that, owing to the large funds now in the treasury, amounting to more than \$250,000, the per capita tax be reduced to 15 cents.

The grand lodge adjourned without having made any announcement as to the result of its elections. It is generally conceded, however, that John K. Tener of Charleroi, Pa., has been chosen grand exalted ruler of the order.

The only official announcements were that Dallas, Tex., had been chosen as the place for holding the next convention and grand lodge reunion and that Judge Henry A. Melvin had appointed the following to constitute the grand forum: Charles E. O. Pickett of Waterloo, Ia., Marc Rohner of Detroit, William H. Moore of Seattle, Thomas J. Cogan of Cincinnati and Robert W. Brown of Louisville.

TWO-CENT RATE NEXT FRIDAY

In Effect Generally East of the Missouri River.

Chicago, July 17.—The long talked of reduction in interstate passenger rates of western railroads will actually be made next Friday.

Generally speaking, all rates east of the Missouri river will be on a basis of 2 cents per mile, while to all points west of there rates will be reduced by the difference between the present basing rate and the new basing rate in effect next Friday.

The reduction of interstate fares by the western lines is the natural result of the passage of laws by Arkansas, Missouri, Nebraska, Illinois, Iowa and Minnesota.

The eastern roads propose to make similar reductions in their interstate fares. Their rate clerks will meet here today and continue in session until they have checked up all the interstate fares on the basis of the maximum legal mileage of the various states.

THREE MANGLED WITH BOMBS

General Alikhanoff, Wife of General Gliboff and Coachman Killed.

Alexandropol, Russia, July 17.—General Alikhanoff, former governor general of Tiflis, Madame Gliboff, wife of General Gliboff, and the coachman who was driving their carriage were blown to pieces. A son of General Alikhanoff and a daughter of General Gliboff sustained serious injuries. The party was returning to the residence of General Alikhanoff from his club. The bombs were hurled in Bebutoff street.

General Alikhanoff was nicknamed "The Wild Beast" by the Caucasian members of the lower house of parliament, who often referred to his cruelty in the Kutais district, where he led a number of punitive expeditions to stamp out disorders.

SLAYER SHOT DOWN BY POSSE

Wounds Four of His Pursuers, One of Them Fatally.

Hammond, Ind., July 17.—Thomas Dolton, an Italian, who shot and killed Calhoun Wallace, colored, during a quarrel over a woman at Gary, Ind., was himself killed in a fight with a posse of officers and citizens near Pine station. Before Dolton was killed, however, he wounded four of the posse, firing at them with a shotgun. Frank Chambers, a policeman of Gary, is believed to be fatally hurt, but the others will probably recover.

The posse located Dolton near Pine station and ordered him to throw up his hands. He stepped behind a clump of bushes and fired both barrels of his shotgun, each charge striking Officer Chambers. During the confusion Dolton escaped, the posse firing a dozen volleys at him. The Hammond police were notified of his escape and a posse was organized to meet the Gary posse. Both parties met at Pine station, where Dolton was located a second time. Here a desperate battle took place, during which Officer Hannon shot Dolton in the head, killing him instantly.

GROOMING COUNTS

But it cannot make a Fair Skin or a Glossy Coat.

Women with good complexions cannot be homely. Creams, lotions, washes and powders cannot make a fair skin. Every horseman knows that the satin coat of his thoroughbred comes from the animal's "all-right" condition. Let the horse get "off his feed" and his coat turns dull. Caring, brushing and rubbing will give him a clean coat, but cannot produce the coveted smoothness and gloss of the horse's skin, which is his complexion. The ladies will see the point.

Lane's Family Medicine

Is the best preparation for ladies who desire a gentle laxative medicine that will give the body perfect cleanliness internally and the wholesomeness that produces such skins as painters love to copy.
