### NEWS OF NEBRASKA.

#### ELEVATOR SIDETRACK DISPUTE

Missouri Pacific Denies Right of Commission to Order One.

Lincoln, Nov. 19.—In an answer filed with the state railway commission the Missouri Pacific railroad denies the jurisdiction of the commission in many essentials. The commission recently ordered that a sidetrack be constructed at the town of Manley for the accommodation of a co-operative grain company, but the road insists that the courts alone can compel such action. The railroad also asserts that the commission has no jurisdiction, because the grain company and the railroad company are both engaged in interstate commerce.

It is also alleged in the argument there is no necessity for additional elevator facilities at Manley. There are two other elevators and the co-operative company has complained that these are furnished facilities not given to the complainant and that this constitutes discrimination.

The old question of elevator rights, long a bone of contention in Nebraska, is involved.

#### WANTED, STEWARD FOR INSANE

Successor to H. C. Haverly Must Be Single and Experienced.

Hastings, Nov. 18.—H. C. Haverly, steward of the hospital for insane, will retire from his place Dec. 1 to take the management of the Bostwick hotel, and thus far no satisfactory person has been found to succeed him. Numerous applications have been made for Mr. Haverly's place, but it is understood none quite meet the requirements, which call for a young man of experience and he must be unmarried.

Governor Sheldon is endeavoring to adhere strictly to the rule established by Governor Deitrich, which prohibits maintaining in state institutions the families of subordinate officials.

Mandate Fixes That as Date When He Must Begin Sentence.

Omaha, Nov. 16.—Unless Rev. G. G. Ware, formerly rector of the Episco-

pul church at Deadwood, convicted of conspiracy to defraud the government out of land, gets a pardon from the president, he will have to spend one year in the Douglas county jail, beginning Dec. 15. The mandate from the circuit court of appeals was received by Clerk Hoyt of the federal district court. Ware is ordered to surrender himself within thirty days.

#### Big Attendance at Agricultural School.

Lincoln, Nov. 18.—The second week of the University School of Agriculture is a surprise in the number of attendants to the officials of the school. The attendance at this time is 269. At the same time a year ago the attendance was 190. Among them are a lot of the old students, which is very gratifying to the officials. Among those registered is George N. Shorey, a graduate in 1901 of Harvard and of the Harvard law school. He is taking the course in agriculture and will be graduated next year.

#### Office for South Omaha Man.

Lincoln, Nov. 18.—F. M. Stapleton of South Omaha has been tendered the appointment of examiner of teachers' papers for county certificates by Superintendent McBrien. An appointment is made necessary to this position, so Mr. McBrien said, by reason of the resignation of Mrs. McBrien. The salary will be agreed upon by Mr. McBrien and Mr. Stapleton, as the legislature so arranged the appropriation for the superintendent's office that it can be used in the discretion of the superintendent.

#### Harrison Clarke Writes Governor.

who is to hang on Dec. 13, addressed a letter to Governor Sheldon asking permission to solicit funds among the convicts to employ an attorney for prosecuting his case for commutation to life sentence. Clarke is a negro, and was convicted of the murder of Street Car Conductor Fleury of Omaha.

#### 'PHONE RATE WAR TO STOP

Position of Railroad Commission Is Likely to Prevent Them.

Lincoln, Nov. 16.—Their request for shorter hours during which night rates for telephone service may be in effect was denied the Nebraska and Independent Telephone companies by the railroad commission. The commission, however, was agreeable to a request that where a call is put in during the day and answered at night, a day rate may be charged.

The telephone companies in several cities have at times applied for permission to make a reduction in charge of from 15 to 5 cents which was plainly to shut out competition. The board holds that such applications must be accompanied with statements that the proposed charges will be compensatory for the purpose of using the same as a basis for arriving at general charges. The telephone companies will not jump at this opportunity, it is thought, and the position of the board will shut out rate slashing.

The independent companies notified the commission that their lines in Iowa and Kansas have abolished night rates and have changed the maximum time for the ordinary conversation from five to three minutes. They say this will probably disturb interstate rates. No request for abolishing night rates was made, but the companies say, if on trial, the present condition proves troublesome, later they will ask for the privilege of doing away with night rates in Nebraska entirely.

#### IN SUPREME COURT

Boyd County Land Case Being Argued at Lincoln.

Lincoln, Nov. 18.—Settlers on Boyd county land which was part of the allotment made the state for school purposes by the government are having what they hope will be their final inning before the board of educational

lands and funds. Arguments on the value of the land were made by M. F. Harrington and Sanford Barker and by the legal department of the state on behalf of the land commissioner's department. The controversy has resolved itself into a determination of the amount of money to be paid for the land by the settlers.

The settlers occupied land on the old Fort Randall reservation before any survey was made. The government then set apart some of the land for the state for school purposes and gave the state the right to make the choice. Land Commissioner J. V. Wolfe made the selections and without intending to do so took land upon which settlers had located. At the time there was no desire to deprive them of their holdings, but when it was found that the descriptions furnished infringed upon the rights of settlers, the present controversy had its inception.

#### CREAMERY MEN WIN FIGHT

Railroads Must Use More Care in Handling Cream Shipments.

Lincoln, Nov. 16.—The creamery men of the state won a victory when the state railroad board directed the railroads to waybill all cream shipments and handle the creamery business with the same care given any other kind of business.

It further directed the railroads to build in Omaha a shed not less than 20x120 feet to protect cream cans from the weather. In general the railroads are instructed to use more care in handling cream shipments.

#### Bank Examiners Begin Work.

Lincoln, Nov. 18.—State bank examiners will today be sent from Lincoln to their different districts to begin examinations before the end of the year. This is in accordance with action taken by the state banking board following the calling in of the examiners some weeks ago. The law requires at least one examination of each bank a year. Some of the examiners have forty banks to examine before the first of the year.

#### Executive Mansion Sold.

Lincoln, Nov. 15.—Governor George L. Sheldon was notified that the executive mansion had been sold for the delinquent taxes of 1899 and unless the taxes and costs were paid, a tax deed would be issued according to law. The taxes amounted to \$332.64 and the interest and cost to \$83.14. The mansion was purchased in June, 1899, by the state from D. E. Thompson, United States ambassador to Mexico, for \$20,000.

#### \$25,000 FIRE LOSS AT OMAHA

Printing Plants and Mitten Makers Are Largest Losses.

Omaha, Nov. 19.—A fire starting in the Pestner Printing company building, 1309 Howard street, resulted in a damage of about \$25,000.

The flames completely destroyed the stock of the W. R. Bramblett Engraving company, on the third floor; the Polkrok Publishing company, on the second floor; greatly damaged that of the Pestner Printing company, on the first floor and in the basement, and then spread into the building to the east, gutting the second and third floors, occupied by the Omaha Mitten company. The Waters Printing company was considerably damaged by water, and the Nebraska Tribune office and stock was partially damaged by fire and water.

#### H. V. Lane Gets Promotion.

Omaha, Nov. 19.—H. Vance Lane has resigned as vice president and general manager of the Nebraska Telephone company to assume the duties of president of the Rocky Mountain Bell Telephone company, with headquarters at Salt Lake, to which position he has been elected.
