## NEWS OF NEBRASKA.

### UTES SHOW SIGNS OF PEACE

Red Cap indicates Willingness to Send Children to School.

Omaha, Nov. 9.—Advices received at army headquarters indicate a promising prospect that the trouble with the runaway Ute Indians at Thunder Buttes, in northern South Dakota, will be amicably adjusted after all. Word came to army headquarters from Major Sibley giving a hopeful view of the situation. Major Sibley is at Thunder Buttes with the first detachment of four companies of the Second cavalry.

He writes that Red Cap, one of the most aggressive of the Ute chiefs, has agreed to have his children taken to the Indian school at the Cheyenne agency school on the Missouri river and that other Indians have agreed to the same proposition, as well as to other conditions laid down by Agent Downs. As Red Cap has considerable influence with the tribe it is thought probable the whole tribe may soon agree to the proposition to send their children to the agency school on the Missouri, eighty miles distant from Thunder Buttes.

The Milwaukee railway is building its Pacific extension westward from Everts and has now reached a point nearly north of Thunder Buttes. This road has offered to employ any number of Utes to work on the line near there, and that matter is now under contemplation by the Utes. Should they accept this employment it will act as a solution of the present troubles.

The army department is continuing its preparations for a winter campaign and supplies are being hurried to the district as rapidly as possible.

### CHANGE IN THE ASSESSMENT

Consolidation of Burlington Lines Renders It Necessary.

Lincoln, Nov. 9.—The consolidation of the separate corporations comprising the Burlington railroad lines into one corporation owned and controlled by the Burlington railway may cause a change in the plan of assessment by the state board of assessment in Nebraska. In the past the sixteen separate corporations comprising lines

here have been assessed separately, some as high as \$17,000 a mile assessed valuation, some as low as \$4,000 a mile, the average assessed valuation being \$8,400 a mile. The unit system of assessment will make no difference in the total revenue derived from taxes, but many counties will gain thereby and some will lose. All counties where the valuation of Burlington lines is now less than \$8,400 a mile will gain in revenue and in all counties where the lines are assessed at more than that will lose in revenue.

### INTERNATIONAL WILL CONTEST

Suit Involving Nilson Estate Taken to Nebraska Supreme Court.

Lincoln, Nov. 9.—An international will contest, involving a modest fortune of \$37,000, was brought to the supreme court from Boone county. The suit involves the estate of Nils O. Nilson, who died near Albion two years ago, leaving no wife or children. A few relatives in Norway were left small bequests, but the bulk of the property was left to a couple of church parishes in Norway as trustees for charitable purposes. Relatives of Nilson contested the will and the county and district courts of Boone county decided in their favor as against the church trustees. It is on appeal from these findings that the case is brought to the supreme court.

### QUIET SUNDAY IN OMAHA

Mayor Dahlman Orders Everything Closed on Dec. 15.

Omaha, Nov. 11.—When the temperance people insisted that Mayor Dahlman should enforce the Sunday closing law as to saloons, especially that clause relating to the removal of screens, they roused the liquor men to retaliation. Their only means of retaliation lay in the enforcement of the Sackett law, passed by the legislature last winter.

Mayor Dahlman has no alternative but to enforce it, or lose his office, and he isn't resigning. So he has ordered the law to be enforced to the letter by the chief of police on and after Sunday, Dec. 15.

Under the enforcement of the Sackett law no unnecessary business of any sort will be done in Omaha on Sunday and no unnecessary common

labor will be performed.

All saloons, billiard halls, barber shops, butcher shops, grocery stores, bakeries, candy stores, newsstands, photograph galleries, pawnshops, theaters, dance halls and other places of business and amusement which hitherto have been accustomed to open on Sunday will be closed on that day; no newspapers will be sold in the streets or delivered by carriers to the homes of subscribers; there will be no hiring of carriages, automobiles or other conveyances for the use of pleasure seekers; no baseball, football, golf or other games will be played—in short, the "lid" will be on tight and there will be "nothing doing."

Drug stores will be permitted to fill prescriptions and to sell medicines, but will not be permitted to sell cigars, soft drinks, toilet articles, or anything of that sort.

