### Once Seen, Never Forgotten.

Equal excitement over a play has not equalled in recent year that which was aroused in this country over a play soon to be seen here, "The Two Orphans." The sweet story of the two sisters, one blind and helpless and the other beautiful, but truly devoted to the sightless Louise, had limitless interest and it still attracts a d holds attention as much as ever. Nothing in all dramatic literature exceeds in appeal to the human heart, the arrival of the "Two Orphan Sisters" in the city of Paris. The story goes on show-people high and low, mansions and haunts of crime, and all the characters are so strong that once seen can never be forgotten.

### The Printer's Commandments.

Never send articles for publication without giving thy name, for thy name often secures publication of a worthless article.

Thou shouldst not rap on the door of a printing office, for he that heareth thee rap sneereth in his sleeves and loseth time.

Thou shouldst never read copy on the printer's case or sharp and hooked container thereof, or he may knock thee down.

Never inquire the news of the editor for behold it is his business to give it thee at the appointed time without a king for it.

It is not right that thou shouldst ask him who is the author of an article, for 'tis his duty to keep such thing to himself.

When thou dost enter this office, take heed of thyself that thou dost not look at what may concern thee not, for that is not meet in the sight of good breeding.

Neither examine thou the proof sheet for it is not ready for thine eye, that thou mayest understand.

Prefer thine own town paper to any other, and if thou hast not already done so, subscribe for it immediately. Pay for it in advance, and it will be well with thee and thine.—Exchange.

One setting fire upon his premises is held, in Mahaffey v J. L. Rumbarger Lumber Co. (W. Va.) 8 L.R.A.(N.S) 1293, to be charged, with the duty of exercising ordinary care and skill in preventing it from spreading and being communicated to the property of another; and, if he fails to exercise such care and by reason thereof, the fire is communicated to the property of another, causing him damages, he is held to be liable for the damages sustained.

Under the auspices of the Red Cloud Orchestra, Gies, "The American Violinist," will appear at the opera house tomorrow evening in concert. The Daily Colorado Springs Gazette says: "George W. Gies, 'The American Violinist' who appeared for the first time before a Colorado Springs audience last evening, in Perkins Hall in his finish handling of his chosen instrument delighted an appreciative audience, representative of the musical culture of the city. The transition from the brilliant and spectacular style to the sweet and dreamy cadences demonstrated conclusively a musical genius perfectly familiar with all that is finest in the composition of the great masters. Mr. Gies is a writer as well and his own 'mystery' for violin alone was greatly enjoyed."  
The Red Cloud Orchestra will appear on the program in three concert numbers of a high order and will be assisted by Robert Baker of McCook, the violinist who is well known here. Admission will be 50 cents. Children under fifteen years of age, 25 cents.

I have purchased Len Aultz's Dray and will do all kinds of Light Draying. Leave your orders at Platt & Freese Lumber Co., Phone 50.