### CREIGHTON HEIRS AGREE

Shelby and McCreary Beneficiaries Get \$50,000 Each.

Omaha, Nov. 11.—According to information which is believed to be authentic the seven Shelby heirs and the two McCrearys will receive \$50,000 each from the estate of the late Count John A. Creighton under the terms of the compromise agreement which is now being signed by the legatees and heirs. Under the terms of this agreement \$450,000 will be paid to the unnamed heirs, leaving a little over \$3,000,000 in the estate to be distributed among the legatees.

The agreement is satisfactory to all those interested in the estate and will prevent any extended litigation. There are two or three questions which will not be settled, however, and these will have to be presented in court. One of these unsettled questions relates to the beauration to the Little Sisters of the Poor. This organization is not operating in Nebraska at present. One of the rules of the order demands that it enter a city without funds and support itself entirely by contributions. It is asserted it would be in violation of the rules of the order for it to accept the legacy.

Another mooted question is whether the legacy to found a Working Girl's home is valid or not. The legacy is so indefinite as to some of the terms

and conditions upon which the home is to be founded that some of the lawyers assert it would not stand the test of the courts.

### INTEREST FOR YORK COUNTY

Latest Examination Shows Change from Previous One.

Lincoln, Nov. 11.—The report of the county treasurer examiners of the condition of the York county treasury, which will shortly be filed with the state auditor, shows that Treasurer Copey has collected interest on county deposits during the last two years. The last examination made of the treasury previous to the one just completed was made one month before Treasurer Henderson went out of office. That report showed no interest had been collected since the previous report. The examination just made shows that during the last two years Treasurer Copey had collected \$8,034.97 interest on deposits, of which sum \$3,600 was interest on deposits in banks during the term of Treasurer Henderson.

### JURY ACQUITS PROF. SEARSON

Arrives at Verdict of Not Guilty Soon After Withdrawal from Court Room.

Auburn, Neb., Nov. 11.—After one ballot, the jury in the Searson case returned a verdict of not guilty. Prof. Searson was thoroughly exonerated of the charges of assault brought by Miss Hudson, both by the testimony and the prompt verdict. The jury arrived at a verdict soon after its withdrawal from the court room. Prof. Searson immediately left for Peru with his wife and other members of the faculty and students of the normal, and will resume his work as teacher of literature in the institution. At the beginning of the term he declined to teach while the charge was hanging over him.

### Burlington Stops for Five Minutes.

Lincoln, Nov. 11.—All operations over the entire Burlington system were suspended for five minutes today out of respect for the late Charles E. Perkins, former president of the company, whose funeral was held at Boston at 3 o'clock. East of McCook the hour of observance on the road was 2 p. m. West of McCook it was 1 p. m.

### Swift's Fertilizer Plant Burned.

South Omaha, Nov. 8.—Spontaneous combustion in the fertilizer plant of the Swift Packing company practically destroyed that part of the plant. The loss is estimated at \$85,000.

### Union Pacific Official Argues for Retention of Reconsignment Charge.

Omaha, Nov. 9.—Pleading that everything has advanced in price except transportation and that everyone is making more money and receiving more for products than the railroad companies are securing in proportion for the assistance they give in enriching others, John A. Munroe, freight traffic manager of the Union Pacific Railroad company, protested against the Nebraska railroad commission abolishing the charge of \$2 per car made by the railroads for switching cars of grain in the Omaha yards at the hearing here.

### SALOON ROW MAY PROVE FATAL

Fielden Crosswhite of Colorado Hit With Spittoon.

Beatrice, Neb., Nov. 11.—In a free-for-all fight here in White & West's saloon, on lower Court street, Fielden Crosswhite, a young man about twenty-one years of age, was struck in the head with a metal spittoon and possibly fatally injured. He was removed to Falls hospital and his neck was found to be broken. His assailant, whose name was not learned, escaped. Crosswhite came here a few weeks ago from Colorado.

## Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; destroys vigor and cheerfulness soon disappears when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a Home of Swamp-Root pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
